Specialty Licence Plates Program Expansion

On this page:

- Engagement summary
- How your contribution makes a difference

OPEN

Take the survey

Survey is open until January 31, 2024

Overview

Who: The Ministry of Public Safety and Solicitor General, The Insurance Corporation of British Columbia (ICBC)

What: Expansion of the Specialty Plates program

Where: Province-wide

Why: To measure support among B.C. motorists for expansion to support non-profit and charitable organizations within the province.

How: Online

Category: Transportation

Engagement summary

The Province and ICBC are seeking your input and feedback for potential expansion of a specialty licence plate program for British Columbia.

Specialty plates are commonly issued in other jurisdictions as an alternative to a standard number plate. These specialty plates often use a graphic or image to represent an organization, cause, or sponsor. Currently, specialty licence plates in B.C. include the Veterans commemorative plate and three BC Parks plates.

The successful launch of the BC Parks specialty plates in 2017 shows that the people of British Columbia are interested in purchasing a unique and attractive licence plate design to display on their vehicle. The BC parks licence plate costs an initial fee of $50 and a recurring annual fee of $40. In comparison, a regular B.C. licence plate costs an initial fee of $18 with no annual renewal fees.

How your contribution makes a difference

The goal of an expanded specialty licence plate program in B.C. would be to raise funds and awareness for non-profit organizations and charities most important to B.C. motorists. Proceeds from specialty licence plate purchases would go toward the charity or non-profit sponsoring organization.

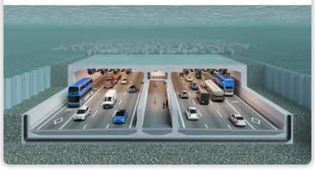

The information gathered throughout this questionnaire will inform the potential development of an expanded specialty license plate program.

Yes	No	No	Yes	No	No	No			
N/A	N/A	N/A	N/A	N/A	N/A	N/A		Other	Direct donations is preferable. The primary reason is a preference that donations be private, but this is poor framing of a survey question. There is donating in private or donating and being public about it and then there is advertising such activity on your vehicle 24/7 365. I don't want the recognition, backlash or anxiety associated with groups that may be political in nature. I don't want to deal with having/advertising such an affiliation on the road, nor do I want to deal with any inference that may be gleaned by my choice not to affiliate in this way. A private donation option I think would be sufficient for those genuinely interested in charitable endeavours, whereas a bumper sticker from the province, similar to the OK sticker for ZEVs would be sufficient for those looking to donate for the purposes of getting recognized in public.

To make my vehicle more distinctive/standout		If we were to expand the amount of photos available on plates, ie the BC parks plates, I as well as many people I know would like to see more from around the province. Currently all of the photos available at from the most southern areas of the province and it would be nice to see areas further north represented, Bijoux falls for instance. Or we could add more fauna from around the province, like the stellars Jay, the provincial bird.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V1J	415.3	24.2	38.98	331.13	20.99

		I have a valid B.C. driver's licence and an auto insurance policy under my name	V5n	51.42	12.38	8.03	12.3	18.71
To support an organization I care about	Since 2015 when the TRC report was released, as a country we have lagged behind the notion of Reconciliation. Only in 2021 when the first "215" were discovered in Kamloops, did Canada collectively have an awakening. In 2019 BC created DRIPA - recognizing the rights of Indigenous people and having these plates allows both Indigenous People and allies to show their support for Reconciliation.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V1B	2919.87	30.09	104.2	2757.43	28.15
Ability to choose a different plate from the standard design	Personal or vanity options for collector plates	I have a valid B.C. driver's licence and an auto insurance policy under my name	V3G	161.27	30.32	48.42	46.95	35.58
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V9b	66.03	8.35	29.77	9.06	18.85

	I find specialty license plates difficult to read because of the different designs and colours used. If a licence plate's primary purpose is to identify a vehicle, it should be as legible as possible using dark characters on a light background. If the primary purpose of a licence plate is to provide support for charities then it doesn't matter what colour it is	I have a valid B.C. driver's licence and an auto insurance policy under my name	V1Y	576.33	20.48	13.81	483.14	58.9

To support an organization I care about		Provinces elsewhere in Canada have established conservation plates, and the proceeds go towards their equivalent of BCWF or habitat trust fund. This would differ from BC Parks plates as it directly impacts and funds wildlife and habitat conservation. I believe this type of program would be just as successful in BC, as a majority of BC Parks plate owners I personally know selected that plate because of the environmental and habitat funding aspect... plus the cool bear. Conservation plates displaying other native fish and wildlife would appeal to a wide variety of people.	I have a valid B.C. driver's licence and an auto insurance policy under my name	v4t		230.94	10.51	26.27	179.71	14.45

To make my vehicle more distinctive/standout	I think if you focus more so on the design/artwork -- with the intent of making a really cool license plate, potentially collaborating with local artists (including Indigenous artists). Then it will be a success, and you can use the generated tax revenue towards grants to small businesses/non-profits/honoraria for artsits...etc. That's how this project should be framed, rather than using this initiative as a medium to form partnerships with non-profits. Make a cool product, gain widespread attention (as a result of making something apolitical, that is not directed towards a specific cause, or other ways of limiting the audience), universal adoption ensues, use generated tax revenue to provide better government services OR direct the funding towards a specific cause or something else politically motivated.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V8M	520.11	8.63	91.8	405.02	14.66

Ability to choose a different plate from the standard design		I think it would be great to have BC sports teams included. Especially if the money still went to charity. I spent time in Saskatchewan, and it was fun to see the local sports teams on licence plates.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2N	158.84	10.01	41.14	72.48	35.21
To support an organization I care about			I have a valid B.C. driver's licence but no auto insurance policy under my name	V1T	85.63	14.18	42.17	10.27	19.01
		They should be easy to read.	I have a valid B.C. driver's licence but no auto insurance policy under my name	v5z	69	8.86	14.95	33.32	11.87
		I thinkit is a great way to provide awareness and exposure for different interests and groups.	I have a valid B.C. driver's licence but no auto insurance policy under my name	V6h	107.38	13.01	13.03	62.99	18.35
Ability to choose a different plate from the standard design		This may not apply, however I'd very much like to see a Year of Manufacture program, where if a person has a pair of BC plates that are legible and match the year of a classic car's year of manufacture, they may use these plates. I'd also love to see a "retro" set of designs for a similar purpose. Both of these are offered in California for instance.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V6E	213.49	7.85	38.6	148.44	18.6
		I believe that this is a silly idea and will become a political fiasco. The original purpose behind licence plates was for vehicle registration. With different coloured plates and a variety of images it becomes more difficult to clearly identify licence plate numbers when reporting traffic violators. This is particularly true when I a citizen wants to call in a driver driving irresponsibly and I only have a few seconds to see and write down his or her vehicle licence. How does one decide which group should be identified on a licence plate? Look at the issues local governments are receiving when it comes to flying flags for various groups at city halls or declaring certain days on behalf of groups. Walk away from this issue. This is not something the provincial government or in particular ICBC should be supporting. Get back to the original purpose of licence plates. Whoever thought of this idea and of this survey get a whack on the side of their head. This idea opens a giant can of worms and for politicians and ICBC management much grief and wasted energy.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V4V	625.84	26.56	8.82	566.54	23.92
To support an organization I care about			I have a valid B.C. driver's licence and an auto insurance policy under my name	V5V	83.07	9.28	45.59	11.71	16.49
		I think it is more of a money grab for the BC gov. I don't want to pay more for anything related to my insurance, especially plates. If others want to waste their money, let them, but I'm not interested.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V1Y	164.64	12.79	14.1	104.56	33.19

Other	All of the above	It is great that BC offers 3 BC parks plates, but more diversity would be nice. Alberta does Edmonton Oilers and Calgary Flames plates - I feel like lots of people would purchase Vancouver Canucks plates if we got offered them, especially if it was in a cool or retro style. It would also be really unique to work with indigenous artists to create artwork in their traditional styles in celebration of BC - Wildlife, scenery, etc. but in the Traditional Indigenous art styles instead of photos. Uniquely shaped plates would be cool too (like the Yukon Bear plate)	I have a valid B.C. driver's licence and an auto insurance policy under my name	v1w		892.41	10.78	500.08	367.13	14.42

		So, it seems like you guy are trying to figure out. If there would be support for non-profit branded license plates. Why not just go the nascar route and open it up to effectively be sponsors to save a few bucks on insurance or let individuals be as creative as they want and make their own custom one....heck even just memes would be cool. This honestly feels like a waste of money to try an find out if the public is cool with a nonprofit being completely on brand for their company vehicle.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V9V	689	26.3	72.57	560.11	30.02

Ability to choose a different plate from the standard design		BC is years behind the times and other jurisdictions in this regard. We should be able to support a variety of causes and interests, not just charities. We should also be able to put vanity slogans on these new bases in addition to standard assigned alpha-numeric sequences. And we should be able to have up to 7 characters. Washington and Ontario do it. Automatic plate identifiers work with these formats just fine.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V3R	446.18	20.84	125.15	278.5	21.69

Ability to choose a different plate from the standard design			I have a valid B.C. driver's licence and an auto insurance policy under my name	V1Y	101.3	11.1	49.31	11.93	28.96	
Ability to choose a different plate from the standard design		License plate numbers/letters should be 'recycled', as in if a plate number like AAA 111 is already not being use, it should be put back to the market so good plates are not lost forever and one client use only. Many people like myself, prefer the older plates cause its all the LETTERS then the NUMBERS, compared to the current template where LETTERS and NUMBERS are MIXED together. It's very hard to remember your plates for parking/etc. For example, somebody might want JOE 232 if his name is Joe and what not but its not possible now cause all older plates are wasted/not re-used.	I have a valid B.C. driver's licence and an auto insurance policy under my name	v5a	355.74	10	86.86	243.05	15.83	
To support an organization I care about		Rules about specialty licence plates need to be further discussed.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V6Y	346.41	43.9	124.16	117.17	61.18

Ability to choose a different plate from the standard design	We have arguably the most beautiful province/state in North America and one of the most boring plates available. Be proud, promote our beauty!	I have a valid B.C. driver's licence and an auto insurance policy under my name	V5B	349.04	17.43	83.01	210.44	38.16
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V2A	91.93	14.51	17.86	26.04	33.52
	I support having a few options for specialty license plates, but the program cannot be expanded to each and every non-profit or charity. Care should also be considered for the to evaluate and compare selling performance between different groups. Limiting it to a few province-wide broad based programs is probably the best. For example, with parks funds can be shifted between reconciliation, redevelopment, expansion, education, etc.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V0R	304.04	12.47	20.78	243.3	27.49

To make my vehicle more distinctive/standout		I have a valid B.C. driver's licence and an auto insurance policy under my name	V2Y	137.35	14.29	63.75	31.82	27.49
	No. But I wish you'd go back to at fault. This new ICBC way of dealing with accidents is screwing everyone over, especially those completely not at fault.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V8N	80.56	11.71	10.24	43.05	15.56
	More selection would be nice and $30 renewal amount not $40/year	I have a valid B.C. driver's licence and an auto insurance policy under my name	V4T	326.56	35.31	52.58	180.22	58.45
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V0R	81.47	15.47	16.39	24.66	24.95
Ability to choose a different plate from the standard design	I think it would be a great thing to add. I'm from the US and I think just about all states do this. It's nice to be able to see a variety of plates on the road and to be able to support different charities.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V5R	212.18	21.02	90.76	67.47	32.93
	It all seems very good	I have a valid B.C. driver's licence and an auto insurance policy under my name	v36	229.29	48.82	6.38	22.64	151.45
Ability to choose a different plate from the standard design	I think it's a great idea, especially if there's a special design related to the charity/organization involved.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V9C	287.21	12.63	51.84	196.44	26.3
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V5R	60.33	11.37	10.47	23.16	15.33
		I have a valid B.C. driver's licence but no auto insurance policy under my name	V4T	73.08	13.33	14.75	19.59	25.41
Ability to choose a different plate from the standard design		I have a valid B.C. driver's licence and an auto insurance policy under my name	V3M	77.62	9.8	31.53	14.95	21.34
Ability to choose a different plate from the standard design	Vancouver Canuck logo with proceeds to Canuck Place hospice. No better charity.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V5S	214.43	29.34	44.74	115.36	24.99
	its a license plate, not a billboard. Groups/charities need to be kept off the plates, all for specialty plates for those that choose, but they need to be kept neutral from charity, businesses, and other groups. I'd also just like the ability (and fine with a cost) to have my current license sequence re-printed due to fading/de-lamination. Custom plates can be re-printed, standard sequence plates should too. Would extend the lifespan of the sequencing too.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V1S	261.69	16.45	22.49	206.64	16.11
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V1W	130.4	14.67	59.49	15.27	40.97
Ability to choose a different plate from the standard design		I have a valid B.C. driver's licence and an auto insurance policy under my name	V3G	154.85	9.89	91.39	27.85	25.72
To support an organization I care about	Make the plates with a reflective material that does not degrade within the first year please.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V1X	194.3	16.2	47.26	101.39	29.45
	I do not think we should introduce more plate designs that may make plate characters less legible.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V7E	74.86	14.84	11.53	35.16	13.33
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V7J	87.37	9.65	28.3	20.36	29.06
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V4n	139.12	32.02	15.65	69.23	22.22
To make my vehicle more distinctive/standout	A license plate to support the Canadian military	I have a valid B.C. driver's licence and an auto insurance policy under my name	V7j	119.71	15.34	50.05	40.1	14.22
	Seems like a nice way to raise money for charities.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V6K	78.37	8.29	12.52	34.89	22.67

	British Columbia licence plates are an important part of the British Columbia identity. BC Parks are also an important part of BC's identity making it a natural fit for a specialty licence plate program. Adding additional specialty license plate programs would diminish the success of the current programs and reduce the universal recognition of a BC license plate.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V1S	450.75	21.11	33.36	372.36	23.92

Ability to choose a different plate from the standard design	Would love to see some new designs on the road. Existing standard plate is getting old...	I have a valid B.C. driver's licence and an auto insurance policy under my name	v7r	110.51	8.52	23.89	66.82	11.28
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V4V	217.07	25.88	121.92	22.24	47.03
To support an organization I care about	Animal welfare organizations would be my top pick for organizations	I have a valid B.C. driver's licence and an auto insurance policy under my name	V3k	1082.56	5.89	1026.83	38.03	11.81
To make my vehicle more distinctive/standout	I think it's a great idea Alberta Manitoba have amazing specialty plates I love my bc parks it would be great to support and recognize other things like sport teams with a license plate and not a sticker!	I have a valid B.C. driver's licence and an auto insurance policy under my name	V4t	254.21	19.71	55.23	146.66	32.61
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V0E	159.54	20.29	26.7	31.63	80.92
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V1S	140.03	16.48	70.98	18.48	34.09
	Different plate designs also make it hard to identity which province the plates are from. This could be a potential problem say in a hit and run situation.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2W	276.64	26.21	21.66	180.4	48.37
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V2T	108.61	14.37	66.77	9.1	18.37
		I do not have a valid B.C. driver's licence or do not have an auto insurance policy	V2Y	71.32	10.84	12.32	18.25	29.91
	Use them to support things like parks that we all share and so will our kids. Parks, climate action, healthcare. If it's open to any charity, it will become political and dangerous in no time. For example, the Salvation Army has a history of anti-LGBTQ so I don't support them. Also, do we really want that kind of virtue signaling? No!	I have a valid B.C. driver's licence and an auto insurance policy under my name	V3Y	477.5	13.3	15.01	419.32	29.87
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	v2s	281.61	27.61	86.71	37.31	129.98
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V5H	159.74	15.71	110.32	13.74	19.97
	Non-profit and charity groups do not belong on licence plates. Licence plates are designed to identify vehicle ownership, not for advertising and soliciting donations.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V1W	387.94	14.15	17.57	303.38	52.84
To support an organization I care about	Love the idea of indigenous licence options !	I have a valid B.C. driver's licence and an auto insurance policy under my name	V9N	114.75	7.88	28.87	58.47	19.53
To make my vehicle more distinctive/standout		I have a valid B.C. driver's licence and an auto insurance policy under my name		95.44	18.29	40.23	22.57	14.35
Ability to choose a different plate from the standard design	The standard, non specialty BC plate needs a refresh / redesign too! A local/indigenous artist could be involved in the redesign. More standard and specialty plate options would be great (Alberta and Washington state are good examples of jurisdictions with many specialized and non-specialized plate options).	I have a valid B.C. driver's licence but no auto insurance policy under my name	V9B	4232.51	12.4	3870.15	326.97	22.99
To support an organization I care about	It would be less expensive if the province would go to a one plate (rear) system	I have a valid B.C. driver's licence and an auto insurance policy under my name	V0J	238.8	22.82	69.34	113.81	32.83
	Waste of time and money.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V8S	161.85	16.27	14.88	90.6	40.1
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V1Z	373	180.83	49.09	63.2	79.88
Ability to choose a different plate from the standard design	s. 22	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2v	209.44	17.82	68.41	92.61	30.6
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V1E	132.42	13.56	74.38	14.08	30.4

s. 22

To support an organization I care about			I do not have a valid B.C. driver's licence or do not have an auto insurance policy	V9N	96.04	10.19	46.27	10.37	29.21
Ability to choose a different plate from the standard design			I have a valid B.C. driver's licence and an auto insurance policy under my name	V1S	190.79	10.7	127.67	33.2	19.22
To support an organization I care about		Would be nice to have more options for plates	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2b	214.45	18.3	105.98	58.24	31.93
To support an organization I care about			I have a valid B.C. driver's licence and an auto insurance policy under my name	V0h	137.69	13.92	70.84	17.82	35.11
Ability to choose a different plate from the standard design		Vanity Plates - I believe these were introduced approx 40 years ago and have never changed. They are old and tired. In my opinion these need to be refreshed and expanded such as 7 number/letter choices from the current 6 plus tie them into pro sports teams and other organizations, introduce new colour/font options, retro plates (eg 1960's). There are other Canadian provinces plus many US states that offer these. I believe there would be a huge uptake in users along with increased revenues	I have a valid B.C. driver's licence and an auto insurance policy under my name	V4V	686.71	18.72	64.55	568.63	34.81
To support an organization I care about		I'm concerned that too many different designs will make it difficult for witnesses to identify the province/state of any vehicle that flees an accident scene.	I have a valid B.C. driver's licence and an auto insurance policy under my name	v0g	308.13	29.36	74.51	173.28	30.98
		See previous answer	I have a valid B.C. driver's licence and an auto insurance policy under my name	v5v	217.04	10.42	12.42	158.43	35.77
			I have a valid B.C. driver's licence and an auto insurance policy under my name	V1P	103.11	12	11.28	48.82	31.01
To support an organization I care about			I have a valid B.C. driver's licence and an auto insurance policy under my name	V8X	109.27	8.44	49.46	36.64	14.73
		I have concerns with the vetting process and the costs incurred with opening up the options to non profits.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V4n	118.62	12.42	15.34	75.01	15.85
		Good idea, nicer to look at	I have a valid B.C. driver's licence and an auto insurance policy under my name	V8L	73.49	7.97	10.97	33.57	20.98
To support an organization I care about			I have a valid B.C. driver's licence and an auto insurance policy under my name		97.91	12.58	56.92	10.38	18.03
			I have a valid B.C. driver's licence and an auto insurance policy under my name	V1t	119.6	9.11	32.09	60.84	17.56
To support an organization I care about			I have a valid B.C. driver's licence and an auto insurance policy under my name	V0J	148.73	25.47	66.11	25.38	31.77
To support an organization I care about		Nope. This is a pretty cool idea.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2A	130.49	9.41	49.45	53.89	17.74
To support an organization I care about		Make the prices $100+ for the professional sports teams other options for the fisheries and children less expensive.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V3b	628.5	11.65	456.94	135.85	24.06
Other	To support my pro sports team	Why would you not have pro sports teams. Every other province and most states allow for this. Come on get with the program!	I have a valid B.C. driver's licence and an auto insurance policy under my name	B2g	186.91	19.47	64.31	77.78	25.35
To support an organization I care about		Quality of the current plates is not great. Peeling is a huge problem and I suspect that specialty plates would likely not be replaceable. This problem needs to be resolved. Their is a risk of watering down the identifiable nature of the plate if there are too many different designs available. This should be carefully considered before implementing a new design.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V1V	239.32	17.36	52	141.75	28.21
Ability to choose a different plate from the standard design			I have a valid B.C. driver's licence and an auto insurance policy under my name	V2s	150.96	28.51	65.11	26.27	31.07
		Government revenue should be spent on GOVERNMENT PROGRAMS	I have a valid B.C. driver's licence and an auto insurance policy under my name	V5r	161.68	13.44	20.33	105.24	22.67
To support an organization I care about			I have a valid B.C. driver's licence and an auto insurance policy under my name	V2Y	122.82	5.36	84.74	12.79	19.93

s. 22

Ability to choose a different plate from the standard design	Not focused on charities. Many jurisdictions have plates specifically for EV's. All we have is a chintzy sticker that allows to have only the driver in an HOV lane. There are very few HOV lanes in the province. The worst, most useless one is in Kelowna.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V1Y	382.66	20.94	52.59	259.47	49.66

	I ammore than agreeable to specialty plate fees that go toward provincial parks, medical, etc but not to non-profit or charity organizations. These plates and fees should benefit all, not a few.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V4N	153.72	7.01	25.7	101.45	19.56
		I have a valid B.C. driver's licence and an auto insurance policy under my name	v5H	100.92	12.87	14.25	30.84	42.96
To support an organization I care about	BC should have an option for a Canucks-themed plate	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2M	118.93	9.15	38.39	47.8	23.59
	some of the plate get hard to read. Plates are pretty small when driving. Even my dashcam can't see them that well depending on distance. Different backgrounds and colours can negate the whole purpose of a plate -- identification. It feels like a money grab to offer all kinds of specialty plates. It's a bit ironic that they are referred to as 'vanity' plates. I think it would better for society to reduce its vanity, not promote it. Social media has already doing enough damage to society in that regard.	I have a valid B.C. driver's licence and an auto insurance policy under my name	v4n	265.41	12.29	9.11	223.7	20.31
To support an organization I care about	It's a very easy way for someone to support a cause they believe in, and also allows someone to physically show that they support it in a non invasive way - which people enjoy.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V8N	310.38	11.46	147.23	131.73	19.96
	I prefer to support my charity of choice through direct donations.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V8T	365.57	58.53	104.27	154.44	48.33
To support an organization I care about	If ICBC can expand the plate system to 7 characters or 8 characters it will more functional then random mix number/letter with 6 characters	I have a valid B.C. driver's licence and an auto insurance policy under my name	V6y	182.27	19.4	60.65	81.51	20.71

	I am concerned of the slippery slope of licence plates being divisive. Veterans, parks, HAM radio operators..no problem. However if the cancer society (which we all support) receives funding, then other charities will ask as well. Will religious organizations have standing to apply? If not, why? Will political/social movements have standing? Abortion issues, racial advocacy, political parties and platform matters...the list is not exhaustive. Without prejudice, I believe the decision has already been made to move forward with this initiative. This survey only serves as public consultation as a CYA. Yes the Canucks plate today...careful of tomorrow.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V1E	1393.86	11.1	47.38	1294.9	40.48	
	Keep it simple and easy to read. Adding more plates adds frustration and possibility of an issue down the line should these charitable organizations run into legal or ethical issues.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V3r	219.01	9.17	21.56	169.92	18.36	
Ability to choose a different plate from the standard design		I have a valid B.C. driver's licence and an auto insurance policy under my name	V0E	107.67	17.1	36.11	17.87	36.59	
	I believe it deters public safety, law enforcement, and provincial image to have multiple forms of licence plate in a province	I have a valid B.C. driver's licence and an auto insurance policy under my name	V0H	224.74	31.53	16.83	142.88	33.5	
Other	Emergency Scenario A Handicap Plate could help emergency services with identifying people with special need in an Emergency scenario and eliminate the specialty windshield tag.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V1T	300.23	22.38	89.51	149.84	38.5	
To support an organization I care about	It is time to refresh/redesign the current, very dull, personal slogan plates.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V3K	201.57	19.22	60.73	86.15	35.47	
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V1y	194.81	45.39	38.62	53.71	57.09

	It would be cool to be able to get custom slogan on the traditional backing, not the green jagged top design only.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V6T	144.29	20.09	16.39	79.02	28.79
To make my vehicle more distinctive/standout	I would be willing to pay extra for a new distinctive looking plate. I don't particularly care if it benefits a charity or not but if it's a nice plate I'd be interested.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V3S	209.9	15.29	88.67	80.83	25.11
Ability to choose a different plate from the standard design		I have a valid B.C. driver's licence and an auto insurance policy under my name	V0K	122.79	14.58	71.46	15.45	21.3
		I have a valid B.C. driver's licence and an auto insurance policy under my name	v9c	77.12	16.78	16.15	24.73	19.46
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V0e	152.9	15.46	72.36	31.37	33.71
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V0R	116.03	23.77	43.44	25.78	23.04
		I have a valid B.C. driver's licence and an auto insurance policy under my name		63.64	13.3	17.61	16.18	16.55
	The cost of the specialty plates should be less so that it is affordable for all.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V0H	217.86	26.49	49.28	110.42	31.67
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V1W	101.91	10.84	49.75	11.87	29.45
To support an organization I care about		I have a valid B.C. driver's licence but no auto insurance policy under my name	V1V	168.26	12.87	83.7	17.72	53.97
	Would prefer they support more local parks and outdoor spaces which are diminishing as density increases - why not have specialty plates for specific cities that are used to improve areas. Would be interested in those.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V3E	253.51	13.88	19.68	197.64	22.31
Ability to choose a different plate from the standard design	Choosing a charity is a dangerous road. Parks makes sense, random Indigenous feel-good does not.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2J	171.55	10.47	41.58	96.93	22.57
To support an organization I care about	I feel it's important to support a charity and would look at as another way to give a donation to a cause without having to remember to. I currently have the parks plate and love supporting BC Parks.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2x	288.42	7.99	135.41	122.44	22.58
To make my vehicle more distinctive/standout	I think license plates are a great way to support and spread awareness to the organization/charity, all while doing it in style!	I have a valid B.C. driver's licence and an auto insurance policy under my name	V1W	404.82	17.4	143.09	183.47	60.86
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V8L	128.96	19.19	44.84	18.18	46.75
Ability to choose a different plate from the standard design	Let's do away with front plates entirely. It reduces the production cost, you could keep the price the same, doubling profit. We already have vehicles on the road without them, motorbikes and snowplows, plus the multitude of Alberta cars.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V1E	247.52	29.11	69.38	129.57	19.46
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V9L	123.2	18.83	39	28.76	36.61
	Your ceos deserve to be dragged through the street and hung. Useless waste of time. The system is broken, the government is complicit, and ICBS is wasting anyone's time with this crap is reprehensible.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V9N	226.91	10.31	11.69	187.84	17.07
To make my vehicle more distinctive/standout		I have a valid B.C. driver's licence and an auto insurance policy under my name		117.57	22.56	65.85	15.24	13.92
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V2j	94.62	15.67	21.16	23.79	34

s. 22

To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V2B	110.7	11.74	59.83	13.43	25.7	
Ability to choose a different plate from the standard design		I have a valid B.C. driver's licence and an auto insurance policy under my name	V9e	73.35	6.51	41.51	8.93	16.4	
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V2Y	189.92	97.32	44.66	26.9	21.04	
	I already have a personalized plate that was bought for me over 40 years ago. I understand the extra cost up front but totally disagree with extra yearly costs.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V1Y	205.06	15.95	14.09	130	45.02	
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V0r	70.39	9.74	12.52	22.92	25.21	
	I support specialized license plates for programs such as B.C. parks, veterans and won't mind expanding to further eg.: firefighters or coastal ecology and such but I personally think by allowing across the board charities will dilute this programs' cause and purpose	I have a valid B.C. driver's licence and an auto insurance policy under my name	V4a	378.45	19.56	46.74	272.24	39.91	
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V1b	101.38	9.36	56.18	13.02	22.82	
		I have a valid B.C. driver's licence but no auto insurance policy under my name	V2N	71.01	8.94	19.62	21.92	20.53	
	Icbc Is a fucking scam.	I have a valid B.C. driver's licence and an auto insurance policy under my name	123	107.68	13.71	10.3	64.13	19.54	
		I have a valid B.C. driver's licence and an auto insurance policy under my name	v2c	71.59	8.1	21.07	17.99	24.43	
	I do not believe that another BC licence plate is necessary at all.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V3A	322.93	30.35	30.71	149.4	112.47	
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	v6b	149.84	24.73	64.39	20.23	40.49	
	We already pay ICBC far too much for very little in return. Any cost increase due to a specially licence plate should be offset by a corresponding decrease in money paid to ICBC.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V8Z	225.93	14.75	23.79	152.4	34.99	
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V1W	106.77	15.26	25.5	26.64	39.37	
Ability to choose a different plate from the standard design		I have a valid B.C. driver's licence and an auto insurance policy under my name	V4T	159.06	20.43	76.85	22.22	39.56	
Ability to choose a different plate from the standard design	I do not support ongoing donations for speciality plates. One time only or no go	I have a valid B.C. driver's licence and an auto insurance policy under my name	v1j	262.85	25.48	72.58	109.99	54.8	
	If options continue to increase to include some of these smaller organizations it will lead to confusion around what BC licence plates actually look like when there would be so many different ones for all of these different organizations on top of the ones that already exist. Given today's ever increasingly political and polarizing environment this could lead to further direct targeting, harassment etc and become a safety concern as well. And where would the limit be? Not all organizations would want one, but surely not all those that do would be able to get one so making those decisions would lead to further issues for ICBC when it comes to public perception, ie: "They support this organization but not this one" type of arguments. It just seems like a slippery slope and something that could lead to public confusion on the streets, especially around accidents or police involvement people may truly have issues identifying even more licence plate designs than we already currently have. Often people prefer to make their donations to any of these organizations in a more private and personal manner vs say BC Parks.	I have a valid B.C. driver's licence and an auto insurance policy under my name	v6r	853.05	28.59	49.83	747.35	27.28	
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V2S	64.75	7.36	33.02	6.43	17.94	
	All the money probably doesn't go to the charity and some goes to ICBC. It's best to donate direct and get a charity receipt.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V8z	119.66	12.41	9.36	80.32	17.57

To support an organization I care about		I have a valid B.C. driver's licence but no auto insurance policy under my name	V5R	107.2	11.74	48.48	16.84	30.14
To support an organization I care about		I have a valid B.C. driver's licence but no auto insurance policy under my name	V1v	105.76	17.09	56.49	11	21.18
Ability to choose a different plate from the standard design		I have a valid B.C. driver's licence and an auto insurance policy under my name	V1W	159.56	18.22	74.59	28.53	38.22
Ability to choose a different plate from the standard design	An additional letter or number should be made available. moving from 7 to 8 digits would open many opportunities and raise more funds for charities, etc. Loosen up a little on content, be a little less restrictive on allowable plates. Some of the plates disallowed seam to be a bit over analyzed, relax a little. s. 22 I should be able to buy insurance for the most costly vehicle and have more than one vehicle and plate attached to that insurance. Insurance should be attached to the driver, not the vehicle. s. 22 and therefore get over charged when all things are considered. For this reason I never buy the optional coverage. The math per mile makes no sense.	I have a valid B.C. driver's licence and an auto insurance policy under my name		998.92	34.97	56.04	876.02	31.89
	would like to see more parks options, maybe salmon, fish.	I have a valid B.C. driver's licence and an auto insurance policy under my name	v3y	145.71	11.71	20.65	91.88	21.47
To make my vehicle more distinctive/standout	Inflation is tough. Annual fees must be kept reasonable or people will not participate in the program. People can always donate directly to a cause so this should not be a major fundraiser.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V0R	234.72	15.69	80.28	116.78	21.97
	I'd be willing to pay a one time fee above the cost of a standard plate, but it seems like an excessive amount extra to pay every year for renewal. In fact, I resent having to pay a plate fee every time I renew. Lets have a one time purchase of whatever plates you like and you own them until replaced or returned, and then a new purchase would be required. Or make a standard plate nicer, you know, like a parks plate. Nothing says the standard BC plate has to be so bland, except for future sales of "specialty" plates.	I have a valid B.C. driver's licence and an auto insurance policy under my name	v2k	1012.73	18.08	46.2	913.22	35.23
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V1X	62.84	9.34	22.61	10.22	20.67
Ability to choose a different plate from the standard design	Why should icbc money go to charities?	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2V	120.95	11.23	29.47	53.44	26.81
			V0R	56.99	12.23	9.33	3.46	31.97
To support an organization I care about	I believe that we should have the option of having no front plate or European shaped plates or the ability to have a plate on a sticker that can be adhered to the vehicle such that the cars body design doesn't have to be affected by a mandatory plate bracket	I have a valid B.C. driver's licence and an auto insurance policy under my name	V7M	446.45	25.06	182.77	204.56	34.06
Ability to choose a different plate from the standard design	No	I have a valid B.C. driver's licence and an auto insurance policy under my name	V4V	369.13	22.22	269.73	37.35	39.83

Ability to choose a different plate from the standard design	Get rid of the front plates , they are useless	I have a valid B.C. driver's licence and an auto insurance policy under my name	B4A	107.24	21.8	40.8	26.22	18.42

		ICBC should be cutting costs, not bringing on new work to fund special interest groups	I have a valid B.C. driver's licence and an auto insurance policy under my name	V0H	140.12	11.27	14.86	86.93	27.06
			I have a valid B.C. driver's licence and an auto insurance policy under my name	V1C	66.36	9.57	16.52	24.45	15.82
		It should be a one time fee and not an annual fee.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V5a	82.49	12.26	15.66	33.51	21.06
		I think it's a huge waste of time. I.C.B.C. need to focus on insurance, not frills with setting up new license plate templates.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V5Y	409.68	15.47	9.77	342.99	41.45
		There should be no recurring fees for specialty license. Donations are one-time gesture and kept at the time of registration. By forcing a recurring charge you break that concept. Plus, there should be absolutely no recurring charge for any license plate since the plate do no change, this another money grab from ICBC.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V4R	309.33	9.82	13.83	259.16	26.52
		I would love a BCSPCA licence plate.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V3B	168.34	16.28	57.16	62.87	32.03
To support an organization I care about		This is an awesome idea!	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2B	134.82	34.97	57.81	25.11	16.93
To make my vehicle more distinctive/standout		Anything that brings more attention to the rear of a motorcycle is a good thing.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V9B	420.66	36.38	213.91	131.44	38.93
To support an organization I care about			I have a valid B.C. driver's licence and an auto insurance policy under my name	v2e	193.73	29.53	97.03	33.25	33.92
		There are enough different license plates. Spend money in other more constructive areas. Getting drunk drivers off the road year round, working with new to Canada residents on road safety, and educating children on road safety.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2B	215.73	9.67	30.51	157.35	18.2
Other	To support. Community organizations		I have a valid B.C. driver's licence and an auto insurance policy under my name	V4T	222.6	17.75	116.75	54.73	33.37
			I have a valid B.C. driver's licence and an auto insurance policy under my name	V2A	109.35	14.08	16.29	28.7	50.28
To support an organization I care about			I have a valid B.C. driver's licence and an auto insurance policy under my name	V1T	173.13	19.06	91.59	20.87	41.61
			I have a valid B.C. driver's licence and an auto insurance policy under my name	V2A	103.8	24.98	14.41	20	44.41

		I really believe that it needs to be cash flow positive for ICBC as a means to reduce rates while benefiting the sponsor organization (BC Parks, charities, etc.). This type of program has potential to substantially increase logistic (plate inventory at London Drugs or your local insurance agent??) and bureaucratic costs so it should be fully funded by fees associated with the plates.s. 22 f the Collector/Vintage car program as it brings out the best in automotive history/art and keeps insurance fees reasonably accessible for those that want to enjoy and share their passion.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V7L	520.49	15.6	25.59	463.86	15.44

s. 22

To support an organization I care about	I thought of the idea of supporting a non-profit cycling association like the Squamish Off-Road Cycling Association (SORCA) as they have a large following of suportive members always looking for ways to give back. The group maintains over 200kms of multi-purpose trails that are an economic driver in The Sea-to-Sky region, but it can be hard to get some forms of government financial support since the recreational asset (the trails) is on Government Land and not owned by the Association. A recreational facility like an arena is an asset that is locally owned by the municipality which makes it easier to get drafts and financial support but the cycling associations across the province are not able to tap into this type of support since most trails are on a combination of locally owned or government lands. SORCA is a large enough cycling Association that could be developed as a model for other regions to use as a way to further promote travel and tourism to other recreational and cycling spots throughout the province and further supported by having the ability for people to buy smaller sized (off-spec) commemorative BC License Plates for that particular region or Association that they are visiting. These replica license plates could be sold at the regional tourism centre to further help promote the uniqueness of each area.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V9N	1267.27	13.51	486.91	740.25	26.6
Ability to choose a different plate from the standard design		I have a valid B.C. driver's licence and an auto insurance policy under my name	V3V	74.2	12.88	30.47	10.89	19.96

Ability to choose a different plate from the standard design	We need smaller specialty front plates. The width is okay, I think it's 12 inches but the height should be less. Remove the lower bolt holes and just keep the upper holes. At least for collector plates but really anyone should be able to order them. The lower border should just clear the letters and numbers. I think you would have the biggest impact doing that. The letters and numbers are still the same size then so no big problem. Make people happy!	I have a valid B.C. driver's licence and an auto insurance policy under my name	V5S	368.87	13.45	37.72	292.88	24.82

Other	for disabled parking, there is too much abuse of the existing hang tags.	BC should adopt a plate that identifies disabled people rather than the existing system of hang tags that are massively abused by people using expired, fake or borrowed tags. A dedicated plate would eliminate this abuse and keep disabled parking spots open for the people who need them. Many US states already have this in place. 	Do NOT do it. Do not use your good reputation, nor taxpayer staff& resources to beg on behalf on private & religious charities, many of which are profit engines for hypocrits and bigots. Charities should never be endorsed by the government. Alsi, many such designs make it harder for police & witnesses to read. Keep things simple for safety and equality by just sticking with the 3 or so you currently have. Do not add any more!	I have a valid B.C. driver's licence and an auto insurance policy under my name	V1w	756.47	17.38	18.36	645.45	75.28

	I believe an increase to one time fees would cause a number of individuals to opt out of specialty plates. An increase in the yearly fee would be better, as clients would be more inclined to pay for it over time, much like an increase to coverage. That said, the idea of this program is sound and one I personally think is a good prospect.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2N		3893.73	5.19	24.56	3824.74	39.24

To support an organization I care about	Make it available for commercial vehicles. s. 22 hey are insured for too much weight to qualify for the nice plates Perhaps a different parks plate just for light duty trucks?	I have a valid B.C. driver's licence and an auto insurance policy under my name	v2w		198.13	13.7	30.08	141.28	13.07
Ability to choose a different plate from the standard design	s. 22 Also would be great if the specialty plate could be personalized. Personalization should run to 7 characters like in other jurisdictions in and out of Canada.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2N		172.92	8.9	56.18	87.52	20.32
	Approve the use of year of manufacturer plates!	I have a valid B.C. driver's licence and an auto insurance policy under my name	V3a		145.71	12.28	32.72	79.41	21.3
	I have nothing against specialty licence plates but my main interest in this survey is to suggest the elimination of the front licence plate. Several provinces have now eliminated the front plate requirement and most of today's modern vehicles do not have a provision for them. To install a front plate requires an unattractive holding bracket be installed. Please do away with the front plate requirement. 			I have a valid B.C. driver's licence and an auto insurance policy under my name	V0m		139.09	17.93	48.3	19.61	53.25

Ability to choose a different plate from the standard design		As British Columbia issued new and distinctive annual license plates between 1913 & 1969, I think the option of using an original B.C. license plate that matches the the vehicle year should be an option for vehicles that qualify for collector or vintage plates. According to current ICBC Vehicle Population Data, there are approximately 20,000 1913-1969 vehicles in BC, so the pool of prospective applicants would be only a small portion of the total vehicle population in BC. s. 22 I know many owners who have matching model year plates that would love to be able to display them and have them recognized as legitimate license plates to be used again.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V9A		2202.19	17.24	114.5	2027.71	42.74
Ability to choose a different plate from the standard design		Bc should be embarrassed it still doesn't have specialty plates. ICBC's arrogance in not doing this a decade ago is unforgivable. Who cares if ICBC is in favor or not, the people of BC have been asking and you need to deliver. You work for the drivers of BC. Don't ever forget that	I have a valid B.C. driver's licence and an auto insurance policy under my name	V6p		288.82	19.23	64.41	168.49	36.69
To make my vehicle more distinctive/standout			I have a valid B.C. driver's licence and an auto insurance policy under my name			125.19	12.99	66.77	28.47	16.96
To make my vehicle more distinctive/standout		Instead of only allowing 6 characters on a plate, allow 7 like Alberta does. It would open up a lot more people wanting personal plates. I myself have a 7 letter plate in mind that I would purchase.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V1X		330.9	24.36	77.16	178	51.38

Ability to choose a different plate from the standard design		Stay away from polarizing topics	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2y	158.42	18.39	67.12	43.83	29.08
		I support non-partisan endeavors like the commemorative Olympic plate and BC parks plate. The veteran plate is a way to give thanks to all those that have served so that we can enjoy living in the society we experience today. Perhaps this new endeavour will succeed, I ask only that we be mindful not to politicise the registration process of our vehicles. Road rage is a thing, drivers in BC can be amongst our nation's worst. Let's be cautious about anything we do that may add fuel to our already volatile roads.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V7W	812.75	17.25	24.82	731.11	39.57
Ability to choose a different plate from the standard design			I have a valid B.C. driver's licence and an auto insurance policy under my name	V6X	71.45	11.16	33.34	10.32	16.63
Other	Support the bc lions	Bc lions or Canucks plates	I have a valid B.C. driver's licence and an auto insurance policy under my name	V3m	107.19	19.05	27.33	36.94	23.87
		I think it's a huge revenue opportunity for the province and ICBC, just look at custom plates in other sectors of the world as examples.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V5s	113.43	10.31	13.3	64.5	25.32
			I have a valid B.C. driver's licence and an auto insurance policy under my name	V4A	60.83	11.93	15.06	13.67	20.17
Ability to choose a different plate from the standard design			I have a valid B.C. driver's licence and an auto insurance policy under my name	V3S	96.42	13.99	43.15	15.88	23.4

To make my vehicle more distinctive/standout	BC should make European sized plates available at as a custom plate option. Many European cars are sized to accommodate wider and shorter plates and look off without them. I'm pretty sure these would be a popular option for people who have these kind of cars. I've seen several people make fake European plates to match their bc ones. Also a legitimate vinyl sticker option would be great. People have also make replica stickers of their license plates for vehicles which come without front plate mounts or have heavily sculpted front ends.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V5v	412.08	12.73	82.89	294.47	21.99
To make my vehicle more distinctive/standout	I want choices. Currently the program is up to R and that's it. I'd like a plate that is me.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V6X	183.72	34.99	46.51	71.26	30.96

		Firstly we do not need front license plates it's ridiculous that we're one of the only provinces that require it. We don't need a new license plate program to generate more useless revenue or ICBC. We need to be able to stop waste and be able to just use the one license plate we have. Why do we need to change plates so often, when you lease, ourchase5or put a plate on hold, etc……? We should be able to reuse the existing one.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V6A	s. 22	264.23	20.9	25.53	178.68	39.12

s. 22

	I would prefer that any funding raised through these plates be used to improve existing government programs that could use extra funding that are relevant to the current needs of British Columbians. Housing and food security are two prominent issues that residents are facing right now. If the specialty plates funded BC Housing corporation or the province established it's own food bank or snap card system similar to the US, I would be extremely happy to participate in having a specialty plate on my vehicle. For example, if the funding were to be donated to the salvation army food banks, I would decline to have a specialty plate because I don't feel it's appropriate for a government agency to be donating money to religious charity groups with a long history of discrimination. It's too difficult to vet and approve not-for-profit groups that would receive this money if the plates will specifically donate to the group based on which plate you opt to have, so the simplest solution is to keep it internal to the government's existing not-for-profit organizations or create new ones that will relieve pressure on existing services provided by the private sector that really should be the government's responsibility anyway.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V1T	655.36	11.53	14.09	596.71	33.03
	Insurance is already too much. Specialty plates should go to those with a safe driving record - not as an extra cost but as an incentive to others.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V	332.25	18.68	30.05	227.83	55.69
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V8L	122.48	21.36	22.09	52.45	26.58

		s. 22 I love having something different. When I drive across the line into Washington/Seattle area you see a variety of different plates, from schools, sports, and customized colors, similar in California as well. It would be great to see more customization when it comes to the custom worded plates with background options, having something for UBC as our flagship University in BC, and definitely seeing an option for the Canucks like seen just across the border with their sporting plates.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V3Z	366.83	9.23	27.08	307.52	23
To support an organization I care about		License plates are official provincial issues. They should no turn into billboards. Keep them official.	I have a valid B.C. driver's licence but no auto insurance policy under my name	V2s	292.9	24.95	80.62	140.5	46.83

s. 22

		These programs always start with the best of intentions, but almost guaranteed to turn into a controversy. The history of license plates being government property versus freedom of speech is an interesting one, but ultimately one ICBC should probably avoid. The last thing ICBC needs is to turn down groups who want pro-abortion or pro-life license plates, or charities with a history of discriminating against transgender and gay people like the salvation army, and then deal with the ensuing public relations nightmare.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V5t		305.69	7.67	9.24	277.69	11.09

Ability to choose a different plate from the standard design		I have a valid B.C. driver's licence and an auto insurance policy under my name	V2A	132.93	39.78	48.01	14.3	30.84
To make my vehicle more distinctive/standout		I have a valid B.C. driver's licence and an auto insurance policy under my name	V0E	147.48	13.02	89.05	18.66	26.75
To support an organization I care about	Not that this time	I have a valid B.C. driver's licence and an auto insurance policy under my name	V1C	346.94	30.94	121.43	117.66	76.91
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V7Z	77.53	14.13	23.85	14.2	25.35
	Get rid of the front licence plate altogether. Start cutting spending!	I have a valid B.C. driver's licence and an auto insurance policy under my name	V0B	189.09	28.83	22.62	90.05	47.59
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V5n	114.73	31.51	20.4	30.7	32.12
	The specialty license plates fee should go to reducing insurance rates for good drivers	I have a valid B.C. driver's licence and an auto insurance policy under my name	V0J	156.57	21.51	34	78.98	22.08
		I have a valid B.C. driver's licence but no auto insurance policy under my name	V7M	60.69	9.16	12.26	15.77	23.5
To support an organization I care about	The lettering on the licence plates needs to be a distinct and contrasting colour with the background on the plate. For example the BC Parks plates or the 2010 Olympic plates with the dark lettering are nearly unreadable. Future iterations of custom plates should have a distinct lighter or darker colour to make the lettering obvious in relation to the background image.	I have a valid B.C. driver's licence and an auto insurance policy under my name	v1z	876.69	14.75	666.92	175.99	19.03
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V4N	84.29	12.92	46.69	10.2	14.48
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V1y	74.6	17.35	17.69	20.43	19.13
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V8Z	75.68	17.32	31.13	9.35	17.88
		I have a valid B.C. driver's licence but no auto insurance policy under my name		53.74	15.24	13.59	8.29	16.62
		I have a valid B.C. driver's licence and an auto insurance policy under my name	v6y	86.3	18.49	15.82	20.42	31.57
		I have a valid B.C. driver's licence and an auto insurance policy under my name		95.81	11.8	30.89	29.45	23.67
Ability to choose a different plate from the standard design	I think that any specialty plates should be supporting BC specific initiatives. To me, medical charities and sports are more of a nationwide thing, not BC specific	I have a valid B.C. driver's licence and an auto insurance policy under my name	V3S	153.33	13.3	39.45	82.24	18.34
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V2v	226.48	15.14	151.09	38.93	21.32
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V2b	70.74	13.98	16.8	20.89	19.07
	The standard license plate should be more special, look at North West territories license plate, it's amazing. Imagine something like that being the standard for BC. BC is known for its mountains and water so imagine a water/mountain shaped license plate being the standard.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V7C	221.63	10	41.96	147.05	22.62
	We need a canucks plate like other provinces do for their respective teams	I have a valid B.C. driver's licence and an auto insurance policy under my name	V6s	86.73	12.99	11.53	44.13	18.08
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V7r	116.03	11.9	24.74	48.24	31.15
		I have a valid B.C. driver's licence but no auto insurance policy under my name	V3S	69.93	13.08	12.96	17.1	26.79

	The BC parks license plates are terrific. To have charity-related license plates could be viewed as a conflict of interest or, could be be viewed that the province supports one charity over another. BC license plates should recognize and celebrate BC's history, attractions and landmarks. For example, it could prove to be well received to have license plates celebrating: First Nations art, uniqueness of small towns, sea to sky highway, the Okanagan, the surf in Tofino, the magnificent killer whales (Orcas), the archipelago of Haida Gwaii and so on. Unfortunately, the view of charities is one associated with social/global/local/regional issues that need help - to me, this is negative (although something positive is being accomplished, this is usually No. 2 on the list). License plates should be positive and make people think, oh ya, this is why BC is one of the best provinces in Canada. Thank you for considering. Ability to choose a different plate from the standard design		I like the idea of specialty plates, but I'm concerned about there being too many varieties. Firstly it would look tacky, and secondly it can be confusing in certain situations (ie if you are trying to record a plate for reasons such as reporting to the police, many people may be unaware that it is a BC plate if there are too many out there). I think there should only be a few options to choose from. And this is the problem then, if one charity is allowed, how will it be decided who gets it. If it's open to all charities, that's just too many.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2y	221	12.2	31.11	157.94	19.75

To support an organization I care about	Museums in BC are struggling from a lack of funding. They are simultaneously trying to support growing local audiences who deeply understand the value they bring to their everyday lives, who are also struggling during ongoing cost of living crises. More government support is needed; more support in any way is needed. A license plate program for museums has worked in California to create a grant for museums in the state; this could be a lifeline for museums here. It's another way for people to show visible support, and directly fund museums without an additional burden on the provincial budget. Museums and heritage organizations are often left out of wider arts and culture funding--having a specifically museum-focused plate is truly necessary, to ensure that museums specifically can be highlighted. This is true for more organizations than just museums. Having options as to which design supports which initiative gives the public choice, and will help so many people. I love the idea of Indigenous-designed plates that support a fund for Indigenous artists or organizations, and a plate that supports CAF charities.	I have a valid B.C. driver's licence but no auto insurance policy under my name	V8W	760.68	59.92	55.76	628.67	16.33

	I think that the BC Government needs to think very carefully about this. The government itself will be ultimately linked with any charity / organization that is displayed on a car number plate and it should be extremely important that all charities are vetted thoroughly to ensure that this is an appropriate link / that their aims do not promote a stance that is incompatible with the government. It is basically free advertising so I presume that only the bigger charities can afford to do something like this and the smaller ones will struggle, so there is also the question of fairness. The BC Parks plates make sense because it is an arm of the BC government, but I am not sure that charities represent the same.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V6K	2648.94	6.56	11.67	2617.16	13.55	
To support an organization I care about	Non-profit charitable organizations are always in need of funding and it is becoming more difficult to raise money in these trying times. I think the idea of a specialty license plate to highlight the arts & culture sector (museums) of our province is a wonderful opportunity for organizations to generate a few dollars. 		I have a valid B.C. driver's licence and an auto insurance policy under my name		148.97	32.78	62.41	33.3	20.48
	Would be good to have information on what the cost of making multiple charity plates vs the funds they would realize for several different charities, and where do you draw the line on which charities to include??	I have a valid B.C. driver's licence and an auto insurance policy under my name	V9R	262.38	15.05	28.18	185.39	33.76
	I think having 5 specialty plates is plenty. BC plates should be somewhat consistent and recognizable, and having dozens of options would make that challenging. There are many other ways for charities to raise money.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2V	216.35	19.49	15.66	162.65	18.55
To make my vehicle more distinctive/standout				77.28	9.75	41.67	15.98	9.88
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V9P	107.78	12.08	18.37	30.39	46.94
	I think it is a fabulous way to support the non profit/charitable sector, particularly arts and culture (museums, archives, galleries) as people get the vanity item they want and an underfunded sector reaps some financial benefit - a win win.	I have a valid B.C. driver's licence and an auto insurance policy under my name	v3e	193.21	12.03	13.95	141.79	25.44

	It would be great if ICBC could set up a way to assign pre-1970 yearly issue BC license plates to classic cars of the same vintage like many US states now do. Since those plates use an all number format mainly consisting of the 123-456 system, there wouldn't be any overlap of the 1986 and newer BC plates that use various combinations of letters and numbers. s. 22	I have a valid B.C. driver's licence and an auto insurance policy under my name	V9A	931.8	31.3	14.59	855.47	30.44

	I think the special license plates should hold indigenous art and representation. They are the stewards of this land, and they also struggle to be recognized. There's a lot we need to do for our inidigineous population and to consult elders and communities about representation of them on license plates might be a good idea. Or even including indigenous artwork that is approved. I would be more inclined to have a special license plate if nature and indigenous peoples were recognized	I have a valid B.C. driver's licence but no auto insurance policy under my name	V2P	271.39	14.75	31.54	201.29	23.81

	You are all crooks do your job and reduce the rates..... specialty license plates..... if someone never had an accident in 10 20 30 years what do you think the risk is they will be in an accident the next year..... DO your JOB!!!!!!!! And use you common SENSE!!!!!!! Stop being crooks and reduce the rates of good drivers it's the least you can do collectively no accident pay less why is that so difficult??????????????????????????????????? Do the right thing for once ASAP risk factors and garbage ideas just use common sense	I have a valid B.C. driver's licence and an auto insurance policy under my name	GfY	239.28	14.8	16.08	185.01	23.39
	BC plates need to stay recognizable and distinct as the province and others across Canada introduce more versions. I also wish that the current standard plate is redesigned following the removal of the yearly insurance decal.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V4L	187.86	22.18	21.92	126.05	17.71

Ability to choose a different plate from the standard design		I have a valid B.C. driver's licence and an auto insurance policy under my name	V8l	147.19	12.86	63.22	45.98	25.13	
Ability to choose a different plate from the standard design		I have a valid B.C. driver's licence and an auto insurance policy under my name	V2v	185.58	19.36	100.53	28.92	36.77	
	Charities or other random non-profit organizations should not be emblazoned on something official and government issued such as a license plate. Who decides which charities or non-profits are eligible? Or are they all automatically eligible with no investigation into how money will be spent...	I have a valid B.C. driver's licence and an auto insurance policy under my name	V0B	631.47	25.37	45.36	514.14	46.6	
	I feel it is unfair and inequitable for the government to support non-profit organizations and parks and recreation through a regulated venue such as a plate that is required in order for anyone to legally operate a motor vehicle on BC roads. Additionally, I feel it is inappropriate for the government to profit in the form of an administrative fee based on individual citizens' desires to support non-profit organizations.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V0G	405.19	22.77	15.84	327.04	39.54

	Cost of the park plates is too high as is. Id be okay Paying the additional amount when initially registering the plate, but the extra dollars for each renewal is a bit high in my opinion. I also wouldn't get a plate that supported a random charity either. I think that if they are going to do more specialty plates they should keep with some like the BC parks plates, maybe something for our oceans. All that money should go back into something to help the province, not some random non profit.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V9n	199.52	20.13	14.72	148.06	16.61

		Before this survey, I hadn't necessarily viewed the BC Parks plates as a fundraiser, although I did know there was that aspect of the program. I had viewed BC Parks plates primarily as celebrating BC, celebrating BC parks, in the same way that we might recognize veterans through veterans plates. I'm very opposed to expanding the program to be a fundraiser for (other?) initiatives, mostly because I worry that these will become a way of expressing certain political beliefs, which ends up becoming divisive in society (pro-life, etc). There's simply no need to allow people to advertise through plates in this way.	I have a valid B.C. driver's licence and an auto insurance policy under my name	v2e	273.9	5.08	8.71	250.25	9.86

To support an organization I care about		it should be advertised exactly how much goes to the charity. will icbc withhold any of the monies paid?	I have a valid B.C. driver's licence but no auto insurance policy under my name	v2k	205.76	14.66	96.89	65.69	28.52
To make my vehicle more distinctive/standout			I have a valid B.C. driver's licence and an auto insurance policy under my name	V0B	129.74	17.95	69.64	29.69	12.46
To support an organization I care about		I am an auto broker in mackenzie bc and it would be amazing for us to have more plate styles and organizations for clients and brokers themselves to choose from, the BC parks lates have the right idea of sending part of the funds raised through the purchase of those plates to the preservation of the bears and parks in Canada. Us smaller communities and larger corporations would love to see more science and illness-based fundraisers, a pink ribbon themed plate for breast cancer recognition. A wildlife conservation themed plate that's dedication to raising funds for fisheries or other endangered species or wildlife sanctuaries.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V0J	488.47	18.28	44.61	401.09	24.49

Ability to choose a different plate from the standard design		The freedom to have a decal plate regardless of the image. Bring in custom plate options.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V4X	132.36	10.82	46.42	56.88	18.24	
		I like colorful depictions of natural scenes, but nothing should take precedence over Public Safety and effective law enforcement. Right now, the license plates showing various scenes interfere with easy recognition of the main numbers and letters on the plates (a bit of added dirt and poor lighting pretty well makes the plates useless for the general public). Given the speed and busyness of car and truck traffic, quick and accurate recognition of plate information is vital. So, here we have ICBC, under the Ministry responsible for Public Safety, acting in an irresponsible manner re public safety. If you can't figure this out on your own, have a look at what the British (and probably some European countries) do. They have bigger plates and script, with high contrast numbers and letters. To support an organization I care about		In cases where a specialty license plates are used. Provide the option at an additional fee or free to delete front license plate. It would save ICBC cost in materials and labour and add an additional stream of revenue. Also, less waste and or recycling of the materials at the end of their useful life.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V3J	340.72	18.01	31.72	267.13	23.86
		I like the look of the BC Parks plates, but didn't want to commit to ongoing increased costs, especially right after just paying for a vehicle (and having paid PST on a used vehicle on which PST has already been paid, which the province shouldn't do as it encourages new vehicle sales and therefore waste of existing vehicles before the end of their lifespans and unnecessary demand for new ones).Perhaps an ability to pay a higher one-time fee for a specialty plate would be a good option for some. If there were a way to contribute to BC Parks that I could get a tax credit, it would be more cost effective for me.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V9S	1655.79	12.58	35.67	1592.78	14.76

	Do you anticipate that this will create competition for the BC Parks specialty plate program? How much do they stand to lose?	I have a valid B.C. driver's licence and an auto insurance policy under my name	v1c	296.02	36.11	39.59	193.86	26.46	
Ability to choose a different plate from the standard design	Would a specialty plate also be able to be a personalized plate? I think it would be really beneficial to car restorers and clasic car enthusiasts to be able to use discontinued plates. For example a 59 Bel-Air having a plate in good condition from 1959 registered to the vehicle or a 73 Riviera having a plate from 1973. It would definitely add to the authenticity of many of these beautiful cars and add a sense of nostalgia to be adored by car lovers of all walks of life.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2V	535.53	20.37	61.19	424.2	29.77

	I think it's a really great idea if it is a choice and an option to opt out, the added cost is going to impact some low income people or families. It's already expensive. Insurance cost a lot and gas is crazy expensive right now. Licenses need to be renewed more often, it all adds up. The added plate cost would make it just one more expense that's unnecessary. s. 22 t I already am struggled with rent, groceries and other expenses, so a license plate is not on my priorities	I have a valid B.C. driver's licence and an auto insurance policy under my name	V0R	492.53	13.42	21.91	432.54	24.66

To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name		72	17.29	26.73	10.82	17.16
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V3S	58.93	9.37	13.45	16.67	19.44
To support an organization I care about	Please make a special plate for Backcountry hunters and anglers organization to raise critical funds for the conservation, habitat restoration and education we provide	I have a valid B.C. driver's licence and an auto insurance policy under my name	V5A	150.44	23.4	49.29	59.28	18.47
		I have a valid B.C. driver's licence and an auto insurance policy under my name		110.31	18.98	26.78	40.41	24.14
To support an organization I care about	I would like to see wildlife conservation groups that promote the health and abundance of species growth and rehabilitation of habitat get a chance to benefit from the purchase of these specialty license plates. Conservation organizations that support science based hunting, groups that give back to projects on the ground that help wildlife. Groups such as the wild sheep society of BC, the backcountry hunters & anglers of BC, and the BC wildlife federation.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2R	695.99	14.04	81.83	566.83	33.29
To make my vehicle more distinctive/standout	I would like to purchase a plate for my classic 1955 truck with the same design and colors as the Plate had in 1955. I would also like to personalize my plate. In BC there are many car shows. Show and shine and cruise-ins. The Peach City Cruise in Penticton BC and Victoria Duces Days are 2 that come to mind. Both of these shows have received National and International Media attention. The TV Show sent an entire crew with the host to Penticton to film a 30-minute episode of their series devoted to the 3-day event. This episode was broadcast on cable services in Canada, the USA and I sure many other countries. As Victoria's Deuce Days is the largest Car Show in the world devoted to 1932 Fords I am sure it has received more internal recognition. You have a built-in core of people that will pay the BC government money to buy a license plate to promote motorsports and tourism in BC. You cannot buy that kind of year-in-year-out advertising but car nuts will pay to advertise BC tourism. Wherever we go we meet people and tell them about BC. Why not help us spread the word?	I have a valid B.C. driver's licence and an auto insurance policy under my name	V5E	1181.13	13.26	55.5	1080.4	31.97
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V8L	82.91	7.66	32.89	10.62	31.74

To support an organization I care about	Really appreciate the BC Parks programme we have for licence plates. Those funds are making a significant difference to Park orojects. It would be too bad to take away from that.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V9L	171.59	10.61	24.63	111.74	24.61	
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V2B	91.35	9.35	56.55	9.19	16.26	
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name		100.17	11.72	62.07	12.35	14.03	
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name		115.18	26.1	45.76	23.56	19.76	
To support an organization I care about	I don't support producing too many different styles of plates. I think we need to maintain some sort of standard BC identification. Introduction a lone standard "Community" plate that people can chose which organization or charity they chose when purchasing the plate. I would also like to receive a tax receipt for donations to support the purchase, and continuing annual fee of the plate.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V9B	572.13	27.21	108.17	396.62	40.13	
To support an organization I care about	Different species of fish could be showcased on a plate such as Salmon, Steel Head, Rainbow Trout, Bull Trout and Cutthroat Trout to support the Freshwater Fisheries Society of BC. I would be preferential to Cutthroat Trout as they are local to the Kootenay's. Best species to dry fly fish for.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V1C	463.44	18.16	155.37	261.51	28.4	
To support an organization I care about	I think it would be beneficial to help people support groups they want to.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2T	89.86	11.76	23.5	38.05	16.55	
	I am not against it, if it is for a good cause I am for it just not for myself.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V8A	159.06	16.04	19.38	88.02	35.62

	Funds should keep going just to Parks!!!!!	I have a valid B.C. driver's licence and an auto insurance policy under my name	V9t	112.3	11.15	14.38	66.24	20.53	

	I'm sick and tired of these charities begging for attention	I have a valid B.C. driver's licence and an auto insurance policy under my name	V0R	110.33	15.24	10.22	58.57	26.3
To support an organization I care about	To support charities that don't currently have high profile campaigns	I have a valid B.C. driver's licence and an auto insurance policy under my name	V6K	215.05	12.46	77.61	103.3	21.68
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V0R	106.79	16.07	16.33	33.46	40.93
To support an organization I care about	Sports teams, local or otherwise, should not be included in this initiative. All other charities etc. make sense.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V9Z	175.83	8.05	49.16	102.61	16.01
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V9C	113.49	19.33	49.63	19.24	25.29
To support an organization I care about	Paying one time fee of $50 for specialized plates is ok however renewal fee of $40 every year is on the steep end. It should be slashed to half around $20 to make it mass appealing, so many residents start supporting the organizations in the need. Thanks!	I have a valid B.C. driver's licence and an auto insurance policy under my name	V4N	177.17	12.26	52.43	91.5	20.98
		I have a valid B.C. driver's licence and an auto insurance policy under my name	v0p	74.07	10.64	18.64	22.19	22.6
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V9A	121.93	29.54	29.29	34.81	28.29
To support an organization I care about	I think the standard white license plates are extremely boring. Having fees for better looking license plates going towards worthy causes is a brilliant way to hit two birds with one stone; my vain desire to improve the look of my car is satisfied, AND I get to support parks. I would also like to see support for cancer research in future, I think you would raise a lot of money.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V8X	308.17	15.12	42.35	228.43	22.27
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	v8z	163.42	21.86	62.93	47.85	30.78
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V9A	139.6	19.62	22.35	33.05	64.58
To support an organization I care about	Other jurisdictions in the Pacific Northwest have license plate programs that support salmon enhancement	I have a valid B.C. driver's licence and an auto insurance policy under my name	V9B	182.94	16.76	40.56	92.08	33.54
	I think I ICBC is getting too mixed up in vanity plates. The priority should be bringing back the decal. ICBC is losing money from those who choose not to renew their insurance and no police to follow up on the non-insured. ICBC needs to get back to the basics. Thanks!	I have a valid B.C. driver's licence and an auto insurance policy under my name	V9T	285.17	14.43	13.94	236.07	20.73
	I would like to participate but I'm not a fan of the yearly cost.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V9A	71.7	7.86	8.79	43.06	11.99

To support an organization I care about		Great idea to raise funds for charities while making your vehicle unique looking. We have BC Parks currently and did have the 2010 Olympic plate in the past. Living on the island - I would gladly support a BC Ferry initiative via a plate design.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V9V		318.86	18.8	102.61	171.42	26.03
To support an organization I care about			I have a valid B.C. driver's licence and an auto insurance policy under my name	V0R		265.75	16.16	191.48	32.53	25.58
		The costs for these plates is obviously higher. Are the premiums paid for them going to cover those costs and the net remaining given to charities? Will new custom designs be readable by the police forces' new plate readers? Will there be limited number of designs? Why not manufacture license plates to last. My current plate is starting to peel and lose all it's paint. I have seen a number of plates exhibiting this same defect. Not a good reflection on the province.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V9R		423.41	28.01	25.19	314.17	56.04
To support an organization I care about		Display as 3 or 4 letters with 3 or 4 numerals (ie. 1234ABC, ABCD123) for ease of remembering.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V8S		402.92	28.56	162.66	175.6	36.1
Other	Professional firefighters of British Columbia	Professional firefighters plates like they have in other provinces and In The USA	I have a valid B.C. driver's licence and an auto insurance policy under my name	V4k		316.42	13.69	174.56	89.52	38.65
To support an organization I care about		Some provinces have "Support our Troops" plates. BC is not one but we have an extensive CAF community. s. 22 I would like to see BC show their support with a Support Our Troops plate with proceeds supporting the Legion, Honour House/Honour Ranch or Wounded Warriors.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V9L		577.38	27.53	52.6	465.18	32.07
		Plates should be standardized and void of phrases, advertisements, and different designs. Ideally they would be the size of European plates for readability.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V9V		204.87	22.96	26.4	124.86	30.65

Ability to choose a different plate from the standard design		I have a valid B.C. driver's licence and an auto insurance policy under my name	V2X	114.57	17.73	56.56	17.28	23
Ability to choose a different plate from the standard design		I have a valid B.C. driver's licence and an auto insurance policy under my name		217.85	22.86	65.26	47.66	82.07
	I don't believe charities should be involved in the business of licence plates. There are plenty of options for donating to charities and displaying support. In my opinion, it is best that customize plate revenue should be kept within the provincial organizations and not towards private organizations. Even large reputable non-profits run in to scandals and questionable spending, see the Red Cross as an example. Additionally, if the province were to launch this program, how would the province select the non-profit to avoid favoritism and controversy? Overall, if the province is seeking to expand on the customized licence plate, it should not go towards private entities. Expanding the custom plates program to other provincial goals would be much palatable.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V3E	1033.96	10.07	21.38	985.94	16.57
Ability to choose a different plate from the standard design		I have a valid B.C. driver's licence and an auto insurance policy under my name	V2B	196.44	20.61	97.29	22.16	56.38

	Licence plates in BC are increasingly difficult to read with mottled backgrounds and the mixing of letters and numbers. Let's go back to simple, easy to read and remember plates. You have to be very close to make out some of the new plates and then try to remember sequences that run counter to how the human brain groups symbols. I wonder how much error or even lack of reporting this issue leads to for those who wish to let police know about dangerous driving. Beyond that, perhaps people could use bumper stickers or other ways of promoting their charities. This seems like an unnecessary role for ICBC.	I have a valid B.C. driver's licence but no auto insurance policy under my name	V4C	518.29	9.79	10.57	464.9	33.03

To make my vehicle more distinctive/standout	People in wheelchairs that drive their own cars/modified vans find it more and more difficult to park in accessible parking spaces. Many other jurisdictions including Canadian provinces and US states have a wheelchair license plate for those who are dependent on a wheelchair for mobility. A plate similar to the veterans' plate and designated spaces for wheelchair users only with strict enforcement would greatly improve the quality of life, safety and independence for people that use wheelchairs. Proper accessible Parking is the major complaint of people that use wheelchairs. With a designated plate, designated spaces and strict enforcement from authorities, people that use wheelchairs can truly be inclusive and part of their community.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V4L	1046.26	54.1	110.95	820.42	60.79

s. 22

To make my vehicle more distinctive/standout	People in wheelchairs that drive their own cars/modified vans find it more and more difficult to park in accessible parking spaces. Many other jurisdictions including Canadian provinces and US states have a wheelchair license plate for those who are dependent on a wheelchair for mobility. A plate similar to the veterans' plate and designated spaces for wheelchair users only with strict enforcement would greatly improve the quality of life, safety and independence for people that use wheelchairs. Proper accessible Parking is the major complaint of people that use wheelchairs. With a designated plate, designated spaces and strict enforcement from authorities, people that use wheelchairs can truly be inclusive and part of their community.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V4M		226.21	21.2	55.91	118.99	30.11
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V2N		58.36	7.87	12.01	17.98	20.5
	This is a waste of time and money. The Prov. Of B.C. should be properly funding BC Parks and any other govt org./ ministry appropriately and not using a program like this to essentially add another tax on to the residents of B.C.	I have a valid B.C. driver's licence and an auto insurance policy under my name	v2n		267.59	17.23	15.11	197.89	37.36

To make my vehicle more distinctive/standout		I have a valid B.C. driver's licence and an auto insurance policy under my name	V8B	58.28	10.35	21.14	11.99	14.8
	This has been a good way of providing dedicated funds to BC Parks, which has been woefully underfunded by successive governments for years. I am concerned that opening it up to any non-profit will just water down the available funds. Non-profits, especially the large ones that would be equipped to participate in such a program, already have many ways of raising funds. Including issuing charitable tax receipts.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V0N	256.04	9.85	19.97	204.75	21.47

To support an organization I care about	I support and strongly recommend a specialty licence plate to assist Indigenous Peoples and Culture. The province of Manitoba has recently made available to raise money for families of Missing and Murdered Indigenous Woman, girls and Two-Spirited individuals. The Manitoba MMIWG2S specialty plates are offered in two (2) different designs, one featuring a red dress and one featuring a red hand mark, search MMIWG2S Manitoba licence plate to see the two designs. ICBC should offer this Manitoba specialty plate to the residents of B.C. to support Indigenous peoples and MMIWG2S charities.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V8L	1117.32	16.99	61.14	951.1	88.09

	These license plates show off the care and love that British Columbians have for our province, to visitors and to each other. While I support the overall idea, our parks and conservation departments are grossly underfunded. A program like this is welcome, if the government were to match the funds that residents are paying, in addition to greater support for these efforts under your mandate. Find ways to also allow for visitors to support natural preservation in BC! This is the invisible burden of tourism.	I have a valid B.C. driver's licence and an auto insurance policy under my name		345.47	8.1	33.3	278.72	25.35
	Having a wide variety of plates may make it more difficult to recognize and/or get a plate number when reporting a hazardous driver when there is little time to view it and under possible duress. s. 22

Other	To support an organization or a purpose I care about.	Be careful not to create too many options as I fear this will take away from current plate use. I think the existing plates supporting the BC Parks Foundation should continue to be available and promoted to the public to increase uptake. I initially did not for financial reasons but now am more comfortable so would consider switching over. Would be good to receive from ICBC or my insurer a letter offering to switchover with no additional cost except the annual fee to increase uptake.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V9E		353.99	16.88	50.46	256.31	30.34
Ability to choose a different plate from the standard design		I like the wide variety of license plate designs we have. It would be nice to see more, especially ones that have colour similar to our parks plates.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2X		100.68	11.5	26.26	47.91	15.01
Other	None	It interested	I have a valid B.C. driver's licence and an auto insurance policy under my name	V8E		198.93	39.09	53.15	67.42	39.27
Ability to choose a different plate from the standard design			I have a valid B.C. driver's licence and an auto insurance policy under my name	V4A		158.11	23.12	47.99	40.28	46.72

s. 22

To support an organization I care about	I would appreciate a lower annual fee.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V0X	422.81	38.19	212.28	123.91	48.43	
To support an organization I care about	While I have specific charities in mind I would be more interested in getting a specialized plate if the money supported a charitable organization I volunteer for or support.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V8Z	212.75	15.3	74.98	91.77	30.7	
To support an organization I care about	It would be great to say use 1957 license plates on my vintage 1957 Chevy Belair.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2Z	367.38	56.3	78.5	170.7	61.88	
To support an organization I care about	I would love to support Go Fish BC by purchasing their license plate.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2R	131.73	22.09	26.99	58.48	24.17	
To support an organization I care about	I would like to see support of agency's in BC, especially out first responders	I have a valid B.C. driver's licence and an auto insurance policy under my name	V5K	211.25	15.64	31.92	128.28	35.41	
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V5W	79.52	9.62	14.52	37.13	18.25	
Ability to choose a different plate from the standard design		I have a valid B.C. driver's licence and an auto insurance policy under my name	V5Z	105.75	9.17	60.06	11.99	24.53	
To support an organization I care about	This is a great idea, but I think the organization should pay for some of the design costs rather than being all icbc funded. I think a camoflage or pink camoflage pattern would look really good. Pumpkin orange or hot pink would be really cool looking.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V8L	197.69	15.79	65.31	101.25	15.34	
Ability to choose a different plate from the standard design	An option for a plate with a dark or full black background and white letters. Customization of letters and numbers on parks plates (specialty plates).	I have a valid B.C. driver's licence and an auto insurance policy under my name	V6M	207.73	11.8	37.06	146.2	12.67	
To support an organization I care about	No native plates	I have a valid B.C. driver's licence and an auto insurance policy under my name	V6P	164.14	12.31	98.39	25.39	28.05	
To make my vehicle more distinctive/standout		I have a valid B.C. driver's licence and an auto insurance policy under my name		126.22	20.29	62.26	17.63	26.04	
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V2P	116.88	15.49	46.73	17.72	36.94	
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V0A	90.92	13.52	41.43	14.08	21.89	
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V1w	362.52	47.89	125.88	69.88	118.87	
To support an organization I care about	As fishing, specifically salmon, and river preservation are a huge part of British Columbia, I would love to see fishing/salmon/rivers represented on a license plate.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V8S	127.09	11.08	36.83	62.15	17.03	
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V1B	114.9	11.48	60.1	18.1	25.22	
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V0e	95.92	18.17	40.85	16.15	20.75	
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V8L	191.83	19.82	31.22	112.14	28.65	
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V9Z	109.05	18.35	18.86	34.84	37	
	I'm ok with one time fee but not an annual fee. $40 annually is too much.	I have a valid B.C. driver's licence and an auto insurance policy under my name	v3s	113.38	13.82	14.22	66.2	19.14	
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V8L	85.17	11.9	44.98	8.97	19.32	
To support an organization I care about	You reference non-profit's and charities several times in here but then only list charities as an option. A non-profit and a charity are not the same thing. So ensure the program is for eligible non-profits or charities in each of the categories	I have a valid B.C. driver's licence and an auto insurance policy under my name	v0x	144.61	9.45	56.53	64.66	13.97

Should be able to stay with the vehicle as it has already been paid for.	I have a valid B.C. driver's licence and an auto insurance policy under my name	v9m	178.82	13.91	45	96.4	23.51

s. 22

To support an organization I care about	I currently work for Recreation Sites and Trails, recreation crew lead, which is very similar to BC Parks student rangers. For four years, this program has relied on Columbia Basin Trust for crews down in the south, first season being in 2019. In 2021, the government provided money so more crews throughout the province could benefit from these jobs. In 2022, funding was cut except crews funded by Columbia Trust Fund. If the budget was available, I would have worked for them that season. Finally, the program was brought back this year and I reapplied. This program has only been guaranteed to continue for the next two years due to funding. There's no full time jobs being created and it's only seasonal work. This program has benefited the province greatly and has so much more potential if it only had more funding. Being under the same ministry as BC Parks, i haven't seen any of that money benefit my crew. During our provincial meeting I brought up funding and crews, asking why a plates program was not in place for our crews.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V0J	512.75	8.31	16.53	470.43	17.48

	Allow motorists to get personalized slogans on specialty plates. Expand the number of characters on specialty plates and personalized plates to 7-characters. s. 22 Stop using photos as the background for specialty plates. Allow organizations to get real artists to design the background of the plates. Retire the personalized license plate design s. 22 s. 22 Institute a cap on the number of different specialty plates that can be available for order at any one time (e.g. 10). Any more than that and you are going to be administering a lot of dud plates/designs. Also, put a sunset clause on all specialty plates of 10 years to keep things fresh (i.e. after a decade, the plate is retired and some other organization gets a turn). The Parks plates are already getting stale and it has only been 7 years. Institute a requirement that a minimum number of plates be pre-ordered to keep out losers. Consider taking responsibility of the program away from ICBC. The Corporation has a hard time differentiating its interest from that of the general public (e.g. issuing a "TRUMP" vanity plate and disallowing what it considers to be speed racing slogans on the basis that these represent obnoxious speech; maybe if you are an Insurance company!). ICBC has also been remiss in how it deals with license plates (i.e. BC is one of only two province still stuck with a 6-character maximum limit on plates. Whatever happened to "Transformation 2014"? Why do we still have the Social Credit Party flag on	I have a valid B.C. driver's licence and an auto insurance policy under my name	V4L	848.49	25.3	36.16	744.59	42.44

To support an organization I care about		I think it is a great way to raise funds for a very important underfunded medical group....BC Lung..... All transplants are done in Vancouver for everyone, and all those patients from outside the lower mainland the costs for that life saving transplant is immense and there is currently no funding to help off set those extreme costs to saving someones life. Also, all transplant patients must have a support person who says with them while they are going through the mandatory rehab process and that process can take months...at their expense.	I have a valid B.C. driver's licence and an auto insurance policy under my name	v4r	643.88	22.38	44.34	545.74	31.42
		Keep it simple. It's a slippery slope - why not one charity versus another? Easier to make it no charities and everyone donates directly.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V3z	305.43	16.23	191.3	78.49	19.41

Other	To draw attention to the organization I support for the purpose of educating and gathering more support	Many benefits to specialty license plates... easy to identify and remember, and ppl like to show off their values and customize their vehicles. But also organizations can use these facts as leverage to gain more support, directly from paying supporters and from the publicity that arises from exposure. Social proof is a strong motivator. This is the real value in specialty plates.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V8g	524.13	14.94	134.75	353.8	20.64
To support an organization I care about		Must be Canadian, and probably BC based. No GreenPeace, SPCA (or BCSPCA), NRA, or Voices for Israel/ Voices for Palestine. It's very important to me that this be non-political.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V1J	383.59	15.32	73.34	258.69	36.24

To support an organization I care about	I would love to see a plate with dogs, cats, birds, horses, pets. The monet could go to help the organizations expenses with all the animals at spcs etc. I think alot of people would like this, as alot Love animals. I know the USA has this program. I have been seeking to get this going, but didn't know who to contact You could also have license plates colored instead maybe red. Also people have interests so maybe hockey, etc. I hope you can use the Pet one as they need help with all the animals taken in Thank you	I have a valid B.C. driver's licence and an auto insurance policy under my name	V4E	1005.3	61.28	64.91	800.56	78.55
Ability to choose a different plate from the standard design	Specialty plates should come with perks (e.g. parks plates get you free access to parks) More variety please! And more illustrations/paintings instead of parks plate style photos. American plates (e.g. Utah, Oregon) are great examples	I have a valid B.C. driver's licence and an auto insurance policy under my name	V8r	199.37	12.49	33.35	140.87	12.66

		I would be willing to pay a larger initial fee but not an annual renewal fee.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V3H	154.2	11.56	19.27	97.6	25.77
To support an organization I care about			I have a valid B.C. driver's licence and an auto insurance policy under my name	V3W	309.04	29.85	196.82	29.31	53.06
To support an organization I care about		We need a speciality plate program for un restored, stock, vehicles which are in good running order, but have not had there bodies replaced, or dents removed and not repainted. To remove rust and dents, repaint and re-motor a car can cost up to $100,000.00 and lots of people cannot afford it. But they do have a nice old car people would enjoy seeing.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V0X	422.79	23.87	72.91	281.96	44.05
To support an organization I care about		I would like a category for unrestored old cars, cars drivable but not restored. I have seen a number of vehicles people have that are not restored that people would enjoy seeing on the road. The cost of doing a resonable restoration can cost up to $100,000.00 which is way beyond what the people can afford.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V0X	367.06	8.92	77.25	243.63	37.26

Other	year of manufacture	I would like to have a year of manufacture plate on my classic car (1947)	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2V	167.44	20.06	37.78	77.65	31.95	
To support an organization I care about		My hope is that the fees collected would go towards a not for profit organization. I would like to see a plate for the United Way, women's shelters etc. I would really dislike it if there was only an option for Imterior Health as I believe they receive enough public funds and still can't get it right!!	I have a valid B.C. driver's licence and an auto insurance policy under my name	V0E	288.3	18.84	48.99	187.84	32.63	
Ability to choose a different plate from the standard design		Any new specialty licence plates should not be tacky or ugly, like too many charity licence plates in the US and other jurisdictions. The BC Parks licence plates have attractive designs with minimal logo prominence, which should be the standard for all license plates. Non-profit organizations who want to use specialty plates primarily to promote or advertise their organization (rather than raise funds) should be directed to pursue other marketing avenues. Overuse of specialty licence plates would also detract from what makes them "special", so the government and ICBC should be highly selective when deciding which designs and non-profit causes to approve and should reject all designs with prominent logos.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V3S	624.38	17.82	54.75	532.2	19.61	
			I have a valid B.C. driver's licence and an auto insurance policy under my name	V0H	173.3	22.02	24.21	91.45	35.62

			I have a valid B.C. driver's licence and an auto insurance policy under my name	Vv9	81.69	10.45	16.94	13.14	41.16	
		ICBC needs to expand the current vanity plate program to allow more characters on a plate like other jurisdictions. Only 6 characters is very limiting and expanding (like Ontario plates) would generate more funds for ICBC. As for the specialty plates, I'm not a fan of having so many backgrounds as it's hard to tell if a plate is local or from an American state or out of province, etc. There's just no 'uniformity' to immediately tell the plate, and therefore the vehicle, is from BC.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2E	438.81	15.41	28.05	361.5	33.85

	What is the rate of return going to charities who participate in this program? Is it really a significant revenue stream over other fund raising opportunities? Or this more about brand promotion for some charities over others? The clarity, consistency and unobstructed readability of provincial licence plates is something that is challenged in Traffic Court on a regular basis. With a proliferation of new plates, applying design and tech standards across organizations' visual identity will be challenging. I can't see that this move would contribute to successful prosecutions and has the potential to negatively impact outcomes. ICBC has also invested millions in improving road safety through intersection cameras and police licence plate number readers. At what point will these new charity licence plates undermine BCs safety enforcement technology with a proliferation of unreadable plates that get thrown out in Court. Too many questions - not enough information to make the right decision.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V6G		3349.99	14.23	16.22	3283.9	35.64
Ability to choose a different plate from the standard design	I feel we should have a lot of options. WA state has more than 50 options to support a variety of charities, sports teams and interests which would be ideal. 	Postpone the program until more golf courses are built and operating. Reason: Since the surge in additional golfers since Covid it is far to difficult and frustrating to get tee times. Seriously. Very seriously. Many private and semi-private golf courses are overselling memberships in relationship to available tee times for new and existing members.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V3Y	344.85	16.72	2.92	281.09	44.12

To support an organization I care about	There are a multitude of organizations that could benefit from specialty licence plates and they should have the opportunity to do so. The present BC Parks plates are commonly seen but it is not something that inspires me in particular, but given choices i might very well choose to buy a specialty plate if the funds went to an organization that I would like to support.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V7G	336.42	16.38	66.09	229.97	23.98
	No	I have a valid B.C. driver's licence and an auto insurance policy under my name	V8M	103.57	21.94	17.41	32.75	31.47
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V8Y	95.61	30.7	14.96	29	20.95
	No but good luck.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2J	137.39	14.51	19.44	55.91	47.53
	Not really	I have a valid B.C. driver's licence and an auto insurance policy under my name	V9P	103.64	11.42	17.75	40.38	34.09
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V7	237.79	21.48	118.27	17.47	80.57
To support an organization I care about	Should also support road safety organizations.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V6K	204.16	14.25	112.94	39.19	37.78
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V7T	129.25	23.72	52.6	20.32	32.61

	I do not have a problem with a one time fee for these specialty plates. I do not however support a recurring annual fee and that is the reason I do not have one.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V1V	485.13	30.03	74.77	278.46	101.87
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V2P	147.78	15.45	69.78	21.82	40.73
To support an organization I care about	Golf is an activity that promotes the wonderful courses in BC. it is an ageless activity from young children to players in their 90's! To be recreating in some of the most beautiful places in our Province is to not only help for our bodies but our souls. The "Rules of Golf" promote safe and courteous play, something sadly lacking in today's "me" society. It really is an ageless activity, if you can walk, you can play.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V1W	1274.22	47.25	67.97	1114.32	44.68

To support an organization I care about	Support Golf BC	I have a valid B.C. driver's licence and an auto insurance policy under my name	V4N	737.51	15.84	641.69	51.25	28.73	
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	v5r	125.76	21.29	56.05	28.2	20.22	
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	v3x	151.04	11.73	91.5	14.15	33.66	
				101.24	21.41	18.56	8.77	52.5	
To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V9T	135.57	23.2	48.94	16.27	47.16	
To support an organization I care about	Great fundraiser	I have a valid B.C. driver's licence and an auto insurance policy under my name	V1M	182.01	19.06	109.06	29.31	24.58	
To support an organization I care about	2SLGBTQIA+ Pride Flag design	I have a valid B.C. driver's licence and an auto insurance policy under my name	V4A	375.08	24.15	167.39	110.28	73.26	
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V9M	78.01	18	22.86	5.85	31.3	
	It is difficult to see the numbers of on many of these licence plates hard to identify. It is also an additional administrative tax on motorists who are forced to pay for it, as we are unwilling to place the entire burden on the licence plate purchaser.	I have a valid B.C. driver's licence and an auto insurance policy under my name	v2l	132.37	13.38	16.05	77.11	25.83	
	I'm open minded on the issue. It would depend on the cost, annual renewal fee and process. And, it would depend on the type of licence plate. For example, I might be interested in one that supports an activity like golf or skiing.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V8V	268.28	25.41	28.73	180.46	33.68	
To support an organization I care about	The government shouldn't be restricting or cherry picking charities allowed to participate in the program. Set stringent and specific criteria and allow those that meet those criteria to participate.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V9B	211.37	15.31	78.57	95.78	21.71

		First off, I love the idea of these plates. But to do donations this way? I get a tax rebate when I donate directly and don't believe I get that here - so not a good deal for the drivers in BC. SUGGESTIONS: Charge a one time fee only, that covers production cost of the unique plates. The ongoing annual additional fee at $40 is not something most people will be interested in and again don't get the tax rebate for. Manitoba has this and I don't believe they charge a reoccurring fee. Make it reasonable and you will have more uptake. It is a great way to celebrate the diversity of our great province, get away from the donation thing and keep it reasonable.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V3S	449.8	20.34	24.42	378.25	26.79
Ability to choose a different plate from the standard design		Our municipal government is closing our golf courses saying no one golfs. They are putting industry where they used to be. This is wrong. I support anything that says golf is still a viable sport for any age and any ability. Keep golf courses open. Ability to choose a different plate from the standard design		Support minor communities' cultural education.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V3J	300.58	33.95	100.73	118.85	47.05
To support an organization I care about			I have a valid B.C. driver's licence and an auto insurance policy under my name	V8Z	131.48	12.07	78.92	17.78	22.71
		Perhaps government could fund charities directly? Also, why is BC Parks a charity? In a nutshell, I hate this idea on a philosophical level. Since I live in a real world, I buy the stupid BC parks plates because I would love BC Parks to have adequate funds to do ridiculous things like keep all BC parks open all winter and make sure there are enough park resources that we don't have to compete in online auctions for camping spots.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2P	278.8	4.74	9.88	247.34	16.84
To support an organization I care about		As long as charity is vetted properly.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V6g	152.24	7.71	83.97	28.51	32.05
To support an organization I care about			I have a valid B.C. driver's licence and an auto insurance policy under my name	V9A	114.33	10	53.34	23.73	27.26
		Lower annual rate	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2C	161.03	16.79	35.03	76.77	32.44
		Religious organizations would fall into this category and I feel that being tax free is more than enough government support. Religious groups generate significant social unrest with the funds they currently have, no need to add to it.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2B	531.27	34.9	38.62	398.35	59.4

To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V3K	84.43	17.3	39.33	9.39	18.41
To support an organization I care about	I think this is a great and easy way for provincial charities and non-profits to be able to fundraise, which would potentially free up a bit of extra loose change for local initiatives.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V8A	183.35	14.45	66.51	82.29	20.1
	This is another way to divide people instead of bringing them together. A very silly idea with no positive side. If this goes ahead we will remember to not donate to organizations that use such a crass method of advertising. There's enough diversion while driving. Has road safety been considered? Maybe take the money that would be wasted on such a bogus program and donate it directly to deserving NGOs.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V7P	383.49	19.44	17.09	294.36	52.6
To support an organization I care about	I think this is a great way to support our charities and am excited about getting one	I have a valid B.C. driver's licence and an auto insurance policy under my name	V6N	100.6	10.39	36.42	35.4	18.39
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V9B	119.64	21.06	23.81	36.2	38.57
To support an organization I care about	It would be wonderful to be able to support the charity of my choice by doing so in a license plate.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V3C	261.45	21.13	120.32	82.95	37.05
To make my vehicle more distinctive/standout		I have a valid B.C. driver's licence and an auto insurance policy under my name	V1B	136.51	20.73	53.67	31.11	31
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V1B	76.77	18.02	14.69	11.15	32.91
	As noted in the previous question, these plates are difficult to read and are leveraged for this reason by individuals who frequently fail to stop for police. ICBC should be consulting with *frontline* police officers (IRSU, Highway Patrol, gang units, and GD members) on this issue prior to expanding this program. The concept is a nice idea, but execution needs to account for readability by people and ALPR systems in all lighting conditions.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V3T	568.02	9.95	25.91	490.72	41.44
	License plates are important do not need to personalize them.	I have a valid B.C. driver's licence and an auto insurance policy under my name	v8m	105.3	22.46	8.82	43.25	30.77

	I feel there are enough options in alternative plates, just keep what's out there.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V1y	343.76	23.82	29.38	236.05	54.51
To make my vehicle more distinctive/standout		I have a valid B.C. driver's licence and an auto insurance policy under my name	V6B	84.2	14.88	39.67	10.17	19.48
	We do not need dozens of types of B.C. licence plates on the roads. Also many of the specialty plates (eg. Olympics and Kermode Bear) are lower contrast and cannot be read from the same distance as special plates. (This is even more true for plates used in other jurisdictions that are not embossed). Licence plates are symbols of our province here and abroad and should represent all British Columbians and not special interests. The only plate missing from the current plate program is a French option (like other English-speaking Canadian provinces have). Also in the U.S., some questionable organizations are part of the specialty plate program (either they were questionable all along, or they were longtime participants in the program and then become the subject of public controversy or criticism). To support an organization I care about			I have a valid B.C. driver's licence and an auto insurance policy under my name	V1k	159.48	33.13	59.68	37.66	29.01
To support an organization I care about		Allow retired law enforcement to have veteran plates	I have a valid B.C. driver's licence and an auto insurance policy under my name	V2N	96.2	10.55	28.14	38.91	18.6
To support an organization I care about			I have a valid B.C. driver's licence and an auto insurance policy under my name	V0E	234.88	34.4	114.62	45.11	40.75
			I have a valid B.C. driver's licence and an auto insurance policy under my name	V1T	275.48	36.28	73.33	74.69	91.18
		I think given the schisms in our society currently the idea of being able to promote an organization on my car could either make me a target or be used to target others. While I understand the intent I wonder - what organizations qualify? If I had a non-profit that promotes hate speech or a particular religious group, would those license plates be allowed? If we limit the non profits that are allowed to make plates then who will make those choices? Even some of the bigger more popular non profits may be used as a call sign for radical groups and I don't support further division in our society on something that should be neutral - a license plate.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V8t	415.74	8.84	13.55	369.5	23.85
Other	RCMP veterans plate, other provinces allow RCMP members these plates	I'd like to see RCMP members, retired or serving, be given the option to get veterans plates. The majority of other provinces allow RCMP members.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V6H	243.19	24.64	82.79	113.15	22.61
		RCMP members sould be eligible for veteran plates	I have a valid B.C. driver's licence and an auto insurance policy under my name	V0J	142.34	14	20.92	79.25	28.17
Ability to choose a different plate from the standard design			I have a valid B.C. driver's licence and an auto insurance policy under my name	V0J	166.3	32.58	69.1	27.02	37.6
To support an organization I care about			I have a valid B.C. driver's licence and an auto insurance policy under my name	V7n	154.99	36.64	80.61	17.56	20.18
To support an organization I care about		Yes,.. I would like consideration for Retired RCMP members be given approval for a BC VETERAN license plate for their vehicle(s). BC should removed the requirement for a front plate as we are only 3 remaining jurisdictions in Canada that require this. Clearly, it's not needed.	I have a valid B.C. driver's licence and an auto insurance policy under my name	VOH	275.25	20.62	57.74	152.87	44.02

To support an organization I care about		I have a valid B.C. driver's licence and an auto insurance policy under my name	V0L	189.6	27.1	49.88	50.65	61.97
Ability to choose a different plate from the standard design	Crossed lanyards with RCMP badge in middle	I have a valid B.C. driver's licence and an auto insurance policy under my name	V0R	199.49	18.28	59.91	77.9	43.4
	The specialty plates are illegible. SO many instances in an emergency situation, I am trying to read the plate number but can not read it because there is a bear covering the number or some other stupid graphic making it difficult to read the plate number. In addition, there seems to be a trend in these trashy cars with heavily tinted windows and plate covers that obscure or hide the license plate numbers. Do you not test these plates on a real road test first before deploying? These specialty plates are getting out of hand. It's bad enough you decided to not require the expiration stickers on license plates anymore, now with these obscured plates, I am beginning to believe all the rumours that ICBC is a huge illegal operation supporting gangsters and money laundering.	I have a valid B.C. driver's licence and an auto insurance policy under my name	v53	409.89	16.15	30.48	325.24	38.02
Ability to choose a different plate from the standard design		I have a valid B.C. driver's licence and an auto insurance policy under my name	V6B	78.09	8.99	43.98	9.82	15.3
		I have a valid B.C. driver's licence and an auto insurance policy under my name	V0E	105.99	12.13	51.66	23.57	18.63
	The different types of license plates available are confusing. There are so many different looks its difficult to know what province the vehicles are from.	I have a valid B.C. driver's licence and an auto insurance policy under my name	v0r	90.84	10.93	8.46	57.33	14.12

	A great idea, but a one time "affordable" charge would be acceptable, as we already pay for a plate with Registration, and then the ICBC want a significant charge for Speciality Plates. A yearly surcharge of an additional $10 would also be acceptable, however it seems that ICBC is gouging customers, with the current yearly charge.	I have a valid B.C. driver's licence and an auto insurance policy under my name	V9B	320.04	14.32	26.14	243.19	36.39

Good afternoon!

The privacy folks have assigned the PIA number GCPE24005 for the Specialty License Plates engagement. They have their official copy and I've attached a convenience copy for yourselves as well as storing a copy on our shared LAN.

Thanks again! 😊😊

Cheers,

DJ

Thanks Desirae,

No problem – there was a lot of PIAs going through last month! I've sent it in to the privacy folks and will let know what PIA number gets assigned to it.

Cheers,

DJ

Happy New Year Desirae, Eric! 😊😊

Just checking in to see if you've had a change to review and sign-off on this Desirae, I haven't seen anything come back yet.

Cheers,

DJ

Thanks Eric!

That's great - I've cleaned up the 2 docs and added a little bit more info in section (3) on how the feedback will help inform the program. I cribbed it from the intro to the survey. I've signed off on the PIA and if you're okay with the changes please add your signature and forward to Desirae for her signature.

Thank Eric,

Cheers,

DJ

Subject: RE: PIA for Specialty Plates Engagement

Thanks Eric!

The PIA is off to a great start – I just have a couple questions/comments 😊😊

I see in the introduction to the questionnaire (attached) it states: *"The information gathered throughout this questionnaire* s. 13 *will inform the potential development of an expanded specialty license plate program"*

s. 13

Also, I see that there are a number of questions (QA2, QB2, QD1, QD2) that appear to have an "Other, please specify" open-text question, but are missing the same privacy reminder that QD3 has: "*Please do not include any personally identifiable information about yourself or others in your responses.*"

Will you be adding the privacy reminder to each of these questions? s. 13

Happy to walk through it over chat if that's easier.

Cheers,

DJ

Checklist for Citizen Engagement

PIA# GCPE24005

MINISTRY OF CITIZENS' SERVICES, GDX AND CROWN AGENCIES SECRETARIAT (FIN)

GENERAL INFORMATION

Please submit this completed checklist, along with a copy of the proposed feedback form, to your Ministry Privacy Officer, as soon as possible.

Name of Citizen Engagement Initiative:	Specialty License Plate Engagement
Launch Date or Engagement Period (if known):	Nov 27, 2023 to Jan 15, 2024 (49 days)
Program Manager:	Desirae Bowlby, Senior Director
Division and Branch:	Government Digital Experience Division, Citizen Engagement
Email:	Desirae.Bowlby@gov.bc.ca
Phone:	

If you answer "No" to any of the following questions, please contact your Ministry Privacy Officer.

(1) Have you reviewed the PIA GCPE17010 – Citizen Engagement and confirmed that your engagement falls within **ALL** the parameters described in that PIA?

☒ Yes
☐ No

PURPOSE

(2) Is the program area hosting a public engagement to:

- Collect views and opinions of individuals regarding a project, initiative or topic, OR
- Collect feedback from employees, colleagues or members of the public on a given topic?

☒ Yes
☐ No

(3) Please provide a description of the purpose or objective for collecting comments or feedback, and include any proposed additional purposes for the collection of this information.

Crown Agencies Secretariat (FIN) and the Insurance Corporation of British Columbia (ICBC) would like to gather public feedback regarding general interest in an expanded specialty license plate program to include new plates. The information gathered throughout this questionnaire will help inform the potential development of an expanded specialty license plate program.

(4) Please describe who the intended participants will be. DO NOT include names in the description.

The intended participants will be all motorists of British Columbia.

Page: 1

Number: 1 Author: Subject: Date:
P1C1T1#yIS1

How Information Is Collected

(5) Information will be collected in the following way(s):

Select all that apply:

- ☐ through a paper-based sign-in sheet at a public meeting;
- ☒ through an online survey;
- ☐ through an online discussion forum
- ☐ by telephone meeting;
- ☐ by email at a government email address;
- ☐ through focus groups; and,
- ☐ by regular mail (i.e. postal delivery) to a government mailing address.

(6) The online survey or comment form will be administered using software, owned and managed by CITZ. ☒ Yes ☐ No

Collection Notification

(7) The Collection Notice (as provided in Question 8 below) has been included in **ALL** requests for participation. ☒ Yes ☐ No

Describe where the notification will be located:

On the webpage, and at the beginning of the online survey.

(8) Please provide wording of the Collection Notice by entering the purpose and contact information as specific to this public engagement (**highlighted portions indicate program area input*):

Collection notice for online survey:

> Your personal information will be collected for the purposes of informing the Specialty Plates Engagement. If you have any questions about the collection of this personal information, please contact: Director, Citizen Engagement, citizenengagement@gov.bc.ca. This information is being collected by the Ministry of Citizens' Services on behalf of the Crown Agencies Secretariat (FIN) and the Insurance Corporation of British Columbia (ICBC) under the authority of section 26(c) and 26(e) of the Freedom of Information and Protection of Privacy Act ("FOIPPA").

Collection

(9) Will the following reminder be included with **each** open-ended question? ☒ Yes ☐ No

Please do not include any personally identifiable information about yourself or others in your responses.

(10) Is the personal information only being collected from the individual the information is about (i.e. the person being surveyed is providing only their own information and not information about someone else)? ☒ Yes ☐ No

(11) Is the engagement voluntary, i.e. individuals are not required to participate in the engagement? ☒ Yes ☐ No

Use

(12) Will the personal information collected be used only for the original purpose for which it was collected, or for a use consistent with that original purpose? ☒ Yes ☐ No

Disclosure

(13) Will personal information be disclosed only to an officer or employee of the ministry or to the minister if the information is necessary for the performance of the duties of the officer, employee or minister?

☒ Yes
☐ No

SECURITY

(14) Are the security measures implemented for this public engagement in accordance with Part 3 of the PIA for Citizen Engagement – GCPE17010?

☒ Yes
☐ No

(15) Is login information for Engagement sites restricted to those who need it to operate the account?

☒ Yes
☐ No

SURVEY QUESTIONS

(16) Has a copy of the comment or feedback form been attached to this checklist?

☒ Yes
☐ No

PERSONAL INFORMATION BANK

Specialty Plates Questionnaire, v.6.1 **Draft: November 21, 2023**

Survey Title:

Specialty Plates Engagement

Description:

The Province and ICBC are seeking your input for potential expansion of the specialty license plate ("specialty plate") program for British Columbia.

Specialty plates are commonly issued in other jurisdictions as an alternative to a standard number plate. These specialty plates often incorporate an identifying graphic or image to represent the unique character of each organization, cause, or sponsor. Currently, B.C. has a limited number of specialty plates which include the Veterans plates and BC Parks license plate.

The successful launch of the BC Parks specialty plates in 2017 demonstrated that the people of British Columbia are indeed interested in purchasing a unique and attractive license plate design to display on their vehicle. The BC Parks license plate costs an initial fee of $50 with a recurring annual fee of $40. In comparison, a regular B.C. license plate costs an initial fee of $18 with no annual renewal fees. To date, more than 450,000 plates have been sold with over $37 million being re-invested in B.C.'s provincial parks.

The goal of an expanded specialty license plate program in B.C. would be to raise funds for non-profit organizations and charities most important to B.C. motorists.

The information gathered throughout this questionnaire will inform the potential development of an expanded specialty license plate program. All questions are optional, and responses will be collected and reported anonymously.

> Your personal information will be collected for the purposes of informing the Specialty License Plate engagement. If you have any questions about the collection of this personal information, please contact: Senior Director, Citizen Engagement, citizenengagement@gov.bc.ca. This information is being collected by the Ministry of Citizens' Services on behalf of the Crown Agencies Secretariat (FIN) under the authority of section 26(c) and 26(e) of the Freedom of Information and Protection of Privacy Act ("FOIPPA").

QUESTION GROUP A – Background of respondent

QA1. Are you familiar with B.C.'s current specialty license plate program?

- Yes
- No

QA2. Which, if any, personalized or specialty license plates do you have on vehicles in your household? [Multiple choice]

- Personalized license plates
- 2010 Winter Games Plate
- BC Parks
- Veterans
- Collector/Antique
- I do not have a specialty license plate(s) [exclusive option]

- Other, please specify:

Please do not include any personally identifiable information about yourself or others in your responses.

QUESTION GROUP B – Assessing interest in specialty plates

QB1. Please indicate the degree to which you agree with the following statements. [Array 5x3]

Answer options (scale):

1. Strongly Agree
2. Agree
3. Undecided
4. Disagree
5. Strongly Disagree

Sub questions:

- I support the introduction of a specialty license plate program that raises funds for non-profit organizations and charities.
- I would be willing to pay an increased one-time fee as well as the annual renewal fee for a new specialty plate.
- I am interested in having a specialty license plate designed in collaboration with Indigenous partners and with funds directed to support reconciliation initiatives.

[If response to first sub question in QB1 above is 'Undecided', 'Disagree', or 'Strongly Disagree' proceed to QC1; If response is 'Agree' or 'Strongly Agree' proceed to QB2]

QB2. Which types of organization would you be most interested in supporting with a specialty plate? [Single choice] [Randomize options]

- Charities related to health (e.g., organizations in support of cancer research, heart health)
- Charities related to the environment, fish and wildlife (e.g., organizations in support of conservation)
- Charities related to children or social welfare (e.g., organizations in support of community)
- Charities related to the promotion or preservation of arts/culture
- Charities related to professional sports teams
- Charities that support Canadian Armed Forces members and their families
- Charities that support Indigenous peoples and culture
- Charities that support local sports or recreational associations
- Other, please specify:

Please do not include any personally identifiable information about yourself or others in your responses.

QUESTION GROUP C – Motivation for Specialty License Plate

[If response to QB1 is 'Undecided', 'Disagree', or 'Strongly Disagree' proceed to QC1; If response is 'Agree' or 'Strongly Agree' proceed to QC2]

QC1. What is the primary reason you would not be interested in a specialty license plate? [Single choice]

- I would prefer to support charities through direct donations.
- I don't want to spend additional money on a license plate
- It may complicate the process of getting license plates and insuring my vehicle.
- I prefer my donations to be more discreet or private
- I'm not interested in these types of license plates
- I'm satisfied with my current license plate
- Other, please specify:

Please do not include any personally identifiable information about yourself or others in your responses.

QC2. What is the primary reason you are interested in a new specialty license plate? [Single choice]

- To support an organization I care about
- To make my vehicle more distinctive/standout
- Ability to choose a different plate from the standard design
- Other, please specify:

Please do not include any personally identifiable information about yourself or others in your responses.

QC3. Is there anything else about the prospective new specialty license plates program you'd like to share? [Long text, 2000-character limit]

Please do not include any personally identifiable information about yourself or others in your responses.

QUESTION GROUP D – Demographic questions

To help us better understand who is responding to this questionnaire, please provide some information about yourself.

QD1. In which of the following categories do you currently belong?

- I have a valid B.C. driver's license and an auto insurance policy under my name
- I have a valid B.C. driver's license but no auto insurance policy under my name
- I do not have a valid B.C. driver's license or do not have an auto insurance policy

QD2. Please provide the first three characters of your postal code: [Short, open text, 3-character limit].

QD3. Please indicate your gender.

- Man
- Non-binary
- Woman

- Prefer not to answer

QD4. What is your age?

- Under 20 years
- 20 – 29 years
- 30 – 39 years
- 40 – 49 years
- 50 – 59 years
- 60 – 69 years
- 70 years or over
- Prefer not to answer

End message:
Thank you for taking the time to complete this survey, your feedback is much appreciated. Your responses will be used in conjunction with other information to inform the potential development of an expanded specialty license plate program.

Subject: Specialty Plates - final survey

Hi-
We have programmed the survey and I have some final thoughts/adjustments, now seeing it in the programmed version.
Can you set up a discussion (ideally, Thursday, Dec 7) to make some final adjustments. I'll leave it to you decide who should be in that meeting on your side - 45 minutes should be fine.
Also, I understand Dustin is still waiting for some final decisions around the govTogetherBC page and promotion, if someone can move those forward toward decision.

Thanks,
Dominic

Hi Dustin and Dominic,

Happy New Year! I hope you had a relaxing and restful holiday.

I wanted to check in to discuss re-promoting the specialty licence plate survey to re-engage British Columbians post-holidays[s. 13]

Happy to discuss at your convenience.

Thanks,
Hannah

Subject: Specialty Plates - final survey

Hi-
We have programmed the survey and I have some final thoughts/adjustments, now seeing it in the programmed version.
Can you set up a discussion (ideally, Thursday, Dec 7) to make some final adjustments. I'll leave it to you decide who should be in that meeting on your side - 45 minutes should be fine.
Also, I understand Dustin is still waiting for some final decisions around the govTogetherBC page and promotion, if someone can move those forward toward decision.
Thanks,
Dominic

Hi Simi – if it's not too late, ICBC kindly pointed out one minor change to the first question. Is it possible to remove the word plate from the first two options:

- Personalized slogan s. 13
- 2010 Winter Games s. 13
- BC Parks
- Veterans
- Collector/Vintage
- I do not have a specialty licence plate(s) [exclusive option]
- Other, please specify:

Otherwise, it looks good from my perspective.

Thanks,
Hannah

Hi Dominic,

Hannah is currently out of the office, but she's returning tomorrow. Our calendars are both up to date, so if you'd like to go ahead and schedule a 45min meeting that works on your end, that would be great.

Thanks,
~Krysta

Subject: Specialty Plates - final survey

Hi-
We have programmed the survey and I have some final thoughts/adjustments, now seeing it in the programmed version.
Can you set up a discussion (ideally, Thursday, Dec 7) to make some final adjustments. I'll leave it to you decide who should be in that meeting on your side - 45 minutes should be fine.

Also, I understand Dustin is still waiting for some final decisions around the govTogetherBC page and promotion, if someone can move those forward toward decision.
Thanks,
Dominic

Hi Dominic,

Hannah is currently out of the office, but she's returning tomorrow. Our calendars are both up to date, so if you'd like to go ahead and schedule a 45min meeting that works on your end, that would be great.

Thanks,
~Krysta

Subject: Specialty Plates - final survey

Hi-
We have programmed the survey and I have some final thoughts/adjustments, now seeing it in the programmed version.
Can you set up a discussion (ideally, Thursday, Dec 7) to make some final adjustments. I'll leave it to you decide who should be in that meeting on your side - 45 minutes should be fine.
Also, I understand Dustin is still waiting for some final decisions around the govTogetherBC page and promotion, if someone can move those forward toward decision.
Thanks,
Dominic

Hi Hannah,

I'm a fan of the graphics because they don't specifically call out the BC Parks plates. Those images would be great for social media copy that can draw the connection to the BC Parks plates while emphasizing how this is different.

For our purposes, I'd actually like to use all of these on X/Twitter. I'll draft some content for review shortly. Did we land on a final version of the govTogether page? I've been off three days so just getting my bearings.

I apologize to Simi for stealing the good news opportunity, but the social media push had a noticeably positive impact. Now at 7,773 survey completion and climbing.

Subject: RE: Week 5 Trending Report: Specialty Licence Plate Engagement

Thanks Simerjeet! I know there was some push on this social media this week. Are we still hovering above 6600 for the number of survey respondents? It may be too early to ask but are there any themes starting to emerge?

Subject:	Specialty Licence Plate Engagement - Themes
Sent:	01/23/2024 15:55:36
Attachments:	Specialty Licence Plates Dashboard_2024-01-23.pdf

Good afternoon,
In response to Hannah's request for insight into survey responses and themes, please find the attached document that Simi produced using the Power BI dashboard created for analysis. Detailed theming of all open text box comments is just beginning, but the word clouds in this document will give you some idea what respondents are saying, as well as the current responses to all quantitative questions. Please let us know if this is sufficient for now or if you require additional information.
Sincerely,

Jamie Elmhirst
Citizen Engagement Lead

Specialty Licence Plates Engagement

Completed responses:
8004

The Province and ICBC are seeking input for potential expansion of a specialty licence plate program for British Columbia.

Specialty plates are commonly issued in other jurisdictions as an alternative to a standard number plate. These specialty plates often use a graphic or image to represent an organization, cause, or sponsor. Currently, specialty licence plates in B.C. include the Veterans commemorative plate and three BC Parks plates.

The successful launch of the BC Parks specialty plates in 2017 shows that the people of British Columbia are interested in purchasing a unique and attractive licence plate design to display on their vehicle. The BC parks licence plate costs an initial fee of $50 and a recurring annual fee of $40. In comparison, a regular B.C. licence plate costs an initial fee of $18 with no annual renewal fees.

A questionnaire is being used to gather information in efforts to inform the potential development of an expanded specialty licence plate program.

The questionnaire results in this document are as of January 23, 2024.

			4261	BCSPCA												
			4331	Charities supporting animal welfare/shelters ie BCSPCA												
			4416	SPCA or helping animals												
			4426	Search and Rescue, Volunteer First Responders (e.g., volunteer firefighter)												
			4481	SPCA or any other animal rescue group												
			4506	First responders (police, firefighters, paramedics)												
			4516	Sports teams (for major teams) charge a lot more make sure the money goes to initiatives not owners												
			4521	Why not sports teams like the lions and canucks?												
			4596	Non profits												
			4601	Spca or any animal non profits												
			4756	Local fundraising efforts like car shows !!! Hey, that is the vehicles that get the plates! Let's go with personalized collector plates that allows the owner to personalized his/her car and makes a contribution. Make that money go towards charities supported by local car clubs / car shows. For example, the Langley Good Times Cruise-In isa show that combines classic cars and contributions to local charities.												
			4766	Geocaching												
			4796	Plates raising funds for volunteer search and rescue organizations												
			4826	animal / welfare charities												
			4911	Why charities? Why does it always have be about charities. Why not just different plate options. If you need to charge a fee, fine.												
			4946	LGBTQIA+ organizations.												
			4961	Non-profits that support gender & cultural diversity where it's lacking												
			4966	All of them, but wasn't allowed to choose that.												
			5076	Non profits based on local communities (BIA's)												
			5096	Animal rescues												
			5151	Law enforcement support												
			5281	Climate change, BC landmarks (additional to current parks), history												
			5461	Autism												
			5496	Charities related to bcspca or rescue organizations												
			5516	Religious messages												
			5521	BCSPCA												
			5546	/ N ONE												
			5606	Geocaching Association												
			5681	More parks plates variety												

5701	First responder plates, police, fire, ambulance
5706	Animal welfare
5911	Adaptive snow sports
5956	inverse colour black plates like california
5971	animal rescue cats and dogs
5976	Plates with different colours, animals or landscapes that you can choose from but would benefit a charity of your choice (like an orca whale with a blue background but I want the money to go to the spca or the food bank).
6091	Enthusiasts clubs
6121	Animal welfare (Pets etc.)
6141	Post secondary schools (ie: UBC, BCIT, UFV, SFU etc.
6176	Search and Rescue
6211	Any well known charity
6316	Charities that support wildfire relief
6331	Spca, cone zone, slow down move over law
6486	Volunteer Fire and Search and Rescue departments
6496	FIFA World Cup 2026
6561	Animals like B.C. spca
6566	Fostered and adopted children, especially post secondary education.
6661	Religious
6671	International ngos or women’s right ngos
6686	Sports Teams, Hello Kitty Theme plates
6701	sports teams
6856	Charities to prevent racial discrimination
6931	Universities/Colleges
6951	SPCA
7021	RCMP Veterans
7091	Handicap Plate
7121	bc lions, van canucks, van white caps
7141	Young kids sports programs to offset high expenses for the parents
7236	Religious charities that support the poor/education/communities
7241	Animal welfare/charity
7251	All of the above
7271	Emergency Responders (eg volunteer Firefighters)
7346	Legion
7406	BC SPCA
7421	SPCA
7501	Animal rescue
7521	Fire departments. Similar to veterans plates but “firefighter”
7546	Charities that promote automotive culture(car clubs and other automotive enthusiasts)
7551	SPCA,
7591	Firefighter plate
7606	Service Organizations, including Freemasonry
7611	Police
7616	Fire Service plates, similar to those seen in Manitoba and several US States
7661	support pets
7681	SPORT TEAMS BC LIONS, WHITECAPS VANCOUVER CANUCKS
7766	license plates for bike racks
7781	non-profit organizations
7796	I would probably just stay with the parks plt personally though none of the above seem objectionable
7856	Guide dogs for blind
7861	Non-profit parks
7866	Anti-violence organizations

			7881	Hospice Societies											
			7906	Non-profit only											
			7936	SPCA - Cruelty to animals											
			8021	Human Trafficking and violence											
			8116	Firefighter license plate to support Fire safety											
			8176	drunk driving, addictions, homelessness											
			8216	I don't think ICBC should be restricting or policing this to be frank, you are not the thought police.											
			8236	Firefighters											
			8316	Charities that bring awareness to motorcycles and injured riders											
			8346	SPCA											
			8396	Domestic Animal Rescue											
			8416	First Responders											
			8506	Animal Charities											
			8531	First Responders											
			8596	Animal shelters											
			8611	HABITAT FOR HUMANITY											
			8881	Support for search and rescue teams											
			8901	SPCA (animals)											
			8941	SPCA											
			9166	Animal shelters/SPCA											
			9171	Firefighters											
			9201	SPCA/animal welfare											
			9251	Charities that support mental health/illness (eg counselling, therapy, etc)											
			9356	Charities related to animals and animal conservation.											
			9361	Premium plates that have higher fees for luxury vehicles											
			9421	SPCA											
			9446	Not sure. Would have to see what is being offered											
			9476	Gay shit											
			9616	Animal welfare											
			9676	SPCA, animal rescue associations											
			9751	MADD											
			9781	SPCA											
			9811	Homelessness											
			9866	Special Olympics BC											
			9896	SPCA											
			10046	JUST about every other province has NHL plates....lets get with the times!											
			10106	First responders											
			10156	MADD Canada											
			10246	impaired driving											
			10251	In support of BC Search and Rescue Teams											
			10266	SPCA											
			10286	Animal welfare, aviation related											
			10316	CHARITIES FOR AUTISTIC AND NEURODIVERSE PEOPLE											
			10331	car culture											
			10456	Animal welfare											
			10631	BC SPCA											
			10646	plates for disabled people											
			10786	Car clubs											
			10831	Car charity like the lower mainland Christmas bureau											
			10871	Freshwater Fisheries Society of BC											
			10876	Universities such as SFU											
			10891	Bc spca, or animal rescue.											
			11056	Original year of vehicle manufacture											
			11091	Collector Car Clubs, bursaries to school mechanics programs											
			11161	Canucks plate with proceeds going to Canucks for Kids/Canucks Autism Network											
			11226	Charities that support developmental disabilities eg autism											

11241	Canucks/BC Lions
11331	Animal rescue organization
11381	Charities related to animals / SPCA
11401	SPCA
11426	Year of mfg plates through the vanity program
11446	car clubs
11451	COLLECTOR PLATES
11491	animal shelters and local rescue orgs
11556	Charities supporting public post-secondary schools
11616	SPCA
11626	SPCA
11676	Jimmy Buffett/ Parrothead Themed Plate
11901	Charities that support Animals (SPCA)
11906	Different styles. Like California has!!
11976	Year of Manufacture plate like other provinces
12021	SPCA
12106	pets (cats, dogs, ect)
12126	Charities that fund education opportunities for equity-seeking individuals
12146	I dont think the cirrent list should be expanded.
12156	animal rescue charities
12191	Old car hobby
12201	organizations that support mental health/illness
12236	The veteran plate should be those who served during any conflict in support of Canada. There should be a military plate for those enlisted in the Canadian forces currently enlisted or retired with an additional tag (retired)
12386	BC SPCA
12426	Specialized volunteer firefighter plates
12476	Year of manufacturing for collector cars, ie 69 RoadRunner can register a 69 plate or similar
12496	Support for universities.
12566	Original era correct plates (eg 1957 on a 57 car)
12586	Professional motorsports and or groups
12601	Collector plates
12691	Educational Institutions
12721	Reinvest in original Collector Plates for Hot Rods, Restored & Vintage Vehicles only
12736	Canucks, Whitecaps, Canadians, Lions
12796	any of the above
12966	Rotary work
12976	Coast Guard & Military
12991	Familirs of Victims killed by drunk driverss
13156	Christian charities
13166	Local attractions, view sites, and locations
13176	Specialty Vehicle Organizations
13226	Seniors Homes
13286	You shouldn't have put a maximum on the selections to choose. All option are good, also include EMS, volunteer fire fighters, RN's, doctors. Look at the US states.
13316	Animal Rescues
13351	Non profit organization BC SAR
13416	United Way
13456	Spca
13461	SPCA
13511	Search and Rescue/St. John Ambulance
13696	None
13791	Supporting tobacco use for minors
13806	Victims of domestic violence
13901	BC SPCA

			14011	Charity like bc childrens hospital											
			14091	First Responder Plates (Paramedics, Firefighters, Police)											
			14126	SPCA											
			14141	Nhl teams											
			14201	Favorite sports team											
			14291	BC SPCA											
			14316	Pet rescue charities											
			14396	First responders											
			14621	First Responder / PTSD Charities (like Honour House)											
			14631	Schools and universities. Other sports like rodeo											
			14691	BC Search and Rescue											
			14776	All of the above											
			14831	Animal like SPCA											
			14921	spca											
			14951	support for the SPCA											
			15101	Fire Departments and the service industry. ID would be required for these plates											
			15111	SPCA											
			15186	Custom Vehicles											
			15191	BC Wildlife Federation											
			15571	University alumni											
			15581	Charities that support people injured in claims that icbc didn't cover all the damages											
			15611	PRIVATE CLUBS											
			15616	Police officers / veterans											
			15791	Lgbtq organizations											
			15821	Museums											
			15856	museums											
			16091	Legitimate NPO or Government program to aid the homeless to homed											
			16116	SPCA											
			16176	museums											
			16261	Charities for mental health											
			16301	Animal welfare, not just specifically wildlife also domestic											
			16331	Where is your money ICBC, it's not always enjoy your bonuses and ask public you not just pay taxes, high prices and on top of run charities. If govt can write check to media houses then for sure cut down your vacation on public money and think about what needs to be done. Then I don't mind contributing.											
			16556	Charities related to the health and well being of rescued animals, ie Horse/ Dog/Cat Rescue											
			16561	only Victoria & BC charities											
			16576	Non profit like Onesky											
			16701	support of Collector Vehilces											
			16786	Girl Guides of Canada											
			16916	Year of manufacture plate (original plates) for example 1942 B.C. Plate for 1942 Ford											
			17191	spca											
			17211	The money should be used to fix the issues involved in getting vehicles repaired in a timely fashion. Charity is all good but it is just a feel good story to tell people to distract them from the reality that ICBC is in complete disarray when it comes to serving customers beyond taking their money.											
			17221	2010 plate return would be sick											
			17366	None											
			17376	Oppose religious or political self-identification, military and vain sports.											
			17506	Organizations that support youth and women in STEM											
			17721	Companion animals BCSPCA and Rescues or shelters											
			17751	Pacific Assistance Dogs Society, BC & Alberta Guide Dogs											

			17796	Emergency services											
			17891	option to support small charities NOT large charities like United Way or CAN as they have other sources of funding											
			17926	Other charities, like Masonic											
			18041	none											
			18051	Vintage plates related to the year of the car											
			18141	Charity the supports motor sports											
			18181	Pacific Assistance Dogs - supporting people with disabilities											
			18196	Disability advocacy											
			18261	Pacific Assistance Dogs Society (PADS)											
			18381	Auto years											
			18546	All the above.											
			18761	Freemasonry											
			18926	Animal welfare ie. SPCA											
			18961	Animals											
			19001	Children's Hospitals											
			19011	Rcmp											
			19066	LGBTQ community and support of transgender kids											
			19081	Charities that provide accredited assistance dogs (Ie Pacific Assistance Dogs Society) or Guide Dogs (like BC Guide Dogs) at no charge to qualified applicants											
			19141	Animals humane society SPCA											
			19171	Support persons who have the need for an assistance dog (Pacific Assistance Dogs Society)											
			19176	Personalize plates											
			19221	The collector car program											
			19231	Salmon											
			19256	PADS or BC/Alberta Guide Dogs											
			19286	Charities that support disabled											
			19296	Animal Welfare/Rescue											
			19356	Pacific Assistance Dogs Society											
			19466	Car Club Associations Plates											
			19521	British Columbia Hot Rod Association											
			19526	PADS - Pacific Assistance Dogs Society Society											
			19536	BCWF											
			19561	First responders.											
			19641	Trades programs for youth and young adults											
			19666	Custom plates											
			19906	Coast Guard & Military											
			20001	Disability charities such as Pacific Assistance Dogs or BC Guide dogs.											
			20156	Community engagement organizations											
			20261	Vancouver Canucks											
			20286	Avalanche Canada											
			20436	Religion											
			20441	Homelessness											
			20561	Charities to help animals											
			20631	UNIONS											
			20696	BC parks only											
			20871	Animal rescue											
			20981	I think BC should create plates specifically for senior citizens (aged 65 and older) like they do in japan											
			21151	charities in support of keeping classic cars on the road											
			21181	Supporting fist responder and volunteers police, Paramedics, fire, sar											
			21241	GoFishBc / Freshwater fisheries of BC											
			21271	Animal welfare like spca											
			21476	Charities that support animals. Like s.p.c.a											
			21816	Charities that support Alzheimer's & Dementia											

			21981	I would only donate to organizations that help with families in need or the homeless.												
			22041	Classic car												
			22196	Sports teams												
			22266	Car clubs or personal car												
			22346	Local indigenous artists, should be able to style a plate have it voted on and receive a commission from selected plate towards their band or community.												
			22381	Animal rescues both wild & domestic												
			22536	Motorsport related												
			22646	Support to local lgbtq programs. I'm surprised that's not an option												
			22711	spca												
			22746	Not for profit groups who do not have charitable status												
			22771	LOCAL search and rescue												
			22781	Canadian Seniors												
			23006	Road tax												
			23146	Period license plates for collector cars												
			23241	Ruth & Naomi’s Mission in Chilliwack												
			23586	Fishies												
			23631	Vintage plates												
			23726	Local clubs												
			23736	Bcspca												
			23781	Pictures of our land in bc, real true Pictures printed to the plate												
			23786	Original year plates for collector/vintage. Example, a set of original 1964 BC plates to use on a 1964 vehicle.												
			23961	Canucks themed												
			24306	Homelessness												
			24321	Professional affiliations, P.Eng. C.Tech												
			24436	Charities for Low income parents or Single mothers, Children of low income & orphanage												
			24541	Homeless												
			24561	Canucks												
			24576	Assistance Dog Societies that support clients from the areas listed above as well as people with disabilities, and community care practictioners that support vulnerable populations												
			24756	Support healthcare workers and supporting the healthcare system.												
			24816	Classic plates for collector cars. Like an old 1957 BC plate for a 57 Chevy.												
			24936	Custom colours or designs												
			24976	team canada karate championship												
			25036	all of the above												
			25056	Chinese New Year												
			25101	Charities that support black people on all of the issues identified above												
			25186	Car clubs												
			25371	Food banks												
			25416	Car clubs												
			25441	SPCA												
			25476	Year of manufacturer license plates for old cars, ie (1954 Chevrolet plates for a 1954 Chevrolet car.)												
			25521	seniors programs												
			25601	Something that supports Global Warming												
			25641	Wheelchair users maybe Rick Hansen												
			26241	Animal Welfare												
			26246	Non profits represent or support first responders ie BCSARA, BCPFFA,												
			26301	Back Country Anglers and Hunters												
			26421	Canadian Coalition for Firearms Rights												
			26461	Backcountry hunters and anglers												

			26476	classic cars owners												
			26536	Disability organizations												
			26666	Classic car groups and use of old BC plate matching the year of the vehicles												
			26721	Hospitals. our Healthcare facilities need all the help they can get. Another idea could be support for educating doctors and nurses by way of bursaries or no interest educational loans.												
			26766	Support for Police (“Back the Blue”) plates												
			26866	Organizations that support the Vintage Car hobby.												
			26876	Only organizations like BCWF, Wild Sheep Society of BC NOT pacific wild												
			26891	BC Wildlife Foundation												
			26901	Back country hunters and anglers												
			27011	PADS/Guide dogs												
			27131	Freshwater Fisheries Society of BC												
			27146	Charities related to fish and wildlife/hunting												
			27191	Classic Vehicles												
			27301	All of the above answers, this only let's me choose 3												
			27376	non profit car related org. such as SVABC												
			27411	Charities related to animal welfare												
			27486	Support for safe injection sites, drug checking sites and mental health services and initiatives												
			27526	Anything wildlife related												
			27601	Specifically backcountry hunters and anglers and the bc wildlife federation												
			27671	Backcountry Hunters and Anglers of BC												
			27881	SPCA												
			28146	SPCA												
			28431	doesn't matter what organization, it all depends on the look/design of the plate												
			28496	Emergency Responder Organizations(EMS, Police, Fire)												
			28646	Greyhaven Exotic Bird Rescue												
			28681	Food banks, homelessness												
			28691	SPCA												
			28696	Professional firefighters charitable societies as they give back into the local community.												
			28831	Charity to help animals												
			28971	Christian												
			28981	First responders & medical staff												
			29236	Wolf plate to oppose the cull												
			29271	Shriners , Canuck place, SPCA												
			29276	Freshwater Fisheries Society												
			29281	Charities that support people with disabilities												
			29296	Collector vehicle association												
			29341	First responders												
			29406	vintage car clubs, historical societies, clubs												
			29426	animal welfare (spca, etc)												
			29431	I don't think the funds should go to charities, think about the programs and enforcement to protect the use of handicap parking. If I had to choose a charity, it would be to the health organizations												
			29466	SPCA												
			29576	Anything g related to supporting ALL children and youth sports.												
			29616	Charities related to mental health and the SPCA												
			29676	SPCA or other pet related organizations												
			29691	I don't care.												
			29706	Volunteer Firefighters												
			29711	I’d like to register vintage BC plates the same year as my vintage car												
			29841	Homeless people												

			29856	Historical sites. buildings and Cities												
			29861	Masonic												
			29871	BCSPCA												
			29876	Animal rescues like bcspca, etc.												
			29896	Local animal rescues												
			30091	Original vintage year plate for collector status vehicles of same year												
			30111	Food banks												
			30241	Animal Rescue												
			30301	Khalsa aid canada												
			30336	Charities for Local seniors												
			30371	SPCA												
			30421	More BC Parks and Parks Canada Plates												
			30431	BC Geocachers Association												
			30481	You need to do volunteer firefighters, funds could go to small halls to purchase equipment. Hey, these folks will be the first ones actioning interface fires.												
			30576	non profit animal rescues not BCSPCA smaller organizations that need the funds												
			30666	Community Non Profit groups that do not have charitable status												
			30756	Non profits that support recreation associations												
			30776	SPCA												
			30796	Four Wheel Drive Association of BC - covers many of the above topics												
			30906	Make sure the indigenous plate is not cultural appropriation (otherwise I love the idea)												
			30921	Park trai upgrades												
			30981	Animals												
			30991	BC Snowmobile Federation												
			31116	Outdoor recreation clubs like ATVBC												
			31151	Motorized builds and maintenance												
			31186	non-profits that work in BC Parks												
			31196	BC Parks												
			31211	Wildfire												
			31256	Disability (eg. SCI BC)												
			31381	Supporting outdoor recreation												
			31386	Non-profit organizations that are stewards for recreation sites and trails, eg Vancouver Island Dirt Riders Association												
			31441	Specialty Vehicles												
			31496	BC Parks												
			31601	Hobbies												
			31606	Charities with disability (Accessible) awareness												
			31621	Sports Teams, how do you not have Canucks plates yet?												
			31731	Accessibility like Rick Hansen foundation												
			31791	Handicap image in place of where the old registration sticker was												
			31831	Search and Rescue/Firefighters/paramedics												
			31886	NAACC , National Association of Automobile Clubs of Canada												
			31911	BC SPCA												
			32026	Freemasonry and our local car club												
			32031	Special Olympics BC -supporting those with intellectual disabilities year-round sport opportunities												
			32076	BC Burn Fund												
			32086	SPCA due to they do not receive any government funding												
			32101	Support equistrian organizations												
			32121	Equestrian associations												
			32186	SCI BC												
			32206	Charities that maintain non-motorized trails												
			32211	Backcountry horseman or trail riders												
			32376	Firefighter												

Summary for QC1				
What is the primary reason you would not be interested in a specialty licence plate?			**ID**	**Response**
Answer	Count	Percentag	206	Not all charities are as charitable as all others(management fees). On top of that where do you draw the line without being seen to be favouring some over others
I would prefer to support charities through direct donations (A2)	320	17.88%	786	No tax receipt
I don’t want to spend additional money on a licence plate (A3)	617	34.47%	911	Support one time fee, but not annual fee
It may complicate the process of getting licence plates and insuring my vehicle (A4)	51	2.85%	1036	I do not want to pay a annual renewal fee. would pay a 1 time fee
I prefer my donations to be more discreet or private (A5)	113	6.31%	1111	The amount that these plates generate is so little it’s probably not work the administrative hassle
I’m not interested in these types of licence plates (A6)	134	7.49%	1581	I am contemplating obtaining these
I’m satisfied with my current licence plate (A7)	279	15.59%	1656	Money going to the government
Other	260	14.53%	1761	Would pay fee for plate but not every year thereafter
No answer	16	0.89%	1776	current offerings have no interrest to me
			1891	I would like to be able to select my own charity.
			2011	Haven't thought about it.
			2121	When trying to identify a vehicle it becomes harder to clarify because of different colors.
			2146	No need for it!!! Period!!
			2166	BC parks already doesn't get enough funding, lets focus on that
			2486	It would depend on the charity
			2641	I prefer plates to be standardized. It's hard to memorize plates when incidents like crashes happen when not standardized. The parks plates have AA12345 format which is different from the standard
			2746	I’m okay with specialty license plates but obey to your own rules. BC park’s plates are way too dark and almost not readable unless they are just coming out of the car wash
			2856	Tacky
			2931	Not sure
			3046	Don’t like current plates
			3136	You can not read them and allow for nefarious actions with people that buy and use these playes
			3161	I would support if the government didn’t piss away all our money
			3456	I am interested
			3581	ICBC RIP OFF
			3941	Which hard for the government to decide which groups can and can’t use the program and also ensure they are deserving of the plate
			3961	High fee
			4021	I don't usually like the designs of specialty plates. I like the simplicity of classic plate designs (simple, dual tone, solid colours)
			4086	Give me Canucks plates!
			4121	As ad medium I want a cit of the advertising dollars
			4131	I fear BC Parks will lose revenue by introducing more specialty plate options. Also, charitable "donations" should remain tax deductible.
			4166	I pay more than enough to ICBC for what I get. Just another money grubbing quasi government controlled stick it to the public organization.
			4236	Not interested in plates for private fundraising

			4466	license plates are for identifying vehicles. I've driven in other jurisdictions with many different specialty plates and it's confusing. it gets very difficult to even know what jurisdiction they are from. safety is more important than anything else. I think there are already too many different plates. please no more											
			4476	Hard to ID plates on other vehicles											
			4806	Should be a one-time fee, not recurring											
			4956	Charities and nonprofits don’t need more money. Also what if down the road we find out a charity was a scam like WE											
			5036	Two few characters allowed - other provinces allow 7 characters instead of only 6											
			5046	like consistency and easily identifiable plates as a driver for provinces											
			5171	All plates should be one standard per jurisdiction											
			5331	additional annual fees.											
			5426	s. 22											
			5536	s. 22 I find most specialty plates to be difficult to read.											
			5581	There will be a lot more angry people on the road if they don't agree with their license plate 'donor'.. leave license plates alone!											
			5686	i am interested											
			5831	I do not need a new plate yet but am considering one (bear) the next time I have to get a new plate											
			5866	Next tanging you know we'll not be able to tell what Province a vehicle is from !											
			6036	This programme smacks of virtue signalling and would distract from the recognition afforded to veterans plates and to identify amateur radio operators.											
			6061	Licence plates should remain more uniform to serve their basic purpose.											
			6201	Detracts from being a provincial license plate.											
			6246	Terrible idea											
			6426	All specialty plates are harder for the police to read than the normal plates thus partially negates the purpose of licence plates. Let those who wish to advertise their generosity use bumper stickers.											
			6551	Annual renewal fee is too high											
			6571	License Plates should represent BC, not various charities that some people may not support.											
			6581	theft protection?											
			6656	Why not allowing sports team plates, like Alberta does, however allowing plate holder to direct fees to selected and approved charities to											
			6746	I don’t think one branch of govt (ICBC) should fund raise for another branch (bc parks).											
			6791	It takes away the beauty of your vehicle. More attention directed to a licence plate than the car.											
			6806	Complete waste of money											
			6811	I feel it will diute the importance anf significance of of the Veterans plate. This should be a special plate to honour those who served. It stands out as significant right now. If everyone has a specialty plate then Veteran's plates wont be unique.											
			6821	I like them and would get one if it was a one time payment. I avoid anything with an endless annual or monthly charge.											
			6831	I don't like the idea of an annual fee (I prefer to donate to different charities)											
			7061	Current options don't seem worth the cost											

			7076	A plethora of license plate types makes it harder to recognize out of province plates and some are much more difficult to read than others already. Bc parks feels like a fine non partisan addition but beyond that and veterans seems like a headache waiting to happen.											
			7146	Licence plates are hard enough to read in blue and white. Should stay blue and white for quick and easy identification of plate jurisdiction.											
			7266	just stop with the distraction. fix the 2nd hand taxes, your ceos are trash.											
			7326	Make your service not complete shit perhaps?											
			7376	If options continue to increase to include some of these smaller organizations it will lead to confusion around what BC licence plates actually look like when there would be so many different ones for all of these different organizations on top of the ones that already exist. Given today's ever increasingly political environment this could lead to further direct targeting, harassment etc and become a safety concern as well.											
			7391	I don't want to pay an annual fee but more inclined for a one time fee											
			7571	Prefer everyone have the same plates, with the exception of Veteran											
			7701	All BC plates should be the specialty plates for all, wouldn't it be nice if every vehicle had these plates, probably costs every little more to make. Or have one time fee, the government always wanting money from us.											
			7706	causes confusion with different patterned plate designs											
			7761	I may want my licence plate to be more discrete, and not advertise an organization or cause I’m supporting											
			7811	BC personalized plates need to be updated. if they were updated there would be better uptake											
			7926	a one time fee with no annual fee											
			7951	How do we know where the money is getting to the proper charities?											
			8006	I do not want to see it commercialized. The Vets and BC Parks are sufficient.											
			8071	it would depend on where the money went and what % of it actually went to the charity											
			8081	Should only have to pay for five years that's enough donation for any special license plate											
			8136	Depends on the organization											
			8181	just do the same as the old days - too much stupid socialist shit going on											
			8276	I don't feel that ICBC should be using geirbtime to raise funds for special interest groups											
			8306	Cost is too high											
			8421	I don't want to pay for a specialty plate every single year											
			8521	i would purchase a specialty plate if i received a tax receipt for the charitiy(ies) supported through the payment											
			8646	Don’t need any more options, current options are enough											
			8831	i do not get a tax write off even though it is a donation											
			8836	I don't want to pay an annual renewal fee for a specialty plate											
			8846	My plate is only a couple years old and the top layer is peeling away											
			8991	Will increase costs to ICBC for processing,, manufacturing, etc and this increased cost will be passed on to the paying public.											
			9026	Dilutes the meaning of veterans plates											
			9101	Don’t think license plates should be advertising											
			9106	State has a responsibility to stay separate from any organization											

			9246	The plates should be available for purchase but should not have an annual fee											
			9556	Design is an important factor and interests											
			9621	ALL Provinces should have their own recognizable license plates so to be easily identified!											
			9706	willing to give to BC Parks again, but add a few more choices like Okanagan Wine country											
			9736	Too divisive. We should all have the same plates.											
			9846	Creates confusion											
			9861	I like to be able to identify a plate by province alone.											
			9956	I stand by the parks plate											
			10066	They cost money											
			10096	Concerned that the extra fees could increase at a later date											
			10471	ICBC has no reason to be in donations to charities, cheapens the integrity of the corporation											
			10486	The BC Parks plates are very difficult to read. Anything that makes it more difficult to read shouldn't be allowed											
			10671	I do not want to see religion, or divisive politics rolling around the province. That opens up opportunities for vandalism or violence.											
			10776	The government should NOT be endorsing ANY charities, many of which are shonky &/or religious bigots.											
			10941	The BC Parks plates are currently VERY hard to read, and wouln't support											
			11006	All of the above											
			11291	I dont believe these groups are entitled to specialty plates											
			11306	cheapens the BC brand											
			11436	Creating a conspicuous class difference among drivers who can pay to appear elite.											
			11571	The annual cost cannot be too expensive. Around $20.											
			11651	I do not want to pay an annual fee. A one time payment should be enough											
			11721	Would rather have year of manufacturer plates like just about every other jurisdiction in north america											
			11821	I don't know the cost of the specialized licence plates.											
			11921	s. 22											
			11956	I don't mind paying a 1 time fee, but the yearly fee should be lower in cost.											
			12136	I'd like to support another charity											
			12516	Not happy with the unease of reading the BC Parks license plates with colors and big images											
			12611	I'm concerned adding other charities will detract from the revenue collected from BC Parks plates. Licencing is a provincial process and should support the provincial infrastructure of parks											
			13021	This sounds like a tax write off for ICBC. We donate but you get the kickback.											
			13066	Depending on charity organization it could incite hate and make owner a target											

			13116	Direct donations is preferable. The primary reason is a preference that donations be private, but this is poor framing of a survey question. There is donating in private or donating and being public about it and then there is advertising such activity on your vehicle 24/7 365. I don't want the recognition, backlash or anxiety associated with groups that may be political in nature. I don't want to deal with having/advertising such an affiliation on the road, nor do I want to deal with any inference that may be gleaned by my choice not to affiliate in this way. A private donation option I think would be sufficient for those genuinely interested in charitable endeavours, whereas a bumper sticker from the province, similar to the OK sticker for ZEVs would be sufficient for those looking to donate for the purposes of getting recognized in public.												
			13236	it's ugly												
			13396	Having to change my license number												
			13481	I support and have one of the existing park plates but I do not support expanding the plates for other reasons. Make more park plates to support our parks, because it is going towards something for everyone.												
			13566	While I wouldn't mind spending extra for a specialty plate, having to pay extra every year to keep it is ridiculous												
			13721	s. 22												
			13761	Depends on how much I want the licence plate! Used to have a BC parks plate and I like how pretty they are												
			13766	Enough with the fees already!!!												
			13846	One time fee + annual fee. Paying both is too much. Bad enough BC insurance is high as is. If spcialy plate is chosen, only current annual rate fee is suffice.												
			13966	Waste of taxpayers money												
			14336	I might not support the values or services provided by the funding the plates generate												
			14356	On a fixed income another annual fee would be a hardship												
			14406	recurring fees too high												
			14796	This opens the door to controversial causes like pro-abortion and fringe political groups, as is happening in the United States. Ultimately they are sounded license plates are not freedom of speech, but it will put ICBC in a position of "policing speech."												
			14876	I think this should be a donation write off on your taxes, weather in part or full.												
			14971	I would prefer no annual fee after the initial fee												
			14986	One time fee only. Reason we do not have speciaty LP is the recurring annual fee. One time fee only.												
			15131	I would see to see that the overall cost of specialty plates is not contributing to the already high costs of vehicle insurance.												
			15351	Prefer if it were more affordable to get one. Love the idea of charities. Perhaps lower the amount for personal plate, and go to rear only to save money												
			15486	because the parks plate is ugly green												
			15591	It is not clear if the additional fee is going to be donated to the charities.												
			15691	Current cost of insurance, I have checked into the plates before but the cost was not something I could afford												
			15696	Please get rid of front plates												
			15996	I wouldn't purchase one unless it was a cause I cared about												
			16021	Donations are a private matter and creating a bunch of unique license plates takes away from what veterans have sacrificed. Canada barely recognizes us as it is anymore.												
			16031	No reason												

			16386	I would prefer if ICBC were stripped of its monopoly. All BC drivers deserve better.											
			16391	I don't want to sign up for more annual fees											
			16686	The only reason I wouldn't is if none of the charities were of interest											
			17121	Licence plates should reflect our beautiful province of British Columbia, honour our vets and not pander to politicized anything else. Our License plates are seen across North America and should be easily identifiable as BC and the pride we have in our province.											
			17261	Custom plates are easy to remember when doing illegal shit											
			17351	I'd like to have the clearest licence plate possible											
			17406	Feel like we are inadated with charity donations. Not sure it belongs on a vehicle											
			17491	I believe it should be a one time cost to people Include things like sports teams, universities, etc much like Ontario. Ensure members who are coming from out of province an option to keep their graphic plates from other provinces since stickers are no longer applicable in most areas.											
			17511	dont want to pay a added annual plate fee one time fee is ok											
			17536	Like the plate style don't really care about the donation part											
			17621	Although we currently have park plates, we don't agree with the annual additional fee. We paid up front to have the different plate but that doeant mean that we want to keep paying it every year.											
			17766	I would like to know how much of the annual fee is actually going to the program/charity											
			18091	No find a nice license plate desing											
			18251	I’m okay with this											
			18306	I like the idea of speciality license plates, but I don't think a charity aspect is necessary unless it is optional. Not all of us want our money going to xyz charity just because we want to get a special license for a business, in the future.											
			18336	Don't want to pay annually, up front payment makes sense but annual charge makes them unaffordable											
			18391	see below											
			18406	I am indeed, so none of the above applies											
			18721	Waste of government funds and resources											
			18826	1											
			18861	there may not be an attractive enough design or a charity I support											
			18966	Icbc charges to much for everything to add another charge ridiculous											
			19361	Because you already extort enough money from people											
			19576	Depends on the Charity and the Cost											
			19806	I don't mind paying an annual fee that includes the price of the custom license plate, but paying one fee and then another for the same plate yearly feels like a money grab. Just add the price to the insurance and let us pay that way or let us do a one time annual fee pls.											
			19941	I don't mind spending money while getting the plate. I don't want to spend more each time I renew my insurance											
			19996	I don't trust ICBC to not be profiting from it in some manner or another.											
			20206	Plates should be standard color / pattern for ease of identification.											
			20241	I don't like the idea of certain organizations getting special treatment											
			20306	A one time fee is fine, but a yearly fee is dumb as shit											
			20661	There are a number of reasons. Too many to encompass here. However, I do believe that the Park Plates should continue.											
			20721	I don’t want to pay an annual renewal fee											
			20746	The recurring fee is too large of a percentage of the initial fee											

			20831	Lower mainland is expensive as it is												
			20951	I don't mind the one time fee but a renewal should be the same as with a regular plate renewal												
			21331	All the above. Plus this discriminates on charity/non-profit from others. How would ICBC decide which charity is on the panel to get a customer license plate - only the "rich" and famous??!!! Stop creating procedures and policies that adds discrimination in the society.												
			21346	The yearly fee is a huge deterrent. One time fee to cover plate cost and donation would be much easier to swing.												
			21491	I would sooner pay a one time fee than a reoccurring fee.												
			21496	ICBC parasites trying again to ripp us off												
			21611	Dark letters on dark plates make law enforcement difficult. s. 22 Please consult police before designing plates - ICBC doesn't use plates, they use registration numbers. The only organization that actually uses a plate number, police, is not being consulted with what they need to see.												
			21811	People use them only just for showoff that can separate the society												
			22106	The current pricing is enough												
			22141	I'd be fine if it was a one time fee. I am not ok if it's a fee that you'd have to pay every year												
			22161	I think all of BC should have the same style of license plate. It's easier to identify and easier to report if needed. I have absolutely no interest in donating money this way. I dislike all the specialty plates.												
			22236	It is contraindicated to have so many different BC license plates. The purpose of the plate is to easily identify the vehicle as registered is BC. In an emergency simplicity is key.												
			22451	Depends on what charities are available												
			22606	Need to know more												
			22631	Id prefer a 1 time fee and not any additional fees												
			23031	I shouldn't be charged yearly a fee there should be a one-time fee for the license plate and then a certain amount of my choosing as a donation every time I pay my monthly insurance or a lump sum if I'm buying multiple months at a time												
			23166	plate fee plus annual fee are high considering the vague nature of where proceeds go												
			23201	The cost of them is too high												
			23216	The options given do not represent myself or my family and our values												
			23651	I don't think the program should be expanded because I think it opens the door too wide to supporting political opinions												
			23946	concern of additional fees if your plate is stolen/ lost or needs to be replaced												
			24061	Insurance costs are too high for me to consider paying more for a plate												
			24421	An annual fee would discourage me.												
			24621	Pension money only goes so. Specialty plate are to me unaffordable.												
			24846	I would like a vintage plate the year of my vintage vehicle												
			24851	not sure. depends on price												
			24946	There needs to be one uniform plate. Blue lettering on a white background nothing else.												
			25241	This form of charity support (special license plates) should be tax deductible												
			25276	want to not have to pay too much												

25366	The money never goes where it should
25391	I like the idea of different plates but why the extra cost year after year.
25431	I want more money to go to charities if I'm spending more
25466	The cost of a specialty plate lacks the tax advantage of direct donations.
26081	Want to know exactly where donations are going
27166	I would prefer a larger one time payment.
27786	I like the idea of these new plates
27826	I don't think we should pay extra only a one time fee
27846	Non profits are not regulated. BC Parks are under the close watch of goverment
27926	Keep it simple and one style across the province.
28076	Spend our tax dollars on something else. or greater need.
28151	Who decides which charities are chosen for this, and are they properly vetted to ensure inclusive policies and accounting?
28321	The annual renewal fee is off putting, I'd be more inclined to pay the annual fee if it included a park pass
28441	It provides visual confirmation of the more affluent members of our community
28446	willing to pay upfront fee but not annual fee
28576	I believe licence plates should be easily recognized as to province, not for advertising
28661	Low cost affordable houseing
28721	i would prefer to support charities on my own. NO ONE needs to spend $ on your vanity licence plates, - shame on you for wasting money on this when so many people are hungy, and homeless. REPRIORITIZE!!!
28886	In the current economic upheaval, not a good time. If people can afford to give to charity, they will step up.
29006	Many of the existing specialty plate designs make it difficult to read the licence plate numbers, to the point one is unable to report a number to law enforcement. Fix this and you'd have my support.
29041	I am interested in a special plate but am not a fan of the year on year fee to have it.
29291	Cost
29566	sounds like a waste of my tax dolllars and icbcs needs to go
29606	Prefer one larger one time payment instead of yearly payments after the first payment
29726	If they were a little less expesive
29821	Just leave it with BC Parks
29881	The cost if the fee keeps rising. I believe the BC parks plates were $30 at one point. The "donation" shouldn't keep increasing, then one would be forced to go back to regular BC plates, then defeating the purpose.
29901	Government needs to stay out of siffoning off more money under the disguise of charity.
29906	The annual fee is not desirable
30346	I think it's too expensive. It's quite a bit more than a regular license, it shouldn't cost that much. We're in an affordability crisis and that's a bit too high of a cost to support
30426	Current plates like Parks can’t be read properly and the government should stay out of subtle additional taxing and fund through donations from individuals.
30816	another source for donations is good
30826	would depend on the charity options
31136	It depends on the organizations supported
31261	I agree with the initial fee. I don't agree with the annual fee.
31446	I can't afford most.

			31456	I am concerned that this initiative will reduce the funding going to BC Parks											
			31466	Forestry, oil, and mining megacorporations should pay for it.											
			31501	I think it is better to keep standardized plates to maintain ICBC's brand visibility											
			31506	I already have a BC Parks plate											
			31516	i agree if the funds go directly to a provincial based recreation that benefits the province											
			31536	More people would likely so this, if the overall cost was less - more $ could be raised with more willingness!											
			31561	But I am interested :)											
			31641	I think it’s appropriate for gov’t to provide ability to support BC parks, but creating a bunch of other options water down how special it is…											
			31766	YEARLY CONTRIBUTION											
			32306	I would not mind paying a one time fee but would not want to pay an annual fee											

Summary for QC2				
What is the primary reason you would be interested in a new specialty licence plate?			**ID**	**Response**
Answer	Count	Percentag	526	All of the above
To support an organization I care about (A2)	2078	56.45%	621	s. 22
To make my vehicle more distinctive/standout (A3)	491	13.34%	846	To assist in funding these volunteers that are saving lives.
Ability to choose a different plate from the standard design (A4)	991	26.92%	2106	Men's Soccer World Cup 2026
Other	113	3.07%	2246	All of the above
No answer	8	0.22%	2661	Add to visibly of organization
			2691	All of the above
			2951	Better look AND contributing to a cause I support
			3436	Visible support
			4101	All of the above
			4521	To support my pro sports team
			4766	To share my passion for geocaching with others
			5461	To bring awareness
			5931	like a cartoon with my already personalized plate
			6976	If you offered them combined with the bc parks themes. The current white only option is not very attractive
			7091	Emergency Scenario
			7121	show support
			7766	to avoid fines while using bike racks such as are available in Australia.
			8116	To support the fire service
			8336	To support. Community organizations
			8611	TO BRING AWARENESS
			9301	All the above
			9316	all of the above
			9346	include indigenous community
			9751	I think it supports ICBC mandate of safe driving
			10621	All of the above
			10641	I would like to have choice of backgroung on personalised plate
			10646	for disabled parking, there is too much abuse of the existing hang tags.
			10726	All of the above
			11261	All of the above
			11451	SVABC
			12236	Showing our support for Canada , not just British Columbia
			12501	PWD Plate/ mobility plate.
			12576	All of the above
			12656	Have a plate representing the same year for my car 1935
			12721	Collector Plate
			12986	Year of manufacture plate
			13131	Support the bc lions
			13416	Support United Way
			13501	All of the above
			13791	Because tobacco use is based
			14011	Different plate with the benefit of supporting at the same time
			14091	Discounts to and recognizition of our first responders.
			14471	Supporting an organization with the 40$ annual. But the 50$ first time is about chosing a plate that is different and stands out.
			14511	Veteran Collectors plate
			14691	To promote awareness of important organizations that don’t always get a lot of attention or can’t afford expensive commercials
			14836	Because I can

			14996	all the above												
			15761	All of the above												
			15851	all.of the above												
			16331	Just fun												
			16536	Year of manufacture licence plates e.g. use a 1955 BC licence plate on a 1955 vehicle												
			16606	support organization and stand out to justify money paid												
			17221	Because I want one												
			17461	Specialty plates are pretty												
			18746	Rather than collector plates plates with year of vehicle example 1957 vintage BC plates.												
			19221	BCSVA												
			19231	Salmon/steelhead												
			19596	To be able to run a pair of good condition BC automobile Year of Manufacture plates on a Collector Plated BC car. (Ie: Apair of good condition matched BC 1962 plates on a 1962 car.)												
			19641	I'd like to utilize "vintage year specific plates" for my vintage cars and trucks												
			19696	These are more appealing with all the digits in a row without spacing in the middle												
			20261	Vancouver Canucks												
			20631	SUPPORT MY UNION												
			20641	To show the model year of my car												
			21431	All of the above answers												
			21991	I would like to have a vintage looking plate on my vintage vehicle. One like the year it was manufactured.												
			22031	All of the above												
			22036	Vintage plate to match vehicle year of manufacture												
			22896	To offer more options to clients as an Autoplan broker												
			22941	All of the above												
			23006	Identify electric vehicle, and pay road tax												
			23026	It is a sweet mid way through between fundraising and having a custom license plate design												
			23121	Era correct currently expired plates for re-use												
			23131	To recognize active and retired Service members: police, paramedics, SAR, military, fire												
			23161	Historical and cultural significance of classic year plates on classic cars												
			23241	Would like to get year of manufacture plates												
			23501	choose year of car plate												
			23751	Period correct, ie. Collector 1970 plate on a 1970 vehicle												
			23761	To support the organization I care about but also to get away from the standard blue and white plate												
			23801	Use collector plates from year of manufacture.												
			24391	7 digits for better personalization												
			24491	To have a era correct license plate on my collector car												
			24771	all of the above												
			24941	Supported indigenous with slogan when the plates first came out in the 1996 or 97												
			25946	All the above mentioned												
			26031	Support the organization and promoting them												
			26051	Specifically a plate the year of the car												
			26146	Fun												
			26166	use a vintage plate the year of your car manufacture												
			26301	Back country anglers and hunters												
			26536	To have access to wheelchair only parking stalls												
			26651	period correct aesthetics												
			26666	Use a classic plate on a classic car												
			26736	To use old plates that correspond with the year of my collector cars												

			27376	delete front plate												
			27421	All of the Above												
			27526	s. 22												
			27621	Would like to be able to use original plates dated to the age of my classic cars s. 22 s. 22												
			27721	To use a year specific plate that coincides with the vehicle production year												
			28486	Like the support being done at present												
			28696	Professional firefighters of British Columbia												
			28876	Motorcycle Compatible												
			29351	Both the first and second options												
			29361	All of the above.												
			29431	Hopefully they will be used to control who parks in handicap stalls												
			30111	Not Interested												
			30301	To support charity(khalsa aid)												
			30386	Display plate from year of manufacture												
			31256	s. 22												
			31366	Better awareness of disability parking												
			31681	Creat communication within our community about charity donation												

Summary for QC3				
Is there anything else about the prospective new specialty licence plates program you'd like to share?			**ID**	**Response**
Answer	1587	28.54%	196	Why don't we already do this? Feel's like this is a simple way we could have been raising money for different charities for a long time. It's pretty easy, judging by how many states and provinces already do this. Get on it ICBC
No answer	3974	71.46%	226	I love this! It's nice to have options and show your individual style.
			231	no
			236	More options for speciality plates.
			246	First responder plates
			251	If doing a sports one, please do more than Canucks and Lions; Manitoba has the Wheat Kings, no reason we can't have a Canadians (MILB) or Giants (WHL) one
			281	Specialty plates are very hard to read.
			291	Having nice attractive license plates, which A look good on our vehicle. Or B, make British Columbia stand out to other provinces.
			301	It would be nice to update the standard license plate and retire the old 1985 BC Spirit Symbol Logo
			336	we need to get rid of the front plates like Alberta! It will save money.
			351	Would really like to support BC artists, BC charities, BC families etc,. An emphasis on BC-related initiatives!
			371	Make it a One time fee like the olympic plates where
			381	Perhaps a memorial design for those who wishes to keep deceased loved one's plate numbers.
			421	Too many plate types is confusing and messy. The cost is also enough I have been considering canceling my bc parks plate.
			436	I feel that it would introduce unneeded legal complications and that it would lead to the possibility of unwanted messages appearing on license plates.
			496	If we were to expand the amount of photos available on plates, ie the BC parks plates, I as well as many people I know would like to see more from around the province. Currently all of the photos available at from the most southern areas of the province and it would be nice to see areas further north represented, Bijoux falls for instance. Or we could add more fauna from around the province, like the stellars Jay, the provincial bird.
			521	I would like a license plate that supports police foundations and public service agencies
			526	PLEASE bring the option to have a personalized AND specialty plate.
			556	Specialty plates are tacky. Please keep it to a simple uniform plate for all vehicles.
			566	Universal output only please. No religious services. Government provided servies only. I do not want this pool of money going to contractor profits.
			596	Since 2015 when the TRC report was released, as a country we have lagged behind the notion of Reconciliation. Only in 2021 when the first "215" were discovered in Kamloops, did Canada collectively have an awakening. In 2019 BC created DRIPA - recognizing the rights of Indigenous people and having these plates allows both Indigenous People and allies to show their support for Reconciliation.
			601	Personal or vanity options for collector plates

			621	MMIWGP/Human trafficking awareness affects, everyone Please honour us survivors, as well as our brothers and sisters that have been lost to this more often than not prosecuted crime/crimes											
			646	Please don't waste ICBC's time setting up a new process for this. People can support charities directly and this is an unnecessary waste of their time and our money.											
			671	Plates make me feel happy											
			686	Although personally I may not be able to afford a specialty plate, I think it's a project worth doing to raise funds and awareness for charities.											
			726	Have seen license plates that advertise sports teams (eg. Calgary Flames, Edmonton Oilers) - is ICBC considering these types of plates, or only ones for charity?											
			736	Seems like a no-brainer.											
			761	Please make it an option to have personalized park plates											
			796	Everyone i know has always wanted and requested motorcycle parks plates, and I believe lots of people would purchase them											
			836	If you go ahead with it, please ensure there are guards against hate-based organizations receiving support through this program.											
			846	There are alot of paramedics that volunteer their own time to risk and rescue strangers. These people get called out for emergencies 24/7. I am always in supports of these people that help our communities all year around whether it be biking, rock climbing or skiing, they are there for us.											
			876	Remove the need for front plates like in other provinces											
			886	Consider a plate for Fire Service members											
			891	California has a Snoopy license plate program that helps to support funding for museums. I would strongly recommend a similar program in BC https://www.calmuseums.org/Snoopy/Snoopy/Home.aspx											
			901	Making a charity pay a $10,000 deposit might limit the number that apply which would be good. Avoiding areas where it coercion to get a plate, like religious charities with weekly services, might make sense.											
			911	Should include universities, sports teams, and associations that have a minimum membership											
			946	Governments should be focused on putting charities out of business, not assisting them. The existence of charities only shows the gaping holes in the social safety net that should be provided directly by the people in form of government to people in need, free of charge. Charities are a sign of a failed state.											
			971	I'm not sure I trust the government to administer these programs. I can see it becoming a huge headache if the program is expanded, causes excluded would complain about why they were excluded while others were included. I certainly wouldn't want to see for profit enterprises benefit the way sports teams do in Washington state.											
			986	Love the BC Parks plates, its great to see how many people care for our parks, i think its also a good reminder for others to donate/help where they can.											
			1006	A reconciliation plate would be great!											
			1016	I would love to show support for museums and cultural institutions in BC, as well as Indigenous culture through a specialty license plate											

			1036	I think it is a great idea but feel like charging a renewal fee for the plate each year as well is too much. If there was only the intial plate purchase fee I would be more likely to have one. I would even be willing to pay more for the plate initially if I did not have to pay every time I renew.										
			1046	7 character personalized plates. Vancouver Sports Team plates Those 2 alone is game changers										
			1071	Leave politics out of it. Let people support the organizations they want to support.										
			1111	This is a waste of time and ICBC should stick to focusing on insurance.										
			1121	I like the idea but I probably wouldn't purchase one										
			1156	unique designs and colours										
			1161	Will need to consider how charities will be selected, for how long etc. Could lead to issues around equity in the charity space, and diversion of funds from smaller charities to larger charities.										
			1191	My finances are secured in 2023 and I can budget a $50 donation to get a fancy license plate. What I cannot guarantee is that next year will be the same, I may not have $40 indefinitely. Please make it a one time only fee, even increase the initial fee. What happens if I dont have enough for the renewal? I get demoted back to a pleb plate?										
			1211	I'm happy to have more plate options for others, it's just not my cup of tea. As long as the list of plate types is kept limited and neutral.										
			1216	The one thing I enjoy about going to America is seeing all the different license plates each state has. This seems like a great initiative to increase revenue/funding for charities and help make our province a little bit more fun										
			1221	I'd like to see any proceeds go towards mental health support for search and rescue volunteers in British Columbia										
			1226	Make the retro custom vanity plate the standard one.										
			1231	I think it’s tacky and is literally designed to take drivers attention off the road.										
			1241	I run a charity and would love very much the ability to support my charity and have family friends and strangers										
			1246	Why does ICBC need to facilitate donations? We can do that on our own. ICBC is in the business of insurance, they are not a foundation. BC Parks is okay, its government, its all under the same umbrella as the Province. Keep it focused, ICBC is not a community or provincial foundation.										
			1281	I may be interested in purchasing a plate which contributes clearly and directly to organizations/Universities who study mental health illnesses and treatments or animal (e.g. endangered species, SPCA support) depending on the renewal fee.										
			1291	Currently there is a limit to the numbers and characters available. As other Provinces and States have, lets get on with the program and allow for up to 8 letters or numbers										
			1296	Law enforcement shouldn’t have decipher additional complexity in interpreting plates										
			1301	BC Cancer all the way. Helping people of all ages in BC survive to enjoy our beautiful BC										
			1326	A category for wildland fire or firefighters										

			1361	I find specialty license plates difficult to read because of the different designs and colours used. If a licence plate's primary purpose is to identify a vehicle, it should be as legible as possible using dark characters on a light background. If the primary purpose of a licence plate is to provide support for charities then it doesn't matter what colour it is											
			1386	Vancouver canucks plates and/or bc lions plates...ab/sak/mb have special sport plates												
			1396	lets catch up to the rest of the world and get to digits on a plate. It can be done, if online new renewals can be.												
			1411	This will be a good initiative! It's been a long time coming. Great job ICBC.												
			1416	Don't screw up on the designs that you put out.												
			1451	Make them so the numbers and or printing can be readily seen, Not like the BC Parks ones.												
			1461	It will likely make it harder to identify if a vehicle is from BC, and will likely become partisan or confrontational -- pretty much everything offends someone now it seems. Let people decorate their vehicles with stickers and donate to whatever causes they want. ICBC & the province don't have to do it, even if they can make a $$ from it.											
			1466	I think it's a good idea! It's not a lot of money for each person but can result in a large amount for an organization.												
			1476	Let us upload our own photos :)												
			1506	Provinces elsewhere in Canada have established conservation plates, and the proceeds go towards their equivalent of BCWF or habitat trust fund. This would differ from BC Parks plates as it directly impacts and funds wildlife and habitat conservation. I believe this type of program would be just as successful in BC, as a majority of BC Parks plate owners I personally know selected that plate because of the environmental and habitat funding aspect... plus the cool bear. Conservation plates displaying other native fish and wildlife would appeal to a wide variety of people.											
			1526	I think it is a very good idea, especially when it comes to supporting charities. They need all the help they can get especially in today's market.												
			1531	Make them pop, clear, bright, but not too busy so you can't make anything out!												
			1551	I had the Winter Olympic plate and I proudly displayed it with the slogan "the best place on earth". I had many comments over the years about it. I was sad when it fell apart and had to be replaced.												
			1556	Offering specialty plates such as sports teams or introducing European size/aspect plates for enthusiast owners of European vehicles would be an EXCELLENT way to raise funds for any number of charitable causes such as BC Cancer Agency, Boys and Girls club, Habitat for Humanity, hospitals, children's sports organizations, etc, etc.											
			1561	What a waste of ICBC and government resources. Governments and Crown Corporations should be providing basic necessities and not using tax dollars and resources for luxury items.												
			1581	Maybe offering more styles of plates? Like centered around different areas.												
			1591	Don't have too many because it would make it harder to identify distinguishing features												
			1596	It is good to have choices and benefit charities at the same time. It is win-win.												
			1616	Govt should provide a plate and get the hell out of any other function at all.												

			1636	Keep it cheap, don't turn it into a money grab											
			1641	If there was a 1-time higher fee and then the $18 annual fee (same as the regular plates) I think that more people would choose a customized plate.											
			1651	There											
			1656	Would like to see Orca’s on a special plate for BC Parks. I would consider getting one.											
			1661	I don’t mind a one time fee, but ongoing without a tax receipt does not make sense. Tax donation receipts would likely generate more support for the idea.											
			1666	NO											
			1676	easy way to give small boosts to organization or causes you want to support through a generally very boring/static medium.											
			1681	I probably wouldn't get one of these plates. But I do think that many people would. This program is very prominent in Washington State. They have a wide variety, and I don't know why we haven't done this sooner. The parks plates are nice when they came out.											
			1696	I do not like the specialty plate program, as it can make it harder to read licence plates. They exist to identify vehicles, not to customize your vehicle.											
			1721	open the program to allow Trailer plates to have specialty plates											
			1736	Make the regular license plates more durable. I have had 3 in the last 3 years - all of which have peeled the blue lettering off in a very short period of time											
			1756	widerchoice of backgrounds											
			1761	Should only pay a 1 time fee for the plate but not the same fee every year											
			1776	I would be a strong supporter of a BC SPCA plate, I believe animal charities need our help more than BC Parks, which charges user fees, firewood, fees ,etc.											
			1786	Should be a one time only price for the speciality plate. As well, we should do away with the front plate as well as totally useless to need 2 plates.											
			1791	I like the different loo											
			1836	Having an EV specific plate in conjunction with bc parks would be great to get rid of the HOV OK sticker and be on the plate instead.											
			1841	Adding another layer of bureaucracy that is unneeded. Can barely afford gas as it is.											
			1871	stop issuing front licence plates . the cost savings would be millions per year!											
			1881	I think if you focus more so on the design/artwork -- with the intent of making a really cool license plate, potentially collaborating with local artists (including Indigenous artists). Then it will be a success, and you can use the generated tax revenue towards grants to small businesses/non-profits/honoraria for artisits...etc. That's how this project should be framed, rather than using this initiative as a medium to form partnerships with non-profits. Make a cool product, gain widespread attention (as a result of making something apolitical, that is not directed towards a specific cause, or other ways of limiting the audience), universal adoption ensues, use generated tax revenue to provide better government services OR direct the funding towards a specific cause or something else politically motivated.											
			1891	I think this is a brilliant program and the first time I have heard of it. If I had known of it sooner, I would have invested sooner. Thank you for posting on Castanet. How can we get involved?											

			1981	I think it would be great to have BC sports teams included. Especially if the money still went to charity. I spent time in Saskatchewan, and it was fun to see the local sports teams on licence plates.											
			2011	They should be easy to read.											
			2016	I thinkit is a great way to provide awareness and exposure for different interests and groups.											
			2021	This may not apply, however I'd very much like to see a Year of Manufacture program, where if a person has a pair of BC plates that are legible and match the year of a classic car's year of manufacture, they may use these plates. I'd also love to see a "retro" set of designs for a similar purpose. Both of these are offered in California for instance.											
			2031	I believe that this is a silly idea and will become a political fiasco. The original purpose behind licence plates was for vehicle registration. With different coloured plates and a variety of images it becomes more difficult to clearly identify licence plate numbers when reporting traffic violators. This is particularly true when I a citizen wants to call in a driver driving irresponsibly and I only have a few seconds to see and write down his or her vehicle licence. How does one decide which group should be identified on a licence plate? Look at the issues local governments are receiving when it comes to flying flags for various groups at city halls or declaring certain days on behalf of groups. Walk away from this issue. This is not something the provincial government or in particular ICBC should be supporting. Get back to the original purpose of licence plates. Whoever thought of this idea and of this survey get a whack on the side of their head. This idea opens a giant can of worms and for politicians and ICBC management much grief and wasted energy.											
			2041	I think it is more of a money grab for the BC gov. I don't want to pay more for anything related to my insurance, especially plates. If others want to waste their money, let them, but I'm not interested.											
			2061	Make a license plate for first responders (police,fire, ambulance)											
			2066	No											
			2081	The use only for those listed except fr pro sports the are money making bsssiness's thus if they get money from it then all business's in the province should also share in it											
			2091	The current Parks plates are very difficult to read if one needs to report a vehicle for whatever reason. I would hope that any new plate designs would bear the plate number in a much higher contrast than the current Bc Parks plates											
			2106	Vancouver is a host city of the Men's Soccer World Cup 2026 and like the Winter Olympics, we should celebrate this with a legacy Licence Plate.											
			2116	Like many provinces a dedicated plate showing the wheelchair for handicap would be nice. s. 22 a plate would be nice to have. And with so many things out there it would be a nice way to donate money for cancer, Alzheimers etc. Even a plate that supports our war vets etc would be great.											
			2131	Would pay more not to have an ugly front plate.											
			2146	Stay the hell in your lane!!!											

2171	In many other jurisdictions, I have seen license plates for firefighters, sar volunteers, and other responders. I think this would be a great idea for BC. I am not talking about the license plate toppers or hangers that paid on call fire department and sar teams have but one with a crest, like the BCSARA logo on it and then the plate number. Check out the State of Utah or the Province of Nova Scotia for examples
2206	s. 22
2216	Too expensive
2241	Please make them available for motorcycles as well.
2246	It is great that BC offers 3 BC parks plates, but more diversity would be nice. Alberta does Edmonton Oilers and Calgary Flames plates - I feel like lots of people would purchase Vancouver Canucks plates if we got offered them, especially if it was in a cool or retro style. It would also be really unique to work with indigenous artists to create artwork in their traditional styles in celebration of BC - Wildlife, scenery, etc. but in the Traditional Indigenous art styles instead of photos. Uniquely shaped plates would be cool too (like the Yukon Bear plate)
2341	s. 22
2346	Focus on lowering inflation (the price of food, insurance and fuel) instead of spending tax money on these campaigns.
2356	Different design options similar to California or Florida
2391	I would pay a small ($50 or less) one time fee for a specialty fee, bot not an annual fee. Insurance is already too expensive for what you get
2446	Would be awesome to get these for motorcycles! s. 22 I would love to have the option to participate and support something beneficial while also choosing something a little more personalized.
2481	If people are willing to pay, why not. Take Florida for example, let alone other provinces that have them for first responders. Fire and ambulance or even police. Let's add some change.
2486	I'm undecided personally because it would depend on the charity. Prospective charities should support those most in need in the province (such as families with children at BC Childrens Hospital)
2526	why are we paying for a plate.we pay far too much insurance as it is.it should be included with our insurance
2541	Please don't make things political. Keep it simple, and uniquely BC. A Terry Fox plate would be great to see. Addias even came out with a shoe in his name, it would be nice for his home province to honor him in some way.
2561	In general I am not in favour of a specialty licence plate program and feel a single standard license plate best represents the Province of BC and makes enforcement of traffic rules the easiest for law enforcement agencies.
2611	The plate should belong to a vehicle, not a person, this is the most stupid and expensive thing.
2641	Please don't deviate from the A2A 2A2 format

			2646	The design has to be good - not like the current BC Parks plates which look awful.												
			2656	MORE PARKS THEMES! LOVE THEM...												
			2696	I would like to see a specialty plate available for motorcycles & trailers.												
			2716	More options like a Canada Flag, LGBTQ rainbow, indigenous design, sunset, ocean scene, flowers, forest ...												
			2746	See the response above												
			2766	Please add Canucks plate like what Alberta does with Edmonton oilers plates												
			2786	I would also like to see a first responder specialty plate program.												
			2821	Yes. It’s time collision shops get a significant raise on their door rates.												
			2831	more BC scenes of nature												
			2846	This would be an excellent opportunity to collaborate with Indigenous artists to promote knowledge, education, and reconciliation and create some unique license plate designs.												
			2856	So, it seems like you guy are trying to figure out. If there would be support for non-profit branded license plates. Why not just go the nascar route and open it up to effectively be sponsors to save a few bucks on insurance or let individuals be as creative as they want and make their own custom one….heck even just memes would be cool. This honestly feels like a waste of money to try an find out if the public is cool with a nonprofit being completely on brand for their company vehicle.												
			2876	I think it’s a nice option for people, but I’m happy with my regular plate s. 22												
			2886	Plates are not as visually discernible as far as I'd goes												
			2896	BC is years behind the times and other jurisdictions in this regard. We should be able to support a variety of causes and interests, not just charities. We should also be able to put vanity slogans on these new bases in addition to standard assigned alpha-numeric sequences. And we should be able to have up to 7 characters. Washington and Ontario do it. Automatic plate identifiers work with these formats just fine.												
			2941	s. 22												
			2946	Virtue signalling is for social climbing twits.												
			2951	Combine with custom plates for additional fees												
			2976	License plate numbers/letters should be 'recycled', as in if a plate number like AAA 111 is already not being use, it should be put back to the market so good plates are not lost forever and one client use only. Many people like myself, prefer the older plates cause its all the LETTERS then the NUMBERS, compared to the current template where LETTERS and NUMBERS are MIXED together. It's very hard to remember your plates for parking/etc. For example, somebody might want JOE 232 if his name is Joe and what not but its not possible now cause all older plates are wasted/not re-used.												
			2981	Rules about specialty licence plates need to be further discussed.												
			2996	I think the Canuck logo would look great on a blue green and white plate or even better the black and yellow uniforms they wear. I have seen Oiler and Flames logos on Alberta plates and also the Jet on a Manitoba plate for the Winnipeg Jets. I really hope this goes through!												

			3006	I don’t want an additional yearly fee. A one time fee, like for my Amateur Radio plates is fine. But I wouldn’t ever get a personalized plate that I have to pay for year after year.											
			3081	I would like the BC parks plate to be extended to motorcycles. A lot of folks go camping and road trips on their bikes. And it would be nice to support the parks because they are amazing and I feel I take them for granted living in BC.											
			3086	Support for community charities											
			3096	Would like the Collector/Modified Collector and/or Vintage community the opportunity to purchase personalized plates. I believe most of this community would jump at the chance to buy these.											
			3101	Canucks plates & Indigenous plates would be amazing.											
			3111	I feel like if you're going to throw $50 to support something, that whole $50 should go to said cause rather than spending 50%+ of it on a pat on the back for yourself first.											
			3131	Easy way to generate revenue											
			3161	We spend way too much on other countries yet our veterans and retirees suffer so to me this is just another form of tax grab I know you will delete this but I need to voice my opinion											
			3166	Would like to see some different colours to make them stand out.											
			3171	Expand the program											
			3201	Please don't diminish the existing BC Parks licence plate program. If anything, it deserves to be expanded through this initiative.											
			3226	We have arguably the most beautiful province/state in North America and one of the most boring plates available. Be proud, promote our beauty!											
			3236	I support having a few options for specialty license plates, but the program cannot be expanded to each and every non-profit or charity. Care should also be considered for the to evaluate and compare selling performance between different groups. Limiting it to a few province-wide broad based programs is probably the best. For example, with parks funds can be shifted between reconciliation, redevelopment, expansion, education, etc.											
			3286	Possibility to choose plate											
			3296	No. But I wish you'd go back to at fault. This new ICBC way of dealing with accidents is screwing everyone over, especially those completely not at fault.											
			3301	More selection would be nice and $30 renewal amount not $40/year											
			3311	I think it would be a great thing to add. I'm from the US and I think just about all states do this. It's nice to be able to see a variety of plates on the road and to be able to support different charities.											
			3316	It all seems very good											
			3321	I think it's a great idea, especially if there's a special design related to the charity/organization involved.											
			3341	Vancouver Canuck logo with proceeds to Canuck Place hospice. No better charity.											
			3346	its a license plate, not a billboard. Groups/charities need to be kept off the plates, all for specialty plates for those that choose, but they need to be kept neutral from charity, businesses, and other groups. I'd also just like the ability (and fine with a cost) to have my current license sequence re-printed due to fading/de-lamination. Custom plates can be re-printed, standard sequence plates should too. Would extend the lifespan of the sequencing too.											
			3361	Make the plates with a reflective material that does not degrade within the first year please.											

			3366	I do not think we should introduce more plate designs that may make plate characters less legible.																
			3381	A license plate to support the Canadian military																
			3386	Seems like a nice way to raise money for charities.																
			3406	I like these personalized plates but we shouldn't have to pay any extra fees for them. Let's be proud British Columbians and show off our beautiful province everywhere we go without having to pay pay pay.																
			3416	I also agree that I would prefer to support charities through direct donations.																
			3426	Great way to raise awareness and another way to donate to different charities and organizations																
			3436	Yes. Make one entirely green only for use on weekends. WE NEED WEEKEND INSURANCE! With it, we can ride the bus to work or school during the week and use our cars on the weekend only.																
			3441	Perhaps conduct a contest for the public to vote on designs. Could a plate with a shape not unlike the polar bear be considered?																
			3451	s. 22 listening to people complain about the cost of insurance, often not realizing the additional annual cost that their specialized plate adds, I would prefer not to see any specialized plates offered that confuse the cost and coverage of automobile insurance in British Columbia. Donations should be a private matter and not tied to your automobile licensing.																
			3456	no																
			3461	Would there be a way to prove that they ARE REAL CHARITIES & NOT FAKE ONES ? THAT'S what bothers me. The way things are now a days you CAN'T TRUST EVERYONE.																
			3476	I appreciate the sentiment, but a licence plate in not an appropriate place to advertise for a charity. Don't distract from the purpose of the plate: displaying the plate number. Anything else is a distraction and a potential safety concern.																
			3491	Great Idea																
			3501	Please make the plates available for motorcycles.																
			3526	I'd like to see elimination of front license plates as Alberta did decades ago. They are t necessary and would save $.																
			3536	I'd like to be able to transfer my regular plate numbers to the new one, and vice versa																
			3556	Ability to add extra characters for an added cost.																
			3561	It will likely cost more to administer and we will all end up paying higher ICBC because of it.																
			3576	Be nice not to have to pay a lic fee every year																
			3596	I'd also like to see maybe a BC Lions or Vancouver Canucks plate like Alberta does for their sports team. I'd also be interested in a "support our troops" plate like Alberta does.																

			3626	it would be nice to see: -to enhance the park plates with water/whale as we are in the west coast lots of sports fans in BC: Vancouver Canucks logo on the plate BC Lions logo on the plate Vancouver Canadians logo on the plate Vancouver White Caps logo on the plate lots of car buffs out ther: diff cars showing on the plate: -sports vehs -luxury vehs -classic vehs -vintage vehs -hot rod/modified vehs										
			3641	It’s good timing. Most of us have either outdated decals, or damaged plates from scraping them off										
			3656	A lot of people are interested in seeing just one plate in the back like other provinces, will save ICBC hundreds of thousands in expenses that can be utilized elsewhere like specialty plates.										
			3671	Colorful plates would be nice. Like neon blue and green										
			3691	One time fee for a special plate is fine but not an annual fee										
			3696	Perhaps ahandicap type of plate.										
			3731	I do not believe that anyone cultural organization should be placed over any other. We all have our own cultures.										
			3746	its way overdue expand the PNP 6 character plates to 7 or even 8 characters										
			3761	Sounds like a good idea.										
			3781	It would be nice if we could get them personalized.										
			3791	Reintroducing 4## numbers to new specialty plates would allow for more combinations to be used										
			3801	No additional comments										
			3816	Handicap plates										
			3826	Just make the regular one better										
			3841	Visual design is also a big component to getting a specialty plate										
			3861	Geocaching, firefighting										
			3871	Parks plates are incredibly difficult to read for police. Should any more specialty plates be considered, I implore you to make the readability high.										
			3911	British Columbia licence plates are an important part of the British Columbia identity. BC Parks are also an important part of BC’s identity making it a natural fit for a specialty licence plate program. Adding additional specialty license plate programs would diminish the success of the current programs and reduce the universal recognition of a BC license plate.										
			3916	University-based plates would be a great idea just like they do in Washington State!										
			3921	Yeah take it out of the hands of ICBC they shouldn't benefit from it nor should the government										
			3956	All depends on the price										
			3961	I think it's a great to raise funds for charity but there should be other options for plates										
			4006	How much more do you people want to still from poor people Give your heads a shake										
			4016	I don't think "Veteran's plates should be a part of this as I am a veteran and had to PAY for my special plates.										
			4081	The system has already enough as it is										

			4101	Would like to see 7-8 letter vanity plates.															
			4106	I'm good with other specialty plates for Charitable Organizations as long as the money goes to good organizations not fill somebody's pocket. I'm good with the Parks one that I now have.															
			4116	Also, freedom of expression															
			4121	It makes license numbers harder to read															
			4141	For the veteran plate, maybe also acknowledge sub speciality within it. For example cic officer, navy, army, Air Force. Also have plate for first responder.															
			4166	Nope.															
			4181	Annual fee should be enough															
			4201	The BCParks need MORE designs. RV / campers / trailers need more designs for camping or hobbies or fishing or outdoor activities.															
			4221	I'd like a BCGA (Geocaching Association) design!															
			4226	It is confusing to have licence plates from BC all look different. It's enough to have the veterans one and the BC parks versions. I'd be interested in what the police think about proliferating more looks. I would think it would be harder to witnesses to identify or remember a plate number seen for a short period (eg accident, suspected DUI, Amber alert, etc).														
			4231	you can not read the plates at nall so its a safety issue for reporting issues															
			4236	I don't think the government should be collecting donations for private charities, these are provincial plates and should reflect federal or provincial donations or groups															
			4241	Yes,s. 22 I'd like to see a plate for currently serving members in the military and not just (veteran plates) thank you for your consideration.															
			4266	Introduce other specialized plates with emblems for sports teams in the province, military units within the Canadian Armed Forces and special organizations that contributes to society															
			4291	Would love to see some new designs on the road. Existing standard plate is getting old...															
			4301	Animal welfare organizations would be my top pick for organizations															
			4306	I think it's a great idea Alberta Manitoba have amazing specialty plates I love my bc parks it would be great to support and recognize other things like sport teams with a license plate and not a sticker!															
			4321	Different plate designs also make it hard to identity which province the plates are from. This could be a potential problem say in a hit and run situation.															
			4341	Use them to support things like parks that we all share and so will our kids. Parks, climate action, healthcare. If it's open to any charity, it will become political and dangerous in no time. For example, the Salvation Army has a history of anti-LGBTQ so I don't support them. Also, do we really want that kind of virtue signaling? No!														
			4356	Non-profit and charity groups do not belong on licence plates. Licence plates are designed to identify vehicle ownership, not for advertising and soliciting donations.															
			4361	Love the idea of indigenous licence options !															
			4371	The standard, non specialty BC plate needs a refresh / redesign too! A local/indigenous artist could be involved in the redesign. More standard and specialty plate options would be great (Alberta and Washington state are good examples of jurisdictions with many specialized and non-specialized plate options).															

4381	It would be less expensive if the province would go to a one plate (rear) system
4386	Waste of time and money.
4396	s. 22
4411	s. 22 geocachers support the environment by hosting clean ups / plantings multiple times a year. An example in the metro Vancouver area. Cachers team up with Metro parks and stream keepers for various prodjects.
4431	Would be nice to have more options for plates
4441	Vanity Plates - I believe these were introduced approx 40 years ago and have never changed. They are old and tired. In my opinion these need to be refreshed and expanded such as 7 number/letter choices from the current 6 plus tie them into pro sports teams and other organizations, introduce new colour/font options, retro plates (eg 1960's). There are other Canadian provinces plus many US states that offer these. I believe there would be a huge uptake in users along with increased revenues
4456	I'm concerned that too many different designs will make it difficult for witnesses to identify the province/state of any vehicle that flees an accident scene.
4466	See previous answer
4486	I have concerns with the vetting process and the costs incurred with opening up the options to non profits.
4491	Good idea, nicer to look at
4511	Nope. This is a pretty cool idea.
4516	Make the prices $100+ for the professional sports teams other options for the fisheries and children less expensive.
4521	Why would you not have pro sports teams. Every other province and most states allow for this. Come on get with the program!
4526	Quality of the current plates is not great. Peeling is a huge problem and I suspect that specialty plates would likely not be replaceable. This problem needs to be resolved. Their is a risk of watering down the identifiable nature of the plate if there are too many different designs available. This should be carefully considered before implementing a new design.
4536	Government revenue should be spent on GOVERNMENT PROGRAMS
4546	I think it's a good idea. Even for BC Parks more variety be nice.
4556	I think it's time to get rid of the front plate requirement. ICBC would save money.
4566	The military does not need more money
4571	Charitable Donations should be made in private and not broadcast on licence plates
4576	It's a good idea for people who want to support charities in this way, just not something that I would spend money on personally. I think the charities should be very carefully vetted, and potentially politically fraught organizations should not be eligible, to avoid the impression that ICBC endorses them.
4616	I don't want the government, or any other organization, deciding what causes are acceptable on a license plate, and I don't want a free-for-all for every fringe cause either.
4631	Just another money grab, like Park plates. Money goes into general revenue. Give us an accounting for all the money that is spent on parks. What has been done for parks????

			4646	I would wonder where to draw the line. Currently, the optional plates are government-related. I wouldn't want to see private groups represented											
			4651	Vancouver island specific would be cool											
			4656	an online site to check if a custom licence plate is available or to help visualise the plate											
			4666	Cost benefit to the organization											
			4681	Hunting, Sports teams, provincial parks											
			4706	Personally I think BC should align with Alberta and atleast offer a Vancouver Canucks Plate to show our support within the province, as they do in Alberta with the Flames and Oilers respectively. Finally I'd like to share I would direct the proceeds to help BC Children Hospital in Vancouver.											
			4716	What about Vancouver Canucks and BC Lions and Vancouver Whitecaps logo plates like other provinces do for their sports teams????											
			4721	I believe that the Veterans Plates should be made available for a better price. Veterans have enough expenses that a small discount on the license plates would be very welcome.											
			4726	Really? Non-profits and charities? Where the EDs are making six figures? I'm not confident that the plate money would do anything except line the pockets of the board of directors											
			4756	Include collector plates cars. Owners of collector cars are proud of their cars and show them iff. And to own a car for fun means they have some level of disposable income. Make it a cool license plate that people want, and they will pay for it.											
			4776	no											
			4781	If they have cool designs they would be appealing											
			4801	I don't thing the yearly renewal rate should be 80% of the original rate that is just a money grab that will stop a lot of people like me.											
			4816	'Collector' should be re-named 'Vintage' or something similar. Having an old vehicle doesn't make you a collector!											
			4826	s. 22											
			4841	Specialty plates can be confusing when in other jurisdictions											
			4846	All plates should be able to personalize not just the boring and ugly bc personal plates											
			4956	Just focus on car insurance											
			4961	Allow non-profits, not just charities! The introduction to this survey included the word non-profit, but every question asked re type of cause only mentioned the word charity.											
			4966	This is a fantastic option - that's well overdue!											
			4986	It is hard to choose which charities are "more worthy" to be allowed into the program without risking being discriminatory in some way...											
			5046	I do support honouring veterans with plates; snd of course old cars should have plates											
			5056	Similar to Northwest Territories, license plate cut out/shape of our provincial animal, etc											
			5061	Please consider the appearance of the plate, carefully, in context to the beneficiary (BC Parks plates are excellent).											
			5151	Please do not allow controversial topics (Gender, race, etc).											
			5166	If the plates are for a charity, the annual fee should be a charitable donation as defined by Revenue Canada. i already have BC Parks plates on both my vehicles. If I did not have BC Parks plates, then I would be interested in Charity based plates.											
			5171	There should not be any specialty plates and the existing programs should be phased out.											

			5221	Not focused on charities. Many jurisdictions have plates specifically for EV's. All we have is a chintzy sticker that allows to have only the driver in an HOV lane. There are very few HOV lanes in the province. The worst, most useless one is in Kelowna.											
			5261	I ammore than agreeable to specialty plate fees that go toward provincial parks, medical, etc but not to non-profit or charity organizations. These plates and fees should benefit all, not a few.											
			5271	BC should have an option for a Canucks-themed plate											
			5276	some of the plate get hard to read. Plates are pretty small when driving. Even my dashcam can't see them that well depending on distance. Different backgrounds and colours can negate the whole purpose of a plate -- identification. It feels like a money grab to offer all kinds of specialty plates. It's a bit ironic that they are referred to as 'vanity' plates. I think it would better for society to reduce its vanity, not promote it. Social media has already doing enough damage to society in that regard.											
			5281	It's a very easy way for someone to support a cause they believe in, and also allows someone to physically show that they support it in a non invasive way - which people enjoy.											
			5286	I prefer to support my charity of choice through direct donations.											
			5291	If ICBC can expand the plate system to 7 characters or 8 characters it will more functional then random mix number/letter with 6 characters											
			5336	I would enjoy a Geocaching license plate. Like they have in Ontario.											
			5391	Expand it to different color options from the standard.											
			5406	Tacky.											
			5426	s. 22											
			5436	Dont complicate things. Our province licence plate is blue and white, it should stay that way. The time spent discussing this and developing and analyzing this survey is a waste of tax payer money.											
			5451	I currently have BC Parks plates and would not exchange them. However I strongly support the introduction of other specialty plates if they would go to assisting charities.											
			5456	Too many different types of plates for one province											
			5461	All funds collected should go to the charity. Not to icbc. Professional teams and charitie plates would be great.											
			5516	Make sure the specialty plate is recognized along the CDN/US birder. Our 2010 plates were not recognized by US customs officers. Mk											
			5531	About time. Specialty plates look great. Check out some of the Washington State ones. How cool would a Vancouver Canucks one look.											
			5551	Stop wasting freakin MONEY											
			5561	More designs and perhaps introduce 7 characters for more combinations											
			5576	s. 22											

			5581	Just leave them as a provincial plate and not interfere with the way they look. Thank you.												
			5616	A one time fee is good but renewal fee every year is to much to ask												
			5626	Distinctive ev plate												
			5656	Occupational plates would be cool too												
			5671	This is a novel way to allow people to help organizations and charities and also display their support at the same time. Cost to taxpayer should be neutral.												
			5681	Just have more, and more interesting, parks plates. Good start, but limited.												
			5686	depending on the costs of program												
			5691	It's not my car ensureers roll to donate to charities. If there's extra money then lower rates.												
			5701	Many states and provinces have first responder plates which helps identify people with training. Scuba diver plates have also been done successfully, good for the large diving culture in BC												
			5746	It is a great idea												
			5756	Be like alberta and make only ONE plate necessary..												
			5796	get rid of front license plate requirement												
			5831	Seems very product placement / influencer culture. There is no information on how organizations can be approved. Without that context I cannot support the initiative												
			5836	Please add as many options as possible with many cool designs!												
			5856	I would like a plate(s) dedicated to helping our West Coast Orca whale and porpoise populations.												
			5861	Plates for Electric Vehicles. No more OK decals.												
			5886	If you want to take action on climate change you should make a plate that can be shaped between 2 vehies. That way people could leave their gas guzzlers at home most days and only put the plates on then when needed for hauling loads												
			5966	Has potential to create conflict/road rage if political leaning organizations are included. Sounds like an idea with the best of intentions, but with potential downsides not thought through.												
			5976	Don’t give 2 options and that’s it, like the parks plates we currently have. Look at Alberta and Washington state for the vast variety they have available and find out from them how they can supply that variety for a reasonable cost to those that want them.												
			6036	No												
			6041	We need more selection in licence plates so people can support different ones and we need to get rid of 2 letters 3 numbers example RD888L RP0 03L												
			6061	I am not convinced licence plates are an appropriate forum for this sort of expression. The Olympics, veteran recognition, and BC parks plates make sense because they have civic components but allowing private organizations to have plate designs is not something I support.												
			6071	The initial purchase fee should apply but the annual renewal fee should be lowered.												
			6076	More options that's all												
			6086	It might come across as “virtue signalling”. Olympic plates or collector plates are fine. I’m even on the fence about Veteran plates.												

			6096	I really wish we would do like Washington State and have a disability parking plate, that acts like the parking plackard											
			6101	Masonic square and compass design for active members with a current dues card.											
			6121	While I do want to support charities, the ultimate factor will be how much do I like the new plate. The bear is cute, but I don't like it enough to pay extra											
			6126	I find that these specialty license plates are more difficult to read and makes it counter productive to their purpose of identifying the vehicle.											
			6136	Hurry up											
			6141	GREAT for fundraising and/or recognition for the group/organization represented by the licence plate!											
			6186	Great program. Lived in Florida and there are probably 30+ plates to choose from. No reason not to have it when ppl can choose to participate or not.											
			6201	License plates should remain focused on the province not other purposes.											
			6206	Design would matter most to me. The BC Parks license plates are beautifully done. I would not want anything to look cartoonish.											
			6246	Why do we have to make vehicle licensing enforcement even more difficult. Adding different license plate designs for one province makes everything about traffic safety more difficult.											
			6251	Have one for EVs to eliminate the sticker											
			6276	Would love vintage white on blue for vintage car.											
			6291	Just another cash grab											
			6331	Unless the last designs that came out, I believe it is most important that there is sufficient contrast so a normal person can read the identification on the plate so they can make a complaint to police											
			6356	I hope their are several designs for each charity to still allow a bit more uniqueness											
			6406	The province already had a plethora of plate colours resulting from out-of-province vehicles. Determining a vehicle's identification (eg. for accident, leaving scene reports) is made more difficult as colours increase											
			6436	It would be fantastic if specialty plates could also have custom text on them like the standard plates can.											
			6556	Make it a rear plate program only											
			6561	I'm curious what the cost would be, I'm not familiar with the cost difference for B.C. parks plates											
			6566	Ability to choose different colours.											
			6581	I would support this clause. However, it is safe to produce that? NO, because it is high chance for thief to steal specialty license plate. How can you endure, it is safe for owner to have special plate?											
			6606	Whatever decision is taken please do Not force us to pay more than regular Beautiful BC plates. Insurance and PST on vehicles over and over again is highway robbery											
			6641	I think you should also allow custom plates on the specialty licences play for a larger upfront fee I also believe you should consider a EV plate option for EV cars that automatically have the HOV sticker integration											
			6646	The government should not be involved in charitable cause selection - unless ALL charities are included											
			6656	I would be okay with professional sport team plates, like Alberta and other provinces allow, but only with the option to select the fees to select and approved charities. Common government, my idea is FANTASTIC!!!											

			6661	Increase the digits from 6 to 8.												
			6666	I don't like the entire idea of specialty plates. You used to be able to tell at a glace if it was a BC plate. Now you can't. If you don't recognize the plate design you can easily assume it from out of province. In criminal cases it makes tracking harder.												
			6676	Just don't get to extravagant												
			6681	It should be easier to determine if the personalised plate text you want is available. Also, personalised text on specialty plates would be good (ie on Parks plates)												
			6686	If you have a Hello Kitty theme plates, for sure you will have a lot of females wanting that plate. For men, we would want Sports team theme plates. Like a Canucks plates. In Washington State, they have sports theme license plate. I also believe if you are really handicapped, the handicap sign should be on your license plate as well. Too many people are abusing the handicap parking spaces.												
			6701	plates should start using 7 digits												
			6711	Please keep politics out of it.												
			6736	It appears than a substantial portion of the specialty plate revenue is not getting to the designated recipients. A more productive revenue stream is required.												
			6746	Why is the government getting involved in charity fundraising? Use the government funds wisely. This isn't logical or sustainable.												
			6751	Indigenous plates please												
			6761	Pointless												
			6766	I have wanted a BC parks plate but have been told I cannot use my original license plate number. I'd rather keep my existing number. Perhaps expand speciality plates to an existing license plate number for a fee?												
			6786	the current options are so limited! i wish it was like the US where there are dozens and dozens of specialty options. i love the BC Parks ones but wish there were more designs to choose from.												
			6791	s. 22												
			6806	Put the surplus icbc has generated back into the road infrastructure in northern bc. Also; Fuck you ICBC												
			6821	No												
			6826	Pink If Breast Cancer research associated I would be proud to attract attention that leads to conversation.												
			6866	Not at this time												
			6876	We had Speciality Olympic plates several years ago and when we went to register a leased vehicle our Olympic plates had to be surrendered. It would have been nice to keep them as we paid extra for them and they were considered special because of the Olympics.												
			6941	This is a way that anyone with money can buy their way into the program, it doesn't constitute any kind of sacrifice or specialty application at all.												
			6961	Whatever the design ends up being, it should be extremely easy to distinguish the letters/numbers from the background, unlike the BC Parks tags.												
			7026	Update Current Standard License Plate												
			7036	Too many ugly designs that feature other corporate logos (ie. plates that 'support' professional or college teams)												

			7041	It's great if people want to donate in this way, I can't justify the extra cost											
			7061	The public should be able to vote on designs											
			7071	I am concerned of the slippery slope of licence plates being divisive. Veterans, parks, HAM radio operators..no problem. However if the cancer society (which we all support) receives funding, then other charities will ask as well. Will religious organizations have standing to apply? If not, why? Will political/social movements have standing? Abortion issues, racial advocacy, political parties and platform matters…the list is not exhaustive. Without prejudice, I believe the decision has already been made to move forward with this initiative. This survey only serves as public consultation as a CYA. Yes the Canucks plate today…careful of tomorrow.										
			7076	Keep it simple and easy to read. Adding more plates adds frustration and possibility of an issue down the line should these charitable organizations run into legal or ethical issues.											
			7086	I believe it deters public safety, law enforcement, and provincial image to have multiple forms of licence plate in a province											
			7091	A Handicap Plate could help emergency services with identifying people with special need in an Emergency scenario and eliminate the specialty windshield tag.											
			7096	It is time to refresh/redesign the current, very dull, personal slogan plates.											
			7136	I think it should strictly be to raise funds for charity, not for other commercial reasons. For example, I do not support sports teams such as the Vancouver Canucks having a branded plate as they are not a charity cause but a business.											
			7151	Stick to the basics and work to keep costs down											
			7176	It would be cool to be able to get custom slogan on the traditional backing, not the green jagged top design only.											
			7181	I would be willing to pay extra for a new distinctive looking plate. I don’t particularly care if it benefits a charity or not but if it’s a nice plate I’d be interested.											
			7211	The cost of the specialty plates should be less so that it is affordable for all.											
			7226	Would prefer they support more local parks and outdoor spaces which are diminishing as density increases - why not have specialty plates for specific cities that are used to improve areas. Would be interested in those.											
			7231	Choosing a charity is a dangerous road. Parks makes sense, random Indigenous feel-good does not.											
			7236	I feel it's important to support a charity and would look at as another way to give a donation to a cause without having to remember to. I currently have the parks plate and love supporting BC Parks.											
			7241	I think license plates are a great way to support and spread awareness to the organization/charity, all while doing it in style!											
			7251	Let's do away with front plates entirely. It reduces the production cost, you could keep the price the same, doubling profit. We already have vehicles on the road without them, motorbikes and snowplows, plus the multitude of Alberta cars.											
			7266	Your ceos deserve to be dragged through the street and hung. Useless waste of time. The system is broken, the government is complicit, and ICBS is wasting anyone's time with this crap is reprehensible.											
			7301	I already have a personalized plate that was bought for me over 40 years ago. I understand the extra cost up front but totally disagree with extra yearly costs.											

			7311	I support specialized license plates for programs such as B.C. parks, veterans and won't mind expanding to further eg.: firefighters or coastal ecology and such but I personally think by allowing across the board charities will dilute this programs' cause and purpose											
			7326	Icbc Is a fucking scam.											
			7341	I do not believe that another BC licence plate is necessary at all.											
			7356	We already pay ICBC far too much for very little in return. Any cost increase due to a specially licence plate should be offset by a corresponding decrease in money paid to ICBC.											
			7371	I do not support ongoing donations for speciality plates. One time only or no go											
			7376	If options continue to increase to include some of these smaller organizations it will lead to confusion around what BC licence plates actually look like when there would be so many different ones for all of these different organizations on top of the ones that already exist. Given today's ever increasingly political and polarizing environment this could lead to further direct targeting, harassment etc and become a safety concern as well. And where would the limit be? Not all organizations would want one, but surely not all those that do would be able to get one so making those decisions would lead to further issues for ICBC when it comes to public perception, ie: "They support this organization but not this one" type of arguments. It just seems like a slippery slope and something that could lead to public confusion on the streets, especially around accidents or police involvement people may truly have issues identifying even more licence plate designs than we already currently have. Often people prefer to make their donations to any of these organizations in a more private and personal manner vs say BC Parks.											
			7386	All the money probably doesn't go to the charity and some goes to ICBC. It's best to donate direct and get a charity receipt.											
			7406	Perhaps no initial fee but just an annual fee.											
			7461	I would love to support more wildlife preservation… birds, salmon whales.											
			7471	BC Parks really needs funding. Don't reduce this source.											
			7476	Make ALL plates SEVEN numeral letter combinations.											
			7511	An additional letter or number should be made available. moving from 7 to 8 digits would open many opportunities and raise more funds for charities, etc. Loosen up a little on content, be a little less restrictive on allowable plates. Some of the plates disallowed seam to be a bit over analyzed, relax a little. s. 22 I should be able to buy insurance for the most costly vehicle and have more than one vehicle and plate attached to that insurance. Insurance should be attached to the driver, not the vehicle. s. 22 , and therefore get over charged when all things are considered. For this reason I never buy the optional coverage. The math per mile makes no sense.											
			7516	would like to see more parks options, maybe salmon, fish.											
			7521	Inflation is tough. Annual fees must be kept reasonable or people will not participate in the program. People can always donate directly to a cause so this should not be a major fundraiser.											

			7526	I'd be willing to pay a one time fee above the cost of a standard plate, but it seems like an excessive amount extra to pay every year for renewal. In fact, I resent having to pay a plate fee every time I renew. Lets have a one time purchase of whatever plates you like and you own them until replaced or returned, and then a new purchase would be required. Or make a standard plate nicer, you know, like a parks plate. Nothing says the standard BC plate has to be so bland, except for future sales of "specialty" plates.										
			7536	Why should icbc money go to charities?											
			7546	I believe that we should have the option of having no front plate or European shaped plates or the ability to have a plate on a sticker that can be adhered to the vehicle such that the cars body design doesn't have to be affected by a mandatory plate bracket											
			7551	No											
			7556	Get rid of the front plates , they are useless											
			7591	The proceeds of the special Firefighter plate could go to the burn unit a VGH											
			7611	Look to Arizona as an excellent example of this program											
			7651	I support plates that highlight BC Birds											
			7666	One time fee may be ok, but not annually											
			7681	NO.											
			7706	make sure the contrast between numbers and background makes it easy to read numbers, some of the current specialty plates are difficult to read from a distance											
			7746	The B.C. Wildlife Federation is a registered charity, and has 41,000+ members. They do so much great work for conservation and this would be a great chance to help fund that.											
			7751	I would like to see a plate that represents the British Columbia explorers. We have right under our nose. BCGA British Columbia Geocaching Association											
			7766	I would gladly pay in order to avoid fines when using a bike rack. Several Australian states allow the purchase of motorcycle sized license plates to attach to the bike rack. See for example: https://www.vicroads.vic.gov.au/registration/number-plates/more-number-plates/bicycle-rack-number-plates											
			7781	xxxxx											
			7796	It would be nice to see a consistent design theme across the different plates (to include the present ones if possible which are already a bit disjointed I think). Obviously not the easiest thing to do but shape variety ala the NWT bear plates would also be interesting and could surely be done relatively easily these days in modest numbers for the sort of money required.											
			7801	N/a											
			7811	BC personalized plates need to be updated. if they were updated there would be better uptake											
			7856	Great idea for drivers to support a cause and help get funding.											
			7861	My impression is the provincial government is underfunding of B.C. Parks. Parks need some help!											

			7866	Like the gaming fund, BC could create specialty plates on an issue and allow smaller organizations to apply for funding from that pool, otherwise the specialty plates are going to only go to big organizations with big budgets.										
			7871	Increase the number of characters from 6 to 8										
			7876	Vanity plates should be expanded to seven characters										
			7906	Supporting non-profit organizations in any way has my full support. I do not believe in supporting all charities. Organizations that are for profit and do very little to support our communities are still listed as charities and actually take money and resources away from the non-profit organizations. Value Village is a great example of a business that promotes itself as a charity while reducing resources for non-profits.										
			7916	People with disabilities. In other provinces and countries..the license plates have a wheelchair on them. I believe there should be a specialty plate for handicapped persons										
			7936	Unfortunately, the current 'Parks' plates registration numbers are often hard to read at distance, and some appear to be messy and muddled. All newly proposed plates should be easy to read at distance in case an offence occurs. The reoccurring yearly costs need to be affordable to everyone, especially with the high price of groceries and interest rates.										
			7941	I think specialty plates should be available to those willing to waste money on them. I considered getting one myself but the insane cost of insurance and fuel makes this an additional cost I cannot bear at the moment.										
			7956	As much as I'd love it, I think it adds confusion to authorities in other provinces and states as to how official the license plate is.										
			7991	Please improve the quality of the plates as the finish seems to disintegrate after a relatively short time, requiring a new plate to be issued and paid for.										
			8006	I would like to OWN my specialty license plate outright instead of having to pay a fee for it every year.										
			8016	Geocaching based plates is something I'd be interested in										
			8036	There should be only one official licence plate.										
			8061	Ever since the WE charity scandal I am suspicious of charities and whether they actually do any good of if they are unethical, money grubbing, morally bankrupt, nepotistic, capitalist organizations like the political parties that support them; pandering only to the elites with most of the money never going where it's intended. I donate money to organizations that are grass root and can prove what they produce with the money I give them.										
			8066	We should be able to customize the background of personalized plates. For example, using a parks plate background on personalized plates.										
			8096	A license plate is used to identify a vehicle...personalized license plates distract drivers by bringing there attention to them instead of following the first rule of driving - ALWAYS KEEP YOUR EYES ON THE ROAD! ... I HATE PERSONALIZED LICENSE PLATES AND SOMETHING AS CUT AND DRY AS A LICENSE PLATE NEEDS NO FLASHY ATTENTION AND LEADS TO EXCESS CRASHES AND INJURIES....THE COMPLETE OPPOSITE OF WHAT WE ARE TRYING TO DO...GET RID OF THESE PERSONALIZED PLATES AND KEEP AUTO INSURANCE BASIC AND EFFECTIVE.										
			8106	I would not get one, unless the cause was really dear to my heart. I do love idea of raising money for non profits or groups any way we can. It's tough out there. We need to support each other										

			8116	BC is currently one of the only provinces left to offer firefighter license plates. It's time for this province to move ahead and offer a firefighter plate that allows BC firefighters to show their pride in the fire service.											
			8136	Allow for 7 characters											
			8146	Ban profanity, racist, and other hate promoting slogans/words.											
			8156	Make specialty Sporting ones - IE: Vancouver Canucks, BC Lions ETC. Make it support Funding for kids wanting to play these sports.											
			8166	I can't afford to spend money on a new license plate with an annual fee. I could do the one time fee but not annual.											
			8181	next it will be rainbow plates and cloured folk to continue the ever balkanization of canada											
			8186	It could include local sports teams											
			8201	I've seen license plates become overly political in the states and I'm not interested in that happening here											
			8211	I think it would be nice to have plates with a sport theme (golf, curling, etc) like I've seen in other jurisdictions.											
			8216	Do it :)											
			8236	I think allowing existing or retired firefighters to be able to buy a plate that they can specifically purchase, with the firefighting emblem, especially in BC where firefighting is prevalent, would be great. They have these specialty plates in Ontario already.											
			8261	It would be nice to have a personalized number on the decorative plate. I currently have a plate that is a tribute to my grandma. But I would love to have it on one of the bc parks plates.											
			8266	Currently BC plates are now recognizable with pictures of this beautiful province. To add different organization pictures would take away from this uniqueness There are many other ways to find raise for these organizations											
			8271	N/A											
			8301	There should be no recurring fees for specialty license. Donations are one-time gesture and kept at the time of registration. By forcing a recurring charge you break that concept. Plus, there should be absolutely no recurring charge for any license plate since the plate do no change, this another money grab from ICBC.											
			8276	ICBC should be cutting costs, not bringing on new work to fund special interest groups											
			8286	It should be a one time fee and not an annual fee.											
			8291	I think it's a huge waste of time. I.C.B.C. need to focus on insurance, not frills with setting up new license plate templates.											
			8306	I would love a BCSPCA licence plate.											
			8311	This is an awesome idea!											
			8316	Anything that brings more attention to the rear of a motorcycle is a good thing.											
			8326	There are enough different license plates. Spend money in other more constructive areas. Getting drunk drivers off the road year round, working with new to Canada residents on road safety, and educating children on road safety.											
			8371	I think it's a no brainer. It supports a worthy cause, lets people be more expressive with their license plate and ICBC gets a kickback too.											
			8386	Not in favor of it if it costs me any money by increases my taxes											
			8391	I'm concerned about how charities would be chosen and how many different plate varieties there will be. How do you tell some yes and others no. Too many makes it difficult to identify a BC plate. This is an issue for the public and for policing.											
			8411	Charging too much.											

			8421	I would be more inclined to get a specialty plate for Parks BC if the annual renewal fee also included a Park pass.												
			8426	I prefer quickley identifiable provincial plates . If we re going to deviate from this maybe we should have one plate for canada and not fragment with provincial deviation Also your programme will require more administration and therefore more costs. .												
			8436	Comparing to what they have in the states. For example; California. They have multiple colours to their license plate preference. They can choose any logos for they customizable license plates.												
			8441	I love the parks plates!												
			8491	I'm for the special plates but why do you have to grind more money from us. It's hard enough to pay bills as it is.												
			8496	BC Parks are special and need the support. Additional options to support will detract from BC Parks and the beauty and natural wonder of BC will be lesser served.												
			8506	Disclosure of the amount of money that goes directly to the charity with each plate purchased												
			8511	s. 22												
			8516	Should support or identify easily identifiable organizations but not promote political or religious groups.												
			8521	As i proud British Columbian, I would love to have a specialty plate. However, as mentioned above, there is no tax receipt for the initial payment or annual renewal of the plate. When I lived in California many years ago, I had a specialty plate. It was a one-time payment for the plate--less than $100-- and I was happy to do that.												
			8526	Time for some new parks plates, too!												
			8556	This is noting more than a money grab.												
			8586	There is a danger in doing this. Any organization chosen would need to be a very well established and reputable organization. I think Parks was easy since it is a government organization, to open this up to non-government NPOs could be problematic.												
			8611	ALL BC ARTISTS SHOULD BE CONSIDERED FOR SUBMITTING ART FOR THE PLATES.												
			8626	All plates need to have the option of personalizing												
			8636	I don't believe ICBC is capable of doing this at a profit and would lose money in the process.												
			8661	It opens the door to the irritant of politicization and polarization. Routine government licenses and permits should be neutral in these matters.												
			8666	Only I think it is a good idea. Thank you												
			8671	Plates should NOT in any way promote or reflect "advertising" for any commercial companies or business. We get far too much commercial advertising as it is.												
			8701	Nothing political or controversial or special interest groups												
			8741	I think plates that support charities and also add a more distinctive look to a vehicle is a win win situation.												
			8751	Some jurisdictions, the plate is the registration number, so the plate stays with the vehicle. I would strongly suggest BC moves to this model. Would save a lot of work and something I know BC loves=Bureaucracy.												
			8766	How about just having one license plate instead of two so you can have a choice of other types of plates												

			8831	My concern if the cost never ends. The olympic plates at least had a few years of fees then it was done. With the fees ongoing it is not worth it to most people. I would rather make a donation to the charity so i can get a tax receipt than let ICBC get the write off. Also to replace the places if they get stolen is too expensive											
			8836	I would like to see a license plate option with the Vancouver Canucks logo like other provinces that have an NHL team.											
			8851	I love that they are transferable from Commercial truck to Passenger vehicle. Switching between summer car and winter truck is made easier.											
			8876	I believe we could pay a one time plate fee, but to have to continuously pay for those year after year seems to be a bit much and a bit greedy.											
			8881	Funding like this will support volunteer Sar teams and equipment.											
			8901	I think these are a great idea of raising funds for different non-profit charities.											
			8941	I would absolutely support a children's hospital or BC SPCA charity plate											
			8956	I really loved the earlier plates with the Vancouver mountains on it.											
			9001	A breakdown of how funds are distributed published annually to the public.											
			9041	Bc Lions, White Caps, and or Canucks would be great additions											
			9081	Fully supportive of having several different options											
			9091	I think if we have too many different options it will just water down the support for each in addition to taking away from the awareness for those that are already existing, and providing support for only those charities large enough to register for this. How would you determine who gets the specialty support?											
			9096	Waste of time and money on bragging that you are supporting a charitable cause.											
			9101	If this idea is gone ahead with, they should be a different colour to indicate that they are advertising. This could open the door for advertising unethical non-profits or ones that offend certain people. I have no problem with government agencies such as BC Parks.											
			9116	More options for BC Parks plates											
			9131	Canucks											
			9161	need to have more letters/numbers on personalized plates, current amount is too limiting											
			9171	A specialty plate for firefighters and first responders should be the first specialty plate released											
			9181	These vanity. Plates are bought by egocentric old toy boys who want you to know how important they are leave it at home and register all plates with numbers and a decal of the province											
			9186	It would be unfair to many charities as I assume many smaller ones will not be selected for participation. It is important to pick the charities carefully and pick oned that are widely supported and dont have the potential to possibly trigger or offend or have political connotations											
			9216	GET RID OF THE FRONT PLATE - BRING OUT PNP PARKS PLATES											
			9226	I would support Professional Sport teams like the Vancouver Canucks and the BC Lions if the money goes to their designated charity which I am sure they already do.											
			9246	I would buy specialty plates for a one time purchase …not for an annual fee .											
			9281	Get rid of front plates											

			9301	I worry that some non-profits may be related to polarizing topics which could then be used to identify individuals for their beliefs and become the target of hate crimes. The Canada flag has already been weaponized when it is presented on a vehicle so the need to have neutral non-profits is a must. "You care about fish or trees? Then you don't support our oil or forestry industry" can be some hate rhetoric that could crop up.													
			9346	MMIW and or red painted hand would raise money from the purchase of these specialty plates will be used to support prevention and intervention programming to help children, youth, women and families heal, succeed, and become leaders! This is also a great opportunity to include and represent the First Nations of the province that actually own the land!													
			9361	Maybe introduce more Premium looking plates with much higher fees so luxury car owners can purchase them and use those funds for infrastructure improvements														
			9376	more variations of parks plates.														
			9401	I really believe that it needs to be cash flow positive for ICBC as a means to reduce rates while benefiting the sponsor organization (BC Parks, charities, etc.). This type of program has potential to substantially increase logistic (plate inventory at London Drugs or your local insurance agent??) and bureaucratic costs so it should be fully funded by fees associated with the plates. s. 22 the Collector/Vintage car program as it brings out the best in automotive history/art and keeps insurance fees reasonably accessible for those that want to enjoy and share their passion.													
			9421	I am glad ICBC is looking in to this. For years I have wanted plates to support the SPCA and when I mention it to friends they like the idea too														
			9431	We pay too much as it is for a plate, that we use year after year! I am not interested in paying more than it currently is. If anything the fees should be reduced especially for seniors!														
			9456	I don't want to see more variations of license plates on BC roads. Non profits should work on their own means of funding without MORE government intervention.														
			9486	This could be a great way to support organizations that are otherwise struggling to find enough funding for their programs.														
			9491	s. 22 a non profit organization that supports public safety, and to have a plate that displays and supports that would be valuable in my opinion as it would raise awareness of other drivers especially as we focus on things like rail crossings where there are a lot of injuries and deaths due to drivers not paying attention or regarding the crossing warning systems when trains are present													
			9496	How much money would go to the organization? Is the amount they get only the initial fee or do they accrue an ongoing revenue stream?														
			9506	This is a good idea getting better. Giving policy holders the freedom of choice of multiple plate designs is a win win. Accredited charities will gain needed funds and drivers embrace the different designs and colours.														
			9516	Now that ICBC does not have decals on plates, they should stop making people turn in plates to cancel insurance or transfer to other types of vehicles, it is a HUGE waste of metal and supplies and waste of money, ICBC really needs to look at the they way they handle this, time for ICBC to be more environmentally aware of the waste they create by having to issue new plates and surrender them all the time													

			9541	I think after 5 years, the annual fee should be dropped. Or ICBC clients should be able to write-off the annual fee as a charitable donation on their taxes yearly.											
			9556	Understanding how much of the money collected is actually going to charity is important											
			9576	It's nice having options!											
			9586	no											
			9596	I thought of the idea of supporting a non-profit cycling association like the Squamish Off-Road Cycling Association (SORCA) as they have a large following of suportive members always looking for ways to give back. The group maintains over 200kms of multi-purpose trails that are an economic driver in The Sea-to-Sky region, but it can be hard to get some forms of government financial support since the recreational asset (the trails) is on Government Land and not owned by the Association. A recreational facility like an arena is an asset that is locally owned by the municipality which makes it easier to get drafts and financial support but the cycling associations across the province are not able to tap into this type of support since most trails are on a combination of locally owned or government lands. SORCA is a large enough cycling Association that could be developed as a model for other regions to use as a way to further promote travel and tourism to other recreational and cycling spots throughout the province and further supported by having the ability for people to buy smaller sized (off-spec) commemorative BC License Plates for that particular region or Association that they are visiting. These replica license plates could be sold at the regional tourism centre to further help promote the uniqueness of each area.											
			9611	I never read what portion went to the nonprofit. Why is the govt wasting time and money on this? We don't need additional plates. But we could use some automobile insurance that is fair and functional.											
			9621	Yes, as a Canadian, I feel very strongly about this subject. I take great pride in being able to recognize license plates as they are now, from each of our beautiful Provinces.											
			9626	Just wanted to say I'm very happy with my BC Parks plate. Not only do they look great when you see them on other vehicles, it all goes to an important cause. Any additional plates that look good and help a cause is a great thing.											
			9636	I think it would be great for a one-time fee, but not additional per policy term.											
			9641	It's a fantastic idea, but reduce the renewal fee. It's too expensive during this time.											
			9646	I would purchase one if either a) I received a tax receipt for the charity the money goes to for each year's renewal, or b) I only had to pay a one-time fee for the plate.											
			9691	save your money											
			9706	continue with BC parks, but more choices of plates. add Sunny Okanagan Wine country											
			9736	Who would determine which groups are not allowed to have special plates?											

			9766	Organizations introduced into the specialty plates program need to be very carefully vetted to ensure that public discourse around the topic is positive and in an attempt to support organizations that align very strongly with everyone in BC instead of with any specific group, political leaning, or interest group. good example: Children's Hospital, Ronald McDonald house, Seniors meal programs, hospitals, schools Bad example: Salvation Army, Environmental groups, halfway houses, safe injection organizations										
			9811	This would be great to show support for Our Place Society, which serves our homeless community										
			9821	Respectful wording on license plates, names, etc. Unique names, or abbreviations allowed. Thankyou.										
			9831	Electric vehicle identification instead of stickers										
			9861	I want to be able to identify a plate as to what province it belongs to when I drive down the highway. I think we have enough different plates now!										
			9886	Designs and different coloured backgrounds makes BC parks licence plates difficult to read. i dont want even more specialty licence plates with the same issue										
			9891	Suggesting a modern alternative to traditional metal plates, which have become antiquated over the past century, would greatly enhance both aesthetic appeal and aerodynamics. Proposing the introduction of adhesive plates or custom front plate stickers offers innovative solutions to address these concerns.										
			9921	The Outdoor Recreation Council of BC, a charity, is setting up the Outdoor Recreation Fund of BC - an endowment (established with a $10 million grant from the Province of BC in May 2023) and a new granting program for community-based recreation groups which will launch in April 2024. If the Province was interested in supporting recreation groups, then it might make sense to partner with ORCBC and disburse funds through the Outdoor Recreation Fund of BC.										
			9931	Special license plate should be special.										
			9976	I think it is a very innovative way to support NFP orgs and charities that seemingly are needed more than ever before.										
			10001	Should include pro sports teams with proceeds going to charity										
			10011	I'm concerned that the charities involved will become a political flash point. A charity that seems harmless now could be found to be corrupt or harbor politically sensitive leanings. A person who thought they were doing good by supporting a charity could find themselves attacked over things they weren't aware of.										
			10056	I would like to have BC parks license plates made available on motorcycles										
			10076	PREFERABLY A BLACK AND WHITE COLOUR SCHEME										
			10091	I think having members of associations or not for profits being able to get their own speciality plate would help the organizations/non profit raise funds. I hope that they would not all need charity status and that is a difficult status to achieve as the president of a volunteer non profit society. I could see this helping identify first department members, search and rescue members in their local community, or volunteer ski patrol[s. 22] That means a lot of plates to have inventory of, but maybe it could just be local to the insuring offices to stoke local plates to support local search and rescue, volunteer fire dept, or volunteer ski patrol. Thank you for having this survey.										

			10116	I would like to see the maximum net revenue go to the charity and the minimum amount go to ICBC. The ICBC share of BC Parks plate is too high.											
			10146	Since internal-combustion cars are still in the majority, more of such optional product lines and even ICBC profit should go into offsetting or otherwise mitigating the carbon dioxide emissions											
			10181	It would be nice to allow more letters/numbers for specialty plates instead of being limited to 6 characters.											
			10231	Will YEAR OF MAKE plates be added to the program?											
			10251	This would support awareness of BC Search and Rescue Teams, as well as generate much needed ongoing support to rescue teams that are 100% volunteer and rely on donations and Provincial grants to to operate											
			10281	Plates that support the province's rich and deep indigenous history and culture should be a priority											
			10286	Key interest would be to have visually appealing plate designs with attractive graphics											
			10316	I think it is a great idea for fundraising. I would like to see charities that are not often talked about.											
			10351	I think that having the special plates we have now are enough I do not agree in having all kinds of different plates											
			10361	Why do we have to have a front plate at all? Many jurisdictions in both Canada and the U.S' only use a rear plate and it would cut down the cost to the government by 50%.											
			10391	A license plate should be in support of something to do with the environment or culture but not sports.											
			10401	We need smaller specialty front plates. The width is okay, I think it's 12 inches but the height should be less. Remove the lower bolt holes and just keep the upper holes. At least for collector plates but really anyone should be able to order them. The lower border should just clear the letters and numbers. I think you would have the biggest impact doing that. The letters and numbers are still the same size then so no big problem. Make people happy!											
			10411	The amount of money raised on plates for the 2010 Olympic's as well as for the Parks just shows that people would love to help and the plate shows this.											
			10416	Veterans plates are limited to those in the military, RCMP who have served overseas. Some have spent more that 35 years of service in Canada and are not eligible for a veterans plate? Seems rather biased and unfair.											
			10446	How about introducing one plate only (rear plate) instead of two?											
			10456	ICBC and the government should ensure that the charitable organisations are appropriate (ie., no support for political parties)											
			10461	Cost should be less than a personal vanity plate.											
			10486	They *need* to be readable. The parks plates are not sufficiently readable											
			10491	Only non-partisan charities should be permitted to participate in a government driven program.											
			10521	Want to pick the letter/number combo											
			10541	No											
			10551	Custom license plate should have option to choose all kinds of different backgrounds and fonts											
			10581	Geocaching plates											
			10601	It would be helpful if in the ICBC annual report they showed how much revenue each plate type generated in gross revenue and the net that was distributed to the appropriate plate type.											
			10631	If there was a BC SPCA plate with a puppy/dog on it ... I would be one of the first in line.											
			10636	It would be great that you could also include up to 7 digits personalized numbers/characters for additional customization.											

			10646	BC should adopt a plate that identifies disabled people rather than the existing system of hang tags that are massively abused by people using expired, fake or borrowed tags. A dedicated plate would eliminate this abuse and keep disabled parking spots open for the people who need them. Many US states already have this in place.											
			10671	I do not want to see religion, or divisive politics rolling around the province. That opens up opportunities for vandalism or violence.											
			10721	It would be nice for icbc to consider allowing collector plates to be those for the year of a car? So a 1952 ford collector vehicle could have original 1952 BC plates											
			10731	I think that there is a safety issue with multiple license plate designs because police will not be able to recognize the plate and/or read the plate due to the dark design behind the number/letters on the plate. The 2010 Olympic plates were frequently used by organized crime because they were do hard to read by witnesses and/or police.											
			10741	Specialty plates will help attract younger drivers to be part of the car hobby, hopefully helping to preserve the heritage of vehicles in our real history.											
			10751	It is a great idea. So many other jurisdictions already have them for good causes.											
			10766	This is a waste of ICBC man power and money.											
			10771	Would love to support the veterans of this country. Poppy drives are but once a year, I think we owe our veterans of the wars and conflicts that have served, a daily reminder and monitory support to continue their legacy.											
			10776	Do NOT do it. Do not use your good reputation, nor taxpayer staff& resources to beg on behalf on private & religious charities, many of which are profit engines for hypocrits and bigots. Charities should never be endorsed by the government. Alsi, many such designs make it harder for police & witnesses to read. Keep things simple for safety and equality by just sticking with the 3 or so you currently have. Do not add any more!											
			10791	Don't add costs to license plates for BC residents.											
			10801	After the initial fee is paid, the annual renewal fee should go 100% to the non-profit. This type of program has been adopted by other North American jurisdictions and BC is far behind on initiatives like this.											
			10831	I don’t understand why we have one year for vintage cars. And another for low riders.											
			10866	It would be a Great way to support fisheries related projects.											
			10876	Washington State has university plates for UW and WSU. I’d like to support our universities by having SFU, UVIC and UBC plates											
			10941	MUST be easy to read the characters, this is currently not the case with BC Parks plates											
			10946	I anticipate that there would be blatant political discrimination with regards to which "charities" would benefit from the program											
			10966	Bad idea.											
			10976	I think it is a great idea to have several options available. If people will pay the price, I also think it is fantastic that money goes to a good cause.											
			10986	I like that the other provinces let you support sports teams											
			10991	I would like to see an option for personalization of collector plates.											

			10996	I may not choose to participate in an expanded specialty plate program, but I think there could be some good partner organizations that could benefit. What about plates for each region of the province (ie Okanagan, Peace Region, Island etc) with amazing photos depicting each, and funds going to Destination BC for marketing those different regions? Or given the affordability challenges people are facing, what about a specialty plate to fund Food Banks across the province?														
			11006	The cost of said plate can't be subsidized by any other part of ICBC.																	
			11076	Bring back the expiry stickers																	
			11091	Car Clubs that can prove they support Charities on a regular basis, should be able to have a identifying Club plate. The Specialty Vehicle Association of BC (SVABC) has many Club members of which most support a charity or several. s. 22 There is over a 100,000 collector cars owners in BC, some would be happy with a Collector plate that was personalized and could be connected to their charity. There are a good number that would want a design that relates to the era of the car. The number one charity of choice would be for cancer.														
			11101	The cost of insurance for the car is high enough.																	
			11146	s. 22 so many people are asking for more options.																	
			11161	Vancouver Canucks plate with proceeds supporting CAN (Canucks Autism Network) and/or Canucks For Kids.																	
			11176	Nope																	
			11201	I would much rather have things like sports teams etc,																	
			11206	one time donations should be more than enough																	
			11216	I like different colors and designs																	
			11226	I think it’s a wonderful idea to support charities on speciality licence plates. Proceeds from these plates should go towards these charities being supported.																	
			11236	Maybe some throwback BC plate options. Check retro designs from the 50’s through 80’s would be cool.																	
			11251	As long as the charity is BC based and the funds directly support that organization not all go towards admin costs																	
			11256	I'd like to have a different plate design than just the standard design for my personalized plate. Would even be okay with just having the BC Parks plate again! Please?																	
			11261	I think having more options is great!																	
			11266	Did I miss something? When did BC Parks become a charity? I'll answer that - it isn't, and if the liberals hadn't eviscerated parks funding back in the 2010's we wouldn't be desperately seeking external funding for a office of the government. It is an embarrassment that parks funding has come to this. The government of BC should be ashamed.																
			11281	seems like a no-brainer to me. You see lots of Seahawks plates south of the border. Donate the proceeds to BC Children's Hospital. Canucks plates will sell super fast!																	
			11291	This is a waste and makes plate identification more difficult																	
			11306	No causes. It's a minefield especially if you involve health choices like pro-choice vs anti-choice and different religious affiliations.																	
			11321	The introduction of new license plate designs has implications for police making it more difficult to determine if a plate is valid.																	
			11361	None																	
			11406	how about year of manufacture plates on collector cars? In other words if I have a 1936 Ford and a set pf 1036 BC plates Can I run them??																	

			11416	I'd hate to see a hundred different ones. Ones pertaining to the outdoors. CWF for instance. Green peace would be way too controversial.											
			11426	If a vanity plate matches a year of manufacturing, then allow us to run the YOM like Ontario and other Canadian provinces											
			11436	The only plates that should be allowed to be different are to recognize the members of the Canadian armed forces for their service to our country. All other plates create an obvious display of elitism and undermine our sense of social equality.											
			11501	a one time fee is reasonable however there should not be a renewal fee.											
			11511	Indigenous artwork that benefits those needing access to clean drinking water. A wildfire plate that would visually bring attention to our summer wildfire issues every year and would benefit the effort to fight fires.											
			11566	I would like to see charities that support other marginalized communities and groups (eg, 2SLGBTQIA+ and/or BLM)											
			11581	I think it would be a idea to have sports team Canucks/Lions as well as charitable organizations, I do worry that adding to many organizations could create a issue. Picking someone like the Canucks would be a good avenue because there portion may go to the Childrens Hospital.											
			11611	If I can offer ideas: Ogopogo or Okanagan Lake, Orcas, Native art.											
			11616	Would absolutely love plates to support SPCA!											
			11646	Is the fee going to be as long as I own the plate or are you going to pay for a few years and then it stops charging you. Some people feel that they will be willing to pay for a few years like the olympic plates but don't want to pay for them for as long as they own the car especially if they own the car for 20 years.											
			11671	I believe an increase to one time fees would cause a number of individuals to opt out of specialty plates. An increase in the yearly fee would be better, as clients would be more inclined to pay for it over time, much like an increase to coverage. That said, the idea of this program is sound and one I personally think is a good prospect.											
			11676	Please increase the number of characters allowed for personalized plates.											
			11706	Make it available for commercial vehicles. s. 22 s. 22 they are insured for too much weight to qualify for the nice plates Perhaps a different parks plate just for light duty trucks?											
			11711	s. 22 Also would be great if the specialty plate could be personalized. Personalization should run to 7 characters like in other jurisdictions in and out of Canada.											
			11721	Approve the use of year of manufacturer plates!											

			11726	I have nothing against specialty licence plates but my main interest in this survey is to suggest the elimination of the front licence plate. Several provinces have now eliminated the front plate requirement and most of today's modern vehicles do not have a provision for them. To install a front plate requires an unattractive holding bracket be installed. Please do away with the front plate requirement.										
			11771	Yes I would only participate if icbc has 100% transparency on the program											
			11826	THIS PROGRAM WOULD HELP OUR NON PROFIT ORGINIZATIONS GAIN MORE AWARNESS AND SUPPORT, WHICH SO MANY CAR CLUBS TOTALLY SUPPORT											
			11846	I think donating directly is always best and its not worth complicating things for people or insurance brokers. Also fearful ICBC would not donate 100% of the additional fees											
			11886	Keep plates clean and simple											
			11901	You should definitely allow SPCA to make plates, I'm sure more people would do that then the ones listed											
			11906	I want alot of styles of plates. Make money from them. One plate is boring. California has alot of plate options											
			11921	Specialty plates shouldn't be so cluttered they're difficult to read.											
			11926	more variety of plates makes it harder to identify the plates and the numbers on them. This makes it harder to identify people who do hit and runs etc. one standardized plate should be all there is. Even the variety of plates that are available already make identifying vehicles difficult.											
			11981	I would like to be able to print my own personalized slogan on specialty plates.											
			11986	With so many different car clubs in B.C. it would be nice to be able to choose plates that would identify personal vehicle year.											
			12016	St. John Ambulance plates like Ontario											
			12036	Alot clients enjoy the personalized plates and dont mind paying those fees											
			12056	BC Childrens hospital would be my pick, or childhood cancer research											
			12066	I feel that if a person has a number of classic automobiles they should be able to use one plate for all of them rather than multiple plates. You can only drive one at a time .											
			12076	a one time fee seems reasonable, but an annual fee is too money-grabbing											
			12101	I think if the car came from that era, it should be allowed to use the same era oflicense plate. I think it's a very cool idea, and license plate collecting has been around as long as car collecting has why shouldn't they be put together.											
			12121	Would like more plates to choose from hopefully we can still keep the parks plates but it is a good idea to have a good selection of plates available for people to choose from and the money goes to non profit organizations and our BC parks											
			12126	Is the additional fee and renewal a deduction for income taxes?											
			12146	I dont think it is a good idea. People can get a plate holder to express there preferences.											
			12156	having a wide variety of options would appeal to the broadest consumer base											
			12181	I believe that this is not publicized enough to younger drivers. I wasn't aware that anyone could purchase the license plates that support our local parks until just a few years ago. I thought I actually had to be a senior citizen in order to get one of those license plates											
			12186	A 1966 plate on a 1966 car makes perfect sense											
			12191	Have two parks plates and had one collectors plate											

12206	Icbc should be focusing on providing the current services at an acceptable level before devoting resources to something this frivolous
12236	s. 22 s. 22 I feel there should be a true marker for those who put their life on the line being on the front line and those enlisted with having no active duty. This is not to say they aren't entitled to their status as a military enliste but we should give consideration for those who truly sacrificed all being in harms way. Think of it as an extra bit of recognition .
12241	I think its a great idea - this would be a very worthwhile initiative for ICBC. I see the parks plates all over so people clearly are embracing the idea and it would be nice to have other options for people who may want to support other causes.
12246	It would be amazing if we could support indigenous reserves to provide clean drinking water along with a beautiful indigenous picture to represent.
12266	i would like to have a extra Letter
12281	year of license corresponding to the yesr of vehicle.
12316	More and more 'Charities' are being exposed as cash grabs from the wealthy. Executives paid exorbitant salaries with only a proportion going to the needy. I do agree that a Crown Corporation should provide free advertisement to these organisations.
12366	See transparent financial data that shows where and how the funds are being used.
12381	year of manufacture plates
12396	How about a personalized front plate that we don't have to install.
12426	I would love to see volunteer firefighter plates available to active or retired firefighters, similar to other provinces such as Nova Scotia and New Brunswick
12466	indigenous plate where proceeds are given to help support clean drinking water on our reserves!
12486	More designs would be much welcome
12496	Many jurisdictions allow the use of original license plates that are age appropriate to the year of the car. This would be a great idea.
12501	People who have mobility issues and or disability issues should have an easily recognized plate, not a thing to hang from the mirror and gets lost moreover.s. 22
12516	Concerned over readability, already find it very hard to discern the plate # from the colorful and big pictures on the BC Parks license plates, the colored background also infringes on the ability to read license plates.
12521	Think of a specialty licence plate as a fingerprint. If the fingerprint is registered with the authorities as required, it does not need to be standardized.
12541	In Alberta you can get specialty plates for the Calgary Flames or Edmonton Oilers. It would be great if we had something similar.
12566	Era correct plates would match existing plate #ing and define a unique style with historical meaning.
12576	I would love different plates to choose from, I love BC parks but I don't like their plates lol
12586	Year specific plates for collector cars and or specialty vehicles 1965 collector car with a BC 1965 plate.
12601	Would like to choose the numbers on my plate to coincide with the year of my collector car. 1957 or 1955 etc.
12606	They don't stand up to weather as the lettering falls off or fades away.

12611	s. 22 engaged with patrons with Parks plates. Many simply have them for their appearance and not to specifically support parks. I fear the revenue for parks would diminish and the the impact would lessen. This includes the visual impact of Parks plates too.
12656	Other jurisdictions allow year of manufacture plates, they are an amazing finishing touch to a old car
12661	Personally, I would not get one. However, if someone wants to support a charity and is proud to support the charity, then why not!
12666	this is a great chance to make some beautiful plates for our province
12676	Get some cool ones please
12691	As British Columbia issued new and distinctive annual license plates between 1913 & 1969, I think the option of using an original B.C. license plate that matches the the vehicle year should be an option for vehicles that qualify for collector or vintage plates. According to current ICBC Vehicle Population Data, there are approximately 20,000 1913-1969 vehicles in BC, so the pool of prospective applicants would be only a small portion of the total vehicle population in BC. s. 22 s. 22 , I know many owners who have matching model year plates that would love to be able to display them and have them recognized as legitimate license plates to be used again.
12696	Bc should be embarrassed it still doesn't have specialty plates. ICBC's arrogance in not doing this a decade ago is unforgivable. Who cares if ICBC is in favor or not, the people of BC have been asking and you need to deliver. You work for the drivers of BC. Don't ever forget that
12716	Instead of only allowing 6 characters on a plate, allow 7 like Alberta does. It would open up a lot more people wanting personal plates. I myself have a 7 letter plate in mind that I would purchase.
12741	Great idea to give the proceeds to charity. I am in support of this program!
12771	should be able to use old plate on a car also make changes to collector plates
12781	Make them cool! Not political
12856	s. 22 would love to have a plate that would support our local wild salmon
12906	I love the idea, all our vehicles have parks plates, but feel like too many colours and options could be confusing . I would especially dislike logos, like for sports teams. I would strongly recommend keeping it just to BC scenery and nature.
12911	Support grassroots initiatives like peer support. “Driving our future”
12931	A wonderful idea. I support this 100%
12936	Ability to have different plate then standard issue
12966	Check out the various licenses in Ontario, they are very diverse and they have had them for years and years
12971	I would love to have the option to use an official vinyl wrap -style plate for the front of the car. Exotics and specialty vehicles would really benefit and are probably better for radar detection / scanning purposed by authorities.
12976	I would also support sports plates
12986	I would like to be able to use a set of plates that showed the year that my restored collector car was manufactured.
12991	As long as they are not offensive, and visible it's all good.
13001	If you buys one of these charity plates and renew each year do you get a tax receipt for the donation?.

			13016	Who decides what charities? There are already enough options for plates and this is only going to increase administrative costs. How about applying the same energy to improving insurance services and reducing costs.											
			13026	If this project goes ahead, please ensure it will be a simple process to get the type of plate one wants. Nothing discourages people more than complex, hard to understand and multiple paged forms.											
			13056	Does it issue tax receipt for donations?											
			13066	May increase difficulty to recognize provincial identity											
			13076	No											
			13111	Stay away from polarizing topics											
			13116	I support non-partisan endeavors like the commemorative Olympic plate and BC parks plate. The veteran plate is a way to give thanks to all those that have served so that we can enjoy living in the society we experience today. Perhaps this new endeavour will succeed, I ask only that we be mindful not to politicise the registration process of our vehicles. Road rage is a thing, drivers in BC can be amongst our nation's worst. Let's be cautious about anything we do that may add fuel to our already volatile roads.											
			13131	Bc lions or Canucks plates											
			13136	I think it's a huge revenue opportunity for the province and ICBC, just look at custom plates in other sectors of the world as examples.											
			13166	Adding different basic designs, patterns, styles, colours, or patterns to the base plate - such as simple coloured boarders or backgrounds - would also be a welcome addition to increase the diversity of licence plates and improve drivers' personal expression.											
			13176	It would be good to include year of manufacture plates. For example a 1958 Chev with original plates manufactured in 1958											
			13191	BC should have sports team plates like other provinces do. I'd definitely get Canucks plates											
			13231	Great idea! Our household does not have specialty plates, but with a larger variety of charitable options we would highly consider it!											
			13271	People interested in these specialty plates might want to know if the purchase counts as a tax donation.											
			13276	Like the idea of having your favorite sports team on your plate											
			13286	You shouldn't have put a maximum on the selections to choose. All option are good, also include EMS, volunteer fire fighters, RN's, doctors. Look at the US states. Why not give people more options to find ICBC interesting and modern, rather than hating on them in any online comment section.											
			13316	This is LONG overdue. Programs like this have available in many areas for decades!											
			13326	I have a Bc parks plate. They look sharp. They are for a good cause. However I do think there should be limits. To many options will dilute the “brand awareness” that current plates have.											
			13341	no											
			13356	The ability to have more than one vehicle registered to the plate and the ability to transfer the plate freely between registered vehicles for “daily driver” vehicles.											

			13376	BC should make European sized plates available at as a custom plate option. Many European cars are sized to accommodate wider and shorter plates and look off without them. I'm pretty sure these would be a popular option for people who have these kind of cars. I've seen several people make fake European plates to match their bc ones. Also a legitimate vinyl sticker option would be great. People have also make replica stickers of their license plates for vehicles which come without front plate mounts or have heavily sculpted front ends.										
			13381	I want choices. Currently the program is up to R and that's it. I'd like a plate that is me.										
			13396	I think it's a good idea, and I would have purchased one supporting our parks, but was told I couldn't keep the license number I have now. I'm not sure if this is true or not - and I haven't looked any further into it.										
			13401	Can we get a license plate that is themed as the Vancouver Grizzlies? Florida has a Miami Heat license plate and it looks amazing.										
			13431	Introduce black and white plates like California. You'd sell a ton!										
			13456	No										
			13461	Always wanted puppies & kittens on my car										
			13466	Be able to choose from a number of images like the BC Park plates.										
			13481	I support and have one of the existing park plates but I do not support expanding the plates for other reasons. Make more park plates to support our parks, because it is going towards something for everyone!!										
			13486	If the plates wear out they should be replaced for free!										
			13516	If money goes to charity I don't care if there are 20 types of plates out there. I support specialty plates.										
			13521	Custom art for an individual. Charge a huge premium										
			13531	Absolutely! Since stickers don't matter anymore; please allow vintage year license plates to be used! There are thousands of classic auto owners that would absolutley love to use a vintage year, of their vehicle, to be used.										
			13606	No										
			13611	Would like to see revamp of current licence plate design, current design seems outdated (even a just a font change is okay)										
			13626	If anythings should change it should be more digits on personal plates, 6 digits isn't enough. If we were allowed 7 or even 8 digits I think many more people would be buying personalized plates. Right now all the "good" slogans are taken we need more options now. Just my 2 cents. s. 22 ts so sad to see it turn into a big junkie heaven now...license plates aren't going to help anything										
			13641	No										
			13661	It would be nice to only have to get the back plate, the front plate has no purpose anymore										
			13666	To have the possibility to get a licence plate in French as we are in a bilingual country …										
			13701	Expand the spaces you can use										
			13706	I'd like to see a plate we could use for the year of the vehicle example 1961 car and have a B.C. license plate for that year.										
			13721	personal opinion there are to many different BC licence plates as is and make it difficult to quickly determine where (Province / state) the plate is from										

13766	Firstly we do not need front license plates it's ridiculous that we're one of the only provinces that require it. We don't need a new license plate program to generate more useless revenue or ICBC. We need to be able to stop waste and be able to just use the one license plate we have. Why do we need to change plates so often, when you lease, ourchase5or put a plate on hold, etc.....? We should be able to reuse the existing one.
13846	-Hospital foundations, like childrens hospital. -First responder plate for active first responders. -FIFA plate like we did for 2010 Olympics for limited runs with a small fee.
13851	s. 22
13886	No
13891	Expand the program to include community organizations that may not have a charity standing.
13906	Get rid of front plates no reason to have them most other provinces don't have them they just look fuggly on cars and if you think it helps or looks cool you are fuggly
13966	Waste of taxpayers' money
13976	I'd want to make sure the charity I am supporting is acting in good faith that is all
13981	Please go back to making plates that last, the plasticized ones are terrible.
13986	I have owned many specialty plates over the years... Wish they were all transferrable vs having to give them up when my situation changed. Seems like a waste of resources to not be able to transfer a plate from joint to single and vice versa when need be.
14086	The character limit of 6 for vanity plates is pretty embarrassing when other provinces have 8 characters. This is an untapped revenue stream for this province and no one seems to realize it
14091	First Responders should have either their own plates or the current Veteran Plates be modified to include them.
14101	Please allow 7 letters instead of just 6 :)
14111	I would like the Veterans license plates available to front-line COVID-19 workers (nurses, grocery store employees, fast food workers) who worked through the Pandemic and survived it.
14131	s. 22 would like to have the option to use original BC Licence Plates from 1967, 1976 & 1980 for the current vehicles - I have done some homework and in WA & OR States, they're permitted to register the original year plate and sticker of their collector cars :-)
14146	Maybe something with different colors, black plate with a colored writing
14166	you should make a portal that you can search up personalized license plate numbers to see if they are available before requesting it
14176	We need a Canucks license plate. Many US states have these and they are great for sports fans. If The Canucks chipped in money without the end user doing so they could raise funds for the Canucks for Kids fund while also using it as advertising. Shows strength in the community and gets all goals accomplished.
14201	Specialty plates is a win win program.
14271	What about Income tax receipts?
14301	Add 1 or 2 dollars to ALL annual fees. With no "specialty" plates. Just regular plates that some have this picture some have that picture. You choose regular, picture 1, picture,2 ect

			14336	I would prefer that any funding raised through these plates be used to improve existing government programs that could use extra funding that are relevant to the current needs of British Columbians. Housing and food security are two prominent issues that residents are facing right now. If the specialty plates funded BC Housing corporation or the province established it's own food bank or snap card system similar to the US, I would be extremely happy to participate in having a specialty plate on my vehicle. For example, if the funding were to be donated to the salvation army food banks, I would decline to have a specialty plate because I don't feel it's appropriate for a government agency to be donating money to religious charity groups with a long history of discrimination. It's too difficult to vet and approve not-for-profit groups that would receive this money if the plates will specifically donate to the group based on which plate you opt to have, so the simplest solution is to keep it internal to the government's existing not-for-profit organizations or create new ones that will relieve pressure on existing services provided by the private sector that really should be the government's responsibility anyway.										
			14346	Insurance is already too much. Specialty plates should go to those with a safe driving record - not as an extra cost but as an incentive to others.												
			14361	More options for custom sayings												
			14391	I understand that you would pay a fee for a specialized license plate but having to pay a recurring fee for it is ridiculous despite the money being used for non profits. I make decent income but the way the economy is now a days, it's hard to keep up with the price of things.												
			14401	Must be able to see plate numbers. Some current versions are really hard to see.												
			14406	Love the BC parks plates, but bored of seeing the same three designs on everyones vehicles. Also, don't mind paying a reasonable one time fee, but hate the high recurring fees as yearly insurance is high enough.												
			14456	The contrast on some designs are hard to read the letters/numbers. This is bad if you need to report dangerous driving etc.												
			14461	They are pretty boring currently. A little more BC pride would be nice, so we are more recognizable on the road.												
			14591	Love the idea of supporting an organization in this manner.												
			14601	I hope there is transparency on the organizations and responsibility for them to use the funds for the designated purpose (eg. conservation), not just administration fees. If this program were to raise $1m for an organization, their annual budget should reflect most of that through an increase in conservation projects.												
			14616	Money to non profits is a scam that the non profit skims money from. Any money given to a non profit should verify no-one is getting payed or bonuses. Just like United Way CEOs getting a $250,000 annual income. That sounds like profit to me												
			14621	The current personalized plate design is extremely dated. I would love to see the "choose your own" plate design on something like the 2010 Winter Games plate (without the Olympic Rings of course...because of copyright laws)												
			14636	Would be willing to pay a higher one time fee, but the annual fee is an additional cost that I cannot afford.												

			14651	The fees should be eligible for consideration as charitable donations for tax purposes, even if the one-time and annual renewal fees were increased.											
			14666	I would like to have the option of having new Collector plate made with the same number as my plates are looking gawdy											
			14691	Make Search and Rescue plates!											
			14701	Would like to see a nice primarily blue plate.											
			14741	s. 22 I love having something different. When I drive across the line into Washington/Seattle area you see a variety of different plates, from schools, sports, and customized colors, similar in California as well. It would be great to see more customization when it comes to the custom worded plates with background options, having something for UBC as our flagship University in BC, and definitely seeing an option for the Canucks like seen just across the border with their sporting plates.											
			14746	License plates are official provincial issues. They should no turn into billboards. Keep them official.											
			14756	Please have more options I love having a fun plate on my vehicle!											
			14796	These programs always start with the best of intentions, but almost guaranteed to turn into a controversy. The history of license plates being government property versus freedom of speech is an interesting one, but ultimately one ICBC should probably avoid. The last thing ICBC needs is to turn down groups who want pro-abortion or pro-life license plates, or charities with a history of discriminating against transgender and gay people like the salvation army, and then deal with the ensuing public relations nightmare.											
			14831	Animal welfare please											
			14836	I have a bear on my plate and I love bears											
			14846	Let’s move up to 7 characters and include motorcycles and truck plates											
			14876	I think we should add on things like the Canucks for the children's hospital. I also think we should be able to write the donation off on our taxes.											
			14936	I think the plates are cool and would get one but don't have extra money to spend											
			14941	Too many different plates defeat the purpose of identification.											
			14976	The cost of making so many special plate for different organizations might be a concern? As I am not sure how many teams, organization, parks, wild lives are we stopping at. Will you be able to satisfy everyone? Or would be make sense to look at something as simple as full plate decal? So it's fun and low cost? You can easily change from one to another? Great											
			15036	Good idea											
			15066	Something about BC and it's uniqueness with nature.											
			15146	Going out of province or country with my vehicle seems to confuse the police of the local area. Is this plate legit.? Have one type of plate for everybody.											

			15156	If the Province was interested in supporting recreation associations, then it might make sense to partner with the Outdoor Recreation Council of BC and disburse funds to these groups through the Outdoor Recreation Fund of BC (this is exactly what it's set up to do).											
			15191	Not that this time											
			15201	Get rid of the front licence plate altogether. Start cutting spending!											
			15216	The specialty license plates fee should go to reducing insurance rates for good drivers											
			15226	The lettering on the licence plates needs to be a distinct and contrasting colour with the background on the plate. For example the BC Parks plates or the 2010 Olympic plates with the dark lettering are nearly unreadable. Future iterations of custom plates should have a distinct lighter or darker colour to make the lettering obvious in relation to the background image.											
			15281	I think that any specialty plates should be supporting BC specific initiatives. To me, medical charities and sports are more of a nationwide thing, not BC specific											
			15306	The standard license plate should be more special, look at North West territories license plate, it's amazing. Imagine something like that being the standard for BC. BC is known for its mountains and water so imagine a water/mountain shaped license plate being the standard.											
			15311	We need a canucks plate like other provinces do for their respective teams											
			15336	The BC parks license plates are terrific. To have charity-related license plates could be viewed as a conflict of interest or, could be be viewed that the province supports one charity over another. BC license plates should recognize and celebrate BC's history, attractions and landmarks. For example, it could prove to be well received to have license plates celebrating: First Nations art, uniqueness of small towns, sea to sky highway, the Okanagan, the surf in Tofino, the magnificent killer whales (Orcas), the archipelago of Haida Gwaii and so on. Unfortunately, the view of charities is one associated with social/global/local/regional issues that need help - to me, this is negative (although something positive is being accomplished, this is usually No. 2 on the list). License plates should be positive and make people think, oh ya, this is why BC is one of the best provinces in Canada. Thank you for considering.											
			15381	Go Canucks Go!!											
			15386	I'd like them to be easy to read. I find the spirit bear parks one incredibly difficult to differentiate the letters. Could cause issues in a hit and run.											
			15401	I'm willing to pay more for the specialty plates annual renewal but not for one time fee. Too much fees already.											
			15431	Stone Sheep are only found in BC, they should be proudly displayed on a custom license plate.											
			15466	Go to 1 plate only.											
			15486	personalized collector plates would be nice. IE: collector plate "MY 55"											
			15516	I have a specialty plate and support others being able to get behind an organization that they support. BC universities would be a good start as many alumni would likely buy such plates.											
			15526	I think this is a fantastic was to support causes during the cost of living challenges we are experiencing as it's a reasonable amount and we already need to purchase insurance which makes it easier to donate.											
			15536	Nopeee											

15571	Some US states have really engaging plates that capture your attention and build community while supporting significant causes. Attractive colors and shapes could be considered
15581	Don’t kill car culture, rather express it and reward those who have taken care and preserved history of these. You have a collector plate, but there should be a modified collector plate. A “cooler” plate.
15596	s. 22
15621	The BC wildlife Federation would be an excellent recipient. Almost 75 years of conservation work in British Columbia, and is a nonprofit registered charity. They run on donations and grants – and this is a perfect way to support them. I would get a plate for every vehicle in my household
15676	Option to have more than 6 alphabets in license plate
15691	Would be nice if they had different levels of affordability for donating.
15696	Please get rid of front plates
15741	I like the idea of specialty plates, but I’m concerned about there being too many varieties. Firstly it would look tacky, and secondly it can be confusing in certain situations (ie if you are trying to record a plate for reasons such as reporting to the police, many people may be unaware that it is a BC plate if there are too many out there). I think there should only be a few options to choose from. And this is the problem then, if one charity is allowed, how will it be decided who gets it. If it’s open to all charities, that’s just too many.
15781	I'm a big fan of the program California has where funds from specialty license plates are used for museums.
15836	It would be fantastic to have a personalized plate combined with a specialty plate.
15851	California has had a similar program for many years and the proceeds create an annual museum grant program. I think this would be a wonderful program as smaller museums are horrifically underfunded in BC
15886	I would love to see BC adopt an annual Museum Grant Program like the one in California funded by specialty license plate sales. However, I would not support a program that generates funding for 'non-profits' in general as some religious organizations will far under this umbrella which have in recent years been spreading hate, intolerance, and misinformation in BC.
15911	It’s a joke to think about how many different license plates exist in this province. Pick one new design and leave it at that.
15916	ICBCs time can be better spent by giving back to the citizens for safe driving
15921	I think this is a fantastic opportunity to not only raise awareness of the various charities, causes and interests of the citizens of BC, but might also be a way to support them
15936	No.
15941	This is ridiculous. One province one plate period

			15956	While I myself am not particularly interested in having a specialty license plate, I support the idea of a program for specialty plates that supports charities/ non-profits. s. 22 and would particularly like to see support go to that area (though I understand it's only one small area of charities and non-profits)												
			15966	Making a more plain plates like Alberta would look more pristine. I do support the bc park plate as the money goes towards wildlife. Would also, strongly recommend to ditch the front plate aswell.. not all cars come new with palatable front bumpers, and drilling holes into them to show a front plate is ridiculous												
			15981	Please no Hockey plates, they look tacky												
			15996	I would definitely purchase one if it was for a cause that I was interested in.												
			16001	I think the option of supporting and raising awareness of charities is a great idea!												
			16021	They should support with bumper stickers if they wish to support a charity. Please don't create more bureaucratic hurtles that increase wait times and degrade the sacrifices of veterans for more funding.												
			16036	I think it's an interesting idea and a great method to boost charity revenue.												
			16066	Tying an artistic license plate to the arts and culture industry in BC is an excellent way to support tourism and the branding already in place for Destination BC.												
			16071	If you're going to change anything at all, the only thing it should be is redesigning the custom plates. The background on those are hideous.												
			16086	Do not like the charge per renewal. That money could be donated for tax receipts.												
			16091	Anything that can contribute to aiding homeless for tiny homes or mental health is a great way to bring needed funds to the communities struggling to this systemic issue.												
			16146	They look junky and bad. Was just in Winnipeg and they have so many different plates it seems ridiculous and cheap												
			16171	I think this is a wonderful initiative and really hope it goes ahead!												
			16176	Museums in BC are struggling from a lack of funding. They are simultaneously trying to support growing local audiences who deeply understand the value they bring to their everyday lives, who are also struggling during ongoing cost of living crises. More government support is needed; more support in any way is needed. A license plate program for museums has worked in California to create a grant for museums in the state; this could be a lifeline for museums here. It's another way for people to show visible support, and directly fund museums without an additional burden on the provincial budget. Museums and heritage organizations are often left out of wider arts and culture funding--having a specifically museum-focused plate is truly necessary, to ensure that museums specifically can be highlighted. This is true for more organizations than just museums. Having options as to which design supports which initiative gives the public choice, and will help so many people. I love the idea of Indigenous-designed plates that support a fund for Indigenous artists or organizations, and a plate that supports CAF charities.												

16186	Non-profit cultural centres (museums and galleries especially) need help right now. I would be happy to support this initiative to support them.
16226	s. 22
16261	Make the renewal fee cheaper
16281	I think that the BC Government needs to think very carefully about this. The government itself will be ultimately linked with any charity / organization that is displayed on a car number plate and it should be extremely important that all charities are vetted thoroughly to ensure that this is an appropriate link / that their aims do not promote a stance that is incompatible with the government. It is basically free advertising so I presume that only the bigger charities can afford to do something like this and the smaller ones will struggle, so there is also the question of fairness. The BC Parks plates make sense because it is an arm of the BC government, but I am not sure that charities represent the same.
16286	Non-profit charitable organizations are always in need of funding and it is becoming more difficult to raise money in these trying times. I think the idea of a specialty license plate to highlight the arts & culture sector (museums) of our province is a wonderful opportunity for organizations to generate a few dollars.
16311	Front plates should be optional.
16361	The ability to move a specialty plate from one vehicle to another when you own two.
16366	The standard plate is just boring 😴
16371	Nine, I think this is a great idea.
16386	I would prefer if ICBC were stripped of its monopoly. All BC drivers deserve better.
16391	I'd prefer a larger initial purchase with no annual fees.
16411	Parks or a Wildlife plate should include free parking at provincial parks like in the USA
16426	For the sake of the people you 'govern', please get rid of the ICBC monopoly so we can stop paying horrendous insurance rates for no reason. We pay twice of what other provinces pay per month, how sad is that.
16431	s. 22
16436	Do not limit to certain categories of charity. Allow for all duly-registered charities.
16476	I would like to see more scenic offerings from BC Parks, and from the BC Freshwater Fisheries Society, and BC Wildlife Federation.
16496	Expanding specialty plates likely to create more beauracracy
16506	Support charities
16511	Would be nice if you had a choice of plate numbers
16516	The option of using a pair of original plates, year matching the vehicle on vintage/collector cars.
16536	Year of manufacture licence plate

			16561	Victoria & BC based charities for children, mental health, vocal arts, Indigenous people											
			16606	people who have parks plates should be able to get perks such as free parking at bc's provincial parks											
			16651	Give us tons of options, the Park plates are amazing. Add another 5 to them.											
			16656	One plate system											
			16671	Licensing and vanity should not overlap											
			16691	No thanks											
			16701	Having a Club Collector Vehicle Plate with a Clubs initials would be great i.e. VCCC recognizing the Vintage Car Club of Canada or BCHRA ..British Columbia Hot Rod Association or NAACC recognizing Canada's largest collector car association ...National Association of Automobile Clubs of Canada. The NAACC plate would be especially meaningful as most of the car clubs in BC belong to the NAACC											
			16721	Would be good to have information on what the cost of making multiple charity plates vs the funds they would realize for several different charities, and where do you draw the line on which charities to include??											
			16726	I think having 5 specialty plates is plenty. BC plates should be somewhat consistent and recognizable, and having dozens of options would make that challenging. There are many other ways for charities to raise money.											
			16741	I think it is a fabulous way to support the non profit/charitable sector, particularly arts and culture (museums, archives, galleries) as people get the vanity item they want and an underfunded sector reaps some financial benefit - a win win.											
			16801	a wildlife or parks plate should be available for Type 4 trailers (travel trailers). Many clients don't understand why a parks plate is not available for their travel trailer only motorhome.											
			16836	I'd likely commit to a Canucks specialty plate											
			16861	Our licence plates should be 6 digit, to accommodate special wording for personal license plate. And return license sticker for expire date.											
			16951	More BC parks options,BC wildlife conservation option											
			16956	I visit other provinces and it's a mess of so many different plates. It's confusing and ugly.											
			16976	The fund raised should be used to reduce insurance cost instead of just supporting the charity.											
			16996	Too many nonprofits and charities it would be a mess on the road. Eliminate front plates save money											
			17001	Many States ans Provinces have a variety of licence plate designs											
			17016	I would like another look at expanding the Veteran's plate to include retired police officers or police officers that have been injured on the job.											
			17051	I think BC should already have a plate that shows some of our provinces beauty instead of what we currently have											
			17056	BC Childrens Hospital #1											
			17096	I actually really like the idea of more indigenous designed and looking plates.											
			17121	I strongly oppose this idea and do not think that there will be an equitable selection process for which non profits would qualify											
			17171	I think a professional sports team should be an option for the plates, either the Canucks logo, Lions or Whitecaps logos											

			17211	Ditch the charity angle. Quit asking loaded questions and ask people what they want you to do. We want you to manage a business and provide service to customers. Fluff questions about inconsequential topics are not really giving anyone a voice. It's window dressing.											
			17221	Bring back 2010 plate or let me put the Oilers logo on mine											
			17231	-Only rear collector plate used. -Year of manufacture plate allowed for collector status.											
			17261	Free plates											
			17291	Expansion of the park plates would be awesome with some new designs and colours.											
			17331	If i could use my license plate for lifetime since it was my first license plate.											
			17351	Please, do not allow parks, mountains, or bear plates. The plate must be as clear as possible. White background, blue letters, flag in the middle, Beautiful British Columbia, and NO FRAMES.											
			17356	Branch out to Hobbies											
			17366	The only plate I'm interested in is if collector plate holders could register and use a matched pair of vintage bc plates for the year of their vehicle. I have matched pairs for all 3 of my classics and would love to run them. Thank you.											
			17376	Many American states use specialty plates as a medium of intimidation or to amplify their own identity rather than help anyone. Olympic plates did not help anyone who really needed it.											
			17406	Would prefer other options such as a sunrise, snowy mountain, dogs, cats. Things that make people smile.											
			17446	Wtf ...advertising not... money is your agenda ....don't segregated the insurance plate .. wow look at me I want To showcase ...what's next GLBT plates .....private insurance is what this democratic province needs ...enough communist attitude ans completeness monopoly..end I C B. C and Work Safe B.C.....money grap ....private insurance like the real World											
			17476	Personalized plate numbers should also be available for any specialty license plate design.											
			17486	No!											
			17496	License plates are a government issued ID. There is no reason for people to have specialty plates, they should not exist, theyre a cash grab by ICBC. These plates are to identify vehicles not for a persons vanity, dont make it more complicated to make a few bucks											
			17511	i would like to see animals on the plates											
			17551	I'd like to see the use of year of vehicle manufacture plates legally allowed to be displayed											
			17556	Personalized/vanity plates on the BC Parks or.other specialty plate backgrounds											
			17561	Would we get a donation receipt with the annual fee?											
			17596	I think it’s a great idea, but personally I like to get a tax receipt for my charitable giving.											
			17606	It would be nice if we could use year of manufacture plates on our collector vehicles, eg. 1940 for a 1940 Ford collector vehicle.											
			17636	Very intriguing idea. Can't say for certain I would participate but would be more likely to. A tiered system would be neat too, cheaper plates for certain designs, and higher for others. Shows your level of support.											
			17681	Go back to alpha followed by numeric without alternating between the two.											

			17751	It would be great if personalized plates could have 7 letters(numbers) , not just 6. It would be great if there were a list of graphics to pick from (like how Ontario is)											
			17846	No											
			17851	Reduce renewal fees for special plates											
			17891	Having a choice of smaller local organizations over the large well known ones as they have their own way of raising large amounts of funds.											
			17911	no											
			17926	Drop to a dingle vehicle plate, versus front and back... just a rear plate.											
			18036	I would pay a one time fee, but the annual fee doesn't make sense to me. I understand specialty printing takes money, but annual fees not so much.											
			18041	I would like to see Vintage BC licence Plates added to the collector car plate program. In other words, if you own a 1957 car, it would be nice to be able to use vintage 1957 BC Plates registered to the car. This is the case in other jurisdictions, WA State being one that comes to mind.											
			18091	Provincial parks with a new desing											
			18111	I think this is a great idea - similar to californias support of museum and arts organizations. Both of these sectors are critically in need in B.C.											
			18121	I would like to know if religious organizations due to their nonprofit status would qualify or not.											
			18131	It would be nice to see some options											
			18136	Give a few more options/colorways as people will pay extra $$$ for that. Also if possible to pay extra for special Digit regular plates etc…											
			18141	I would like to see the use of “year of manufacture” plates on collector and collector modified automobiles. It would add uniqueness and variety to the automobiles. It is already being done in other jurisdictions.											
			18171	Make sure it doesn't look stupid											
			18196	Pads (pacific assistance dog society) -- puppies on a licence plate is something I'd stand behind											
			18201	Please remove front license plate. One on the back is enough. Like they do in other provinces or states!											
			18221	I would like the specialty plates be offered to other vehicles such as motorcycles and rv’s											
			18251	Would like to see this to include motorcycles											
			18286	Individuality											
			18306	I don't like it.											
			18311	No religious organizations please											
			18321	Being able to use a BC plate from the same year as collector plated or vintage vehicle.											
			18346	Plates for firefighters											
			18356	b.C. Should have support our troops plate like alberta. Alberta plate is designed really well. We are missing something like that											
			18381	W ould like to have the year of my collector car shown											
			18391	I already support non-profits through my own contributions. Isn't this just adding another layer to the process?											
			18401	I'd prefer if it wasn't specific non-profits, but a subject such as health or education or food banks or nature and animals. This way it could include smaller ones as well as more established ones.											

			18516	Please include motorcycle plates!!! The average motorcycle owner will be more likely to accessorize their bike than the average car owner											
			18531	Consider creating a "Support Our Troops" plate, like the one currently in Alberta - or any Alberta specialty license plates, for that matter (sports teams, etc.)											
			18551	Sports teams. Copy the American model. Arizona has like 30 options. Why limit our choices.											
			18556	I think a cost breakdown of where the plate money is going would help more consumers make a more informed decision on whether to purchase plates or not. I own parks plates and in all honesty I see park services are decreasing over the last 6 years. Is that money even helping.											
			18581	Make motorcycle bc parks plates											
			18591	I believe this is an opportunity to support non-commercial causes and entities. I would be against the "auction" of license plates to commercial for-profit enterprises											
			18616	Allowing applicants to provide their own graphic such as organization logo, etc. Willing to pay extra.											
			18666	Absolutely neutral on religion (no pro/anti religion or pro/anti abortion other related topics.											
			18686	Maybe introduce additional park plate options. Or option for RV/trailer park plates and MC plates.											
			18691	I would like to see BC introduce "year of manufacture" licence plates like many of the US states (ie: Washington and California). If an enthusiast had a pair of plates in good condition (as verified by Dept of Motor Vehicles or ICBC) from the year of manufacture for their specialty vehicle they could register them and use them on that vehicle. For example I do have a matching pair of 1956 BC plates in good condition s. 22											
			18726	I would like to see the current Park license plate become the standard. The Park plate is quite outstanding. Maybe lower the annual fee to no more than $20 total.											
			18771	We need more fun plate options											
			18791	remove front plates											
			18801	Donations to charities are a private decision. It is not up to BC Government or ICBC to be part of promoting different charities. There would be arguments about which organizations are or are not appropriate to be used. Stay out of it.											
			18831	Would like to have year on car ex 1954											
			18861	it would be great to ensure quality and longevity of materials, anecdotally in the last several years I encounter surprisingly many BC license plates with significant damage, often illegible.											
			18871	I have a complete set of 1967 license plates that I would like to have on my 1967 collector vehicle											
			18876	as someone who spent months in the BC Children's hospital with a preemie in the NICU, I would do one to support that something similar.											
			18916	There should be more designs including patterns or geometric rather than simply plain or a busy 'photo'											
			18951	Nothing specific											
			18966	Get rid of icbc											
			18981	New and different license plates is unnecessary. Let's use the funds elsewhere to reduce rates and structure the company better. A new license plate or multiples would just eat money to produce what most likely would be an eye sore that nobody really wants.											
			19021	fishery design											

			19081	Opening up new ways for non-profits to raise funds to support member of our communities is a great idea in these hard times. It another way for the people of BC to show how caring and supportive they are to help others in need. It's as far away from a vanity plate as one could get.											
			19086	Large quantity of option would be neat											
			19131	Suggest providing an option for volunteers. For instance, I work with food redistribution partners in my municipality and I deliver food personally in my vehicle. It would be nice to have a volunteer plate program that could work with municipality's to support these programs by having parking bylaw exclusions for charitable vehicle use.											
			19171	PADS provides accredited support dogs for persons who have mobility, hearing, PTSD, and Community Support Organizations. It would be wonderful to have a license plate that promotes this important organization.											
			19151	Ability to use those designs with personalized slogans											
			19156	Please include an option for speciality plates for motorbikes and RV's/Trailers											
			19196	Has to be cool and exciting looking											
			19221	I would like to see some of the money raised. Go to high School auto trades programs to get you people interested in the car hobby											
			19296	designs should also be open for public engagement											
			19361	You guys are criminals, it's time the public stood up to you Q											
			19371	The standard ones need to be revamped to show the beauty of the province. Blue on white is institutionally boring!											
			19376	Concerns of people targeted because of the charity they support											
			19401	It would be great if ICBC could set up a way to assign pre-1970 yearly issue BC license plates to classic cars of the same vintage like many US states now do. Since those plates use an all number format mainly consisting of the 123-456 system, there wouldn't be any overlap of the 1986 and newer BC plates that use various combinations of letters and numbers.											
			19436	If you have a customized plated with a slogan. We could have custom backgrounds of course they would have to be approved.											
			19456	The current Parks license plates are beautiful and much more attractive than the standard license plate. I would like to see more of the fee for towards the organization rather than ICBC											
			19466	Collector Plates where a vehicle has the patina or a bit of rust on vehicle should be permitted to receive collector plate											
			19511	This seems like an added administrative burden on ICBC.											
			19521	s. 22 . Many restored vehicles represent a deep passion to preserve automotive history.											
			19556	Would like too see plates specific to year of car manufacture .											
			19561	Please have a first responder license plate, specifically volunteers that use their personal vehicle to get the fire hall.											
			19676	Hot rods and classic cars should be able use a plate that matches the year of their car Example 1958 Corvette should be able to use a 1958 B C plate											
			19686	Specialty EV plate so you don't need that sticker											
			19696	Keep the colors and designs to a minimum to keep the license plate electric ball											

			19726	I don't want to pay more money to icbc															
			19761	To be able to run year of car plates with original year plates															
			19766	like to use plates for the year of my cars. Ie 55 chev and I have a set of 55 plates															
			19806	I think the special license plates should hold indigenous art and representation. They are the stewards of this land, and they also struggle to be recognized. There's a lot we need to do for our inidigineous population and to consult elders and communities about representation of them on license plates might be a good idea. Or even including indigenous artwork that is approved. I would be more inclined to have a special license plate if nature and indigenous peoples were recognized														
			19861	Pacific Assistance Dogs has been placing service dogs with people with disabilities and veterans in BC for over 35 years — who doesn't want puppies on their license plate?!															
			19886	I would consider a specialty plate with a one time fee that donates to a good cause whereas otherwise I'm not interested in a specialty plate at all, seems like a waste of money															
			19906	Not all services are covered under the veteran's plates. s. 22 escue and the Coast Guard is recognized as being part of the broad military organization. The Coast Guard is recognized under the CF1 program as a military associate.															
			19941	Cool new graphics would be nice. The nature themes are great. Deep Cove or something on the North Shore would be cool.															
			19956	At the same time, the "regular" plate design should be updated - it's outdated now that renewal stickers aren't required.															
			19991	The ability to have a selection of plates would be nice. Feel that there is room for lots of causes to be represented															
			19996	The only specialty license plate I would be interested in is a defund ICBC campaign to show my support for an insurance system that doesn't leave victims to suffer while still collecting huge funds from mandatory licensing.															
			20001	A different charity could be chosen every year. The plate you have would support that charity for as long as you have it, but one year the offering would be BC Cancer, the next year Pacific Assistance Dogs, the next year the Royal BC Museum, etc.															
			20061	I hope the plate would represent B.C. as a whole, so that I represent our Province well when I travel. (company sponsored plates or plates that represent concepts not especial to B.C. would disappoint me)															
			20136	I would like to see the use of Year of manufacture license plates; eg you drive a 1957 car make the BC 1957 plates legal for that car. There are many license plates of past years sitting in collections all over the province.															
			20141	do one for PADS or Guide Dogs															
			20146	I don't like the fact that I have to change plates every time I renew..It's just wasteful. If I still like the one I have, why should I have to change it? Change the SYSTEM, not the plate(s)..															
			20156	I think aesthetics matter quite a bit, maybe you have have it so that registered charities can apply															
			20181	I would like the new specialty license play program to also include sports teams (Canucks, Whitecaps, BC Lions)															
			20206	Donating directly is more effective.															
			20226	I moved from Alberta and had "support our troops" plate. Paid $75 dollars apart from cost of plate as money went to veterans.															
			20241	I want to avoid any potential favouritism or corruption or publicly-funded corporate profits															

			20246	While I may not want one, I think all the power to those who do! If we can raise money for any group, then go for it!											
			20261	Vancouver Canucks and BC Lions											
			20356	As long as it's optional I am good with it. I don't want to pay for a plate and the a yearly fee. This would be like having stickers all over again and I am happy we retired those. Thanks											
			20386	I think it's smart and important to be able to identify the province of a license plate therefore, having too many options is a bad idea as it becomes confusing as to what province the plate is from.											
			20396	You are all crooks do your job and reduce the rates..... specialty license plates..... if someone never had an accident in 10 20 30 years what do you think the risk is they will be in an accident the next year..... DO your JOB!!!!!!!! And use you common SENSE!!!!!!! Stop being crooks and reduce the rates of good drivers it's the least you can do collectively no accident pay less why is that so difficult???????????????????????????????? Do the right thing for once ASAP risk factors and garbage ideas just use common sense											
			20406	BC plates need to stay recognizable and distinct as the province and others across Canada introduce more versions. I also wish that the current standard plate is redesigned following the removal of the yearly insurance decal.											
			20421	year of manufacture plates for collector cars eg: If you have a 55 Chevy and a set of 55 BC plates you should be able to use them.											
			20471	I think the icbc should donate the full amount of the specialty license plates to those in need. It would be as if you were giving money directly to charity.											
			20476	To be clear I don't mind to have special license plates that give money to charity and that money would be coming out of the holder's pocket, but I would like to have a veterans plate for no extra charge to show we support them.											
			20481	It shows support for the chosen charity constantly.											
			20506	Please do this, Washington state has so many great license plates. We are so far behind. Our regular license plates are from Expo 86 I believe. Time to refresh those too.											
			20551	Something with the colour blue, maybe even Vancouver Canucks plates											
			20566	Make it like Florida where we can buy a plate that supports our favourite sports team											
			20581	Our local mountain on the plate											
			20606	Fish											
			20611	I think different shapes would be cool. NWT has polar bear shaped plates, if I remember correctly, and those always look really neat! I'd also be into specialty plates that bring awareness to different charities or causes.											
			20641	The display of the model year of a collector car is a popular endeavour, but under present regulations, classic car owners are only able to display year appropriate plates when also displaying regular license plates. An option of displaying one only, or front & rear license plates of the year matching that of the classic car would be a welcome solution.											
			20726	Get rid of front plates											
			20736	N/A											
			20746	I like the idea of people being able to express themselves whilst also contributing to a good cause especially nature conservation efforts											

			20781	The link to this survey was shared by GoFishBC, and I would absolutely get a plate to support them!!! Please bring a GoFishBC plate to the list! And more options for other organizations people want to support to would be great!										
			20811	Make a canucks one for gods sake every other province has one for their team										
			20821	No										
			20881	Stop being so up tight and let us have a little fun with custom license plates. Look at all the different plates in America. That could be us but we're stuck with icbc										
			20906	Specialty plates are fine for those who can afford the extra cost every year but those of us who can't are left out. I donate to charities if & when I can afford it but now with what is happening in this country that is very far between. s. 22 I doubt you will get positive feedback on this one at this time										
			20926	I fully endorse having a wide variety of plates, everything from causes to sports teams, etc. Just because I personally don't want, at least at this time, any plates but the ones on my van now doesn't mean that others shouldn't have a choice.										
			20936	Canucks plate!										
			20976	A picture of a wolf would be nice										
			20981	Just that seniors should have their own plates so that other drivers are more understanding and act accordingly when driving behind or around them										
			21041	Standard licence plates need to include a character depicting physically challenged driver, if the soul driver of the said car exclusively is the only registered driver. A small extra fee may apply to benefit the present issuer of "wheel-chair" emblem.										
			21046	Add more spaces for personal plates										
			21116	Only downside to bc parks, is it's more of an extension of govt/tourism than a charity or non profit										
			21126	It's doing great... let it proliferate!										
			21151	Classic plates on classic cars would be amazing. Running a 1957 plate on a 1957 car would be hiatorically beautiful										
			21161	Just a single plate at the back										
			21196	Change the slogan from beautiful British Columbia to something more meaningful, less colonial and more inclusive like B.C. the place to be...										
			21231	I don't want the extra money to be going towards ICBC profit. Only would be interested if it's going to non profit organizations.										
			21296	It would be great if issuing fee is reduced by 18$ for personalized plates. So that more and more vehicle owner can contribute to donation.										
			21306	BC needs a better looking standard plate. And no more front plates!!!										
			21321	I would like to suggest the Nikkei organization as an option for personalized plates. The donation could be made for the upkeep and culture of the Japanese Canadian society and to help people track down their family history in Japan.										
			21331	There are so many non profits and charities doing great job in their area. Not everyone is that "rich" or famous. Only those non profits will make a place to this lost that have strength. What about the small ones then? Have you ever thought about it? Are they not important?										
			21346	Better designs and photos. Hire artists and better photographers to make them										
			21381	Cost is to high										

			21391	It would be a positive thing to see better detailed graphics and so on on the plates											
			21411	A Canucks one or animal one would be great											
			21416	If there is an option as a Arieal Photograher of our canadain nature I have my personal picture collection, I would rather use as a plate background.											
			21471	I would like to be able to use a licence plate specific to the year of my collector car.											
			21481	1 plate only at the rear. No need for 2. Cut costs.											
			21496	Abolish ICBC monopoly											
			21611	While it may be easy for people in BC to identify the many types of plates, when those plates are travelling out of province it is difficult for people to identify these vehicles because there are too many types of plates. Licence plates have one function: to identify a vehicle. Please stop making this job more difficult by introducing multiple plate types.											
			21616	I'm afraid of certain organizations using this program to create plates that support causes that are more controversial than BC Parks and which push political agendas eg: prolife plates, etc											
			21621	I'd be interested if it was JUST a yearly fee and not both a one time AND a yearly fee.											
			21656	Encourage Canadian Armed forces											
			21686	Charities or other random non-profit organizations should not be emblazoned on something official and government issued such as a license plate. Who decides which charities or non-profits are eligible? Or are they all automatically eligible with no investigation into how money will be spent...											
			21691	I feel it is unfair and inequitable for the government to support non-profit organizations and parks and recreation through a regulated venue such as a plate that is required in order for anyone to legally operate a motor vehicle on BC roads. Additionally, I feel it is inappropriate for the government to profit in the form of an administrative fee based on individual citizens' desires to support non-profit organizations.											
			21701	It should include up to 8 digits/letters											
			21716	Why do you feel that you need to change anything. With the cost of everything going up why do you want to get greedy and take more money away from my pocket.											
			21726	Would be nice to see indigenous license plates.											
			21771	Please no religion or political plates.											
			21781	Collaboration with sports teams like the Vancouver Canucks, BC Lions, Vancouver Whitecaps.											
			21811	People use this specialty licence plates as proof of their superior and just for showoff. By the way it is money for icbc											
			21816	To be able to use Old Plates											
			21831	As long as there continurs to be the regular license plate option, I'm all for additional ones.											
			21836	Why do you charge an annual fee, once I've received my plate why do you want more money? I understand it should go to a charity, but does all the funds go to a charity or does ICBC take a cut.											
			21856	Get rid of the front plate. If NWT, Alberta and saskatchewan can do it, why can't we											
			21911	You gets the tax right off for the donation? Would I get to pick the charity?											

			21951	The specialty license plates are not clearly legible on the road. Please fix them with light background and black letters. They are hard too read unless you are very close to them												
			22016	Please make specialty plates available for motorcycles												
			22031	Have more options for the public.												
			22036	I think people should be allowed to choose which llate they want to use as long as it doesn't conflict with any others on the roads in BC.												
			22091	i dont want any tax money spent on new license plate designs when the province cant afford to eat and stay warm												
			22106	Maybe more selection												
			22141	A one time fee I can see. However a fee that you have to pay on top of your insurance every year is to much. I used to have a bc parks plate then I gave it back as my insurance is already a expense and adding the extra cost every year makes it more expensive												
			22156	NA												
			22161	Why are we wasting time and resources on this? There are plenty of avenues for people to donate to a cause or charity of their choosing. It's frustrating to waste tax payers dollars for a survey like this. Let's use our time, energy and finances towards things that will actually make a difference.												
			22236	Scrap it. If someone wants to donate to a charity they will. Only the vane need to be acknowledged for their philanthropy.												
			22241	It would be a good idea to have EV license plates to use HOV and other EV only benefits.												
			22261	A plate would signify the history of vehicles over the past decades. Everyone I know always talks about the old days that included memories of the evolution of the automobile.												
			22266	Year and model of car												
			22276	None of the amount charged for the plate or annual fees should go into the pockets of the BC government or ICBC, 100% of all fees should go towards the non profit or charity of choice, otherwise there is no point in ICBC doing this.												
			22291	Nope												
			22316	To be able to install a vintage plate to match your vintage vehicle 🚗												
			22341	Vintage plates would be a nice addition.												
			22346	I think it promotes a great income resource for groups that need it.												
			22396	Total waste												
			22416	More options are good for people. Give them the option to choose to support something that is important to them, but also adds some flare to the regular boring plates.												
			22441	There are not enough letters/numbers on a license plate. There should only be a one time fee for these plates. Parks should be paid for by the government, not the public through a license plate.												
			22451	Newfoundland has a program where firefighters get special plates after 3 years of verified service. It doesn’t really mean anything specifically but it’s a special thing that a lot of people look forward to. Would be nice to see something like that here												
			22496	I think washington state does a pretty good job at this. BC license plates have to be one of the least appealing, license plates in North America, it's time to step it up.												
			22526	You are unable to include all charities so it then becomes serving the major ones and let the rest get by as best they can.												

			22556	I think vintage plates that match the year of the vehicle should be allowed. Alternatively, standard plates should be able to be repainted to match the colours of the year of the vehicles manufacture											
			22566	N/A											
			22606	Want to use an old plate designed for the year. I have a 1960 car and old plates. I want to put them in the car											
			22616	Make the personalized license plates more graphical in the background. If someone wants to put their name on the plate, the background becomes plain white. Some graphics or design will make it look more beautiful.											
			22631	A haida art theme that gives money towards bringing clean drinking water to indigenous peoples in bc, or one for helping the homeless with a pretty sunset or sky theme, or new designs with canada flag theme, or rainbow											
			22646	Make them fun and not so serious people think we have monopoly money let's give them some monopoly plates											
			22671	Id pay 1000 dollars for a license plate with a bison or an elk on it, no bullshit.											
			22676	very confusing											
			22681	Perhaps you might want to revisit the current dated design on the personalized license plate which has not been updated for about 40 years.											
			22686	I think it would be okay to charge $50.00 and raise more money.											
			22691	Great idea to support more charities. I love my BC Parks plate											
			22706	Ensure there are enough plates for demand. Several times we have attempted to change plates on vehicles and no specialty plates where available.											
			22746	I think it should be quite open ended and allow many NFP groups register to use this as a fund raising tool											
			22756	I think the money going into these plates will not be fully given to charities. That ICBC will end up with some of the money labeled as administrative costs so the charities end up with less funds. Somewhere ICBC is going to demand their cut of the so called donations.											
			22771	photo contest for local backgrounds											
			22781	I think it would be a great program in order to help out groups choosen											
			22786	Would like the ability to keep the same number as my current plates but with a new look											
			22791	I like the idea, and I think if the one-time fee and annual fee are the same as the current BC parks plates, then probably the others would like it too											
			22806	I like the differently shaped plates as well.											
			22811	If these would be introduced I'd recommend putting that money into the roadways and expansions to roads, especially the Bridge between Kelowna and West Kelowna.											
			22851	One time fee only											
			22861	Having licence plates for other charities is a wonderful idea, but with the current economy it is hard for people to justify spending money on a licence plate. More designs necessary as I find the current ones rather lacking in how they look.											
			22901	I think it's ignorant to consider adding specialty plate programs when so many people are struggling financially. Instead, consider ways to lower costs for customers. Maybe charge less in areas with less accidents and claims.											

			22931	I would support this if donations were made to causes I feel strongly about.												
			22991	I like the unified look of our current license plates												
			23006	Would avoid putting a $1 E sticker on a $100,000 vehicle.												
			23021	it will be nice to have different colours of plates similar to what they have in California.												
			23026	I think this is a good idea if implemented properly. I support this.												
			23031	I feel there should only be a one-time fee when I get my specialty plates not yearly and I should be able to choose an amount that comes off every month for donations to a non-profit organization of my choosing												
			23041	Really hoping to get a BC cancer plate to support that group of people. my self and my family have struggled in this area.												
			23071	It’s a great idea												
			23096	It's great to be different												
			23101	I would like to be able to use period correct license plates on my collector cars												
			23156	Durable and cost friendly												
			23166	Lower initial fee or the annual fee												
			23171	it would be a great to give ICBC some personality by allowing customers to express themselves a bit more												
			23181	I would like to use a 54 plate on a 54 vehicle												
			23201	Cost of the park plates is too high as is. Id be okay Paying the additional amount when initially registering the plate, but the extra dollars for each renewal is a bit high in my opinion. I also wouldn't get a plate that supported a random charity either. I think that if they are going to do more specialty plates they should keep with some like the BC parks plates, maybe something for our oceans. All that money should go back into something to help the province, not some random non profit.												
			23241	Many jurisdictions allow collector vehicles to use the year of manufacture license plates and that enhances the hobby and car shows. Most car show events are also sources of funds for many charities that work hard to support people in the community.												
			23261	No												
			23266	I believe having an original style licence plate for the original manufacturer year of your collector vehicle would be a great way to raise money for charities and cool to have in a collector vehicle .												
			23271	Having interesting choices is just a nice, if unnecessary, feature for our license plates. I like it.												
			23301	Old car plates for the year should be used.												
			23351	more colors or more expression of our beautiful province												
			23386	s. 22												
			23391	Anything that helps raise funds and support to animals, such as wild arc, spca. Also that helps support individuals with single income												
			23396	I think "specialty" plates should be standard. Bc plates are currently boring												
			23426	BC should only require a rear plate and do away with front plates it would save money												
			23436	At least 7 letters please												
			23441	Reduce the cost by eliminating the need for a front plate as other provinces have done.												
			23466	I think if the icbc wants to save more money. They should make it legal to have only 1 license plate per vehicle. Also I would buy another one for my sxs. Especially if it's for bcwwf												

23476	How about nhl or cfl plate
23506	License plates should be uniform for everyone to have a uniform society. There are other ways of charity and license plates should not be made a money making scheme.
23531	No
23536	I think the province needs all the money they can get
23546	s. 22
23561	We should have license plates for each charity that people can choose.
23571	New specialty plates are not needed. It just increases the administration load on ICBC autoplan agents.
23581	I feel that a "magical" aesthetic would be worth paying extra for
23596	Should be able to submit your own ideas
23631	We should be able to run vintage BC plates on classic cars
23646	It would be a fantastic addition to any classic car/truck. Especially if you have a front and back plate in good shape.
23651	Before this survey, I hadn't necessarily viewed the BC Parks plates as a fundraiser, although I did know there was that aspect of the program. I had viewed BC Parks plates primarily as celebrating BC, celebrating BC parks, in the same way that we might recognize veterans through veterans plates. I'm very opposed to expanding the program to be a fundraiser for (other?) initiatives, mostly because I worry that these will become a way of expressing certain political beliefs, which ends up becoming divisive in society (pro-life, etc). There's simply no need to allow people to advertise through plates in this way.
23666	B.C is know around the world for its world class wild steelhead let's show our support of these iconic fish. Thank you
23691	I believe that using plates to show interest and generosity can create communities and encouraging people to manifest their creativity both finding an non profit and looking the part with a custom plate.
23706	Run specialty plate with chosen year displayed based on year of car.
23716	it should be advertised exactly how much goes to the charity. will icbc withhold any of the monies paid?
23731	I am an auto broker in mackenzie bc and it would be amazing for us to have more plate styles and organizations for clients and brokers themselves to choose from, the BC parks lates have the right idea of sending part of the funds raised through the purchase of those plates to the preservation of the bears and parks in Canada. Us smaller communities and larger corporations would love to see more science and illness-based fundraisers, a pink ribbon themed plate for breast cancer recognition. A wildlife conservation themed plate that's dedication to raising funds for fisheries or other endangered species or wildlife sanctuaries.
23751	Yes, vintage period correct collector plate for Collector cars. 1970 B.C. plate for a 1970 vehicle.
23756	Please don't include religious organizations. This should be a secular movement. Religious organizations already have their tax free status to work with, plus any fundraising work they do on their own. This should be a secular movement.
23761	We should revamp the standard issue plate as well. It doesn't reflect the fact that the driver is from the most beautiful province in canada. Plus it kind of looks like ontarioa blue lettered plate..
23786	Allow original plates to be used as long as they’re in good readable condition.

			23811	Fully support as long as all proceeds from renewals are going to the cause											
			23821	i would like to be able to put BC 1961 plates on my car that is a 1961...as an example											
			23861	You should do the same with L and N											
			23866	Don't make it so expensive initially and for the renewal.											
			23926	Less pricing on plates will allow Lorne people to buy it											
			23951	Getting a plate would all depend on what the design was. We need new design options!											
			23956	Would be nice to see them Allow vintage plates used on specific year vehicles. For example, if you had a 1955 Chevy car you should be allowed to run a set of 1955 vintage plates											
			23961	Vancouver canucks plate											
			24011	I love the bc parks plate and thats it.											
			24051	I'd love to see one in support of historic sites like Barkerville											
			24086	As long as they don't support "woke/PC" garbage, I'm fine with it. I'd rather have our money go towards things with substance, like alternative energy research, cancer research, wildlife preservation. Stuff that effects the world as a whole, not small interest groups.											
			24091	I would like to see more options for the park plates. I like that they are colourful and stand out from the typical plates. I'd be lovely to see one with a darker background to accessorize the vehicle.											
			24121	I would consider it if the annual fees were much lower.											
			24126	i would like to put OLD plates on my OLD car....ie; 1972 plates on my 1972 car											
			24176	Concern about personalized license plates that are hateful											
			24221	NA											
			24231	More money go to organization i care about than what parks get without cost increase.											
			24286	I think it's more the loss of control of where my money is going.											
			24296	Having vintage plates on a vintage car makes sense											
			24321	different colour options.											
			24356	Could be a safety risk for people displaying certain plates, as road rage becomes more prevalent and the polarization of people surrounding a lot of social issues.											
			24391	Seven character for personal plates											
			24411	I would like to see plates promoting the BC Geocaching Association											
			24421	I would support a one time fee. Even a little higher, one time fee would be ok, but not yearly.											
			24436	Allow us do put a decal around the white part of the plate.											
			24446	The use of old vintage plates (in good shape) that matches the year of a collector car											
			24466	Please, no indigenous art work or recognition											
			24491	Please make it possible to have collector status with a 'year of manufacture' or era correct license plate.											
			24516	The freedom to have a decal plate regardless of the image. Bring in custom plate options.											

			24521	I like colorful depictions of natural scenes, but nothing should take precedence over Public Safety and effective law enforcement. Right now, the license plates showing various scenes interfere with easy recognition of the main numbers and letters on the plates (a bit of added dirt and poor lighting pretty well makes the plates useless for the general public). Given the speed and busyness of car and truck traffic, quick and accurate recognition of plate information is vital. So, here we have ICBC, under the Ministry responsible for Public Safety, acting in an irresponsible manner re public safety. If you can't figure this out on your own, have a look at what the British (and probably some European countries) do. They have bigger plates and script, with high contrast numbers and letters.										
			24546	N/A											
			24556	Would absolutely love to see BC Children's Hospital plates. We would change both our vehicles to those.											
			24561	Wish we had license plates that would allow us to support our sports teams or be able to support cancer research for breast or lung or brain cancer.											
			24601	To be able to support an organization like bc wildlife Federation who i strongly support and believe in who does phenomenal work											
			24621	Everything											
			24641	A clear layout of 100% the extra fee going to the charity											
			24656	We pay to much for insurance and get nothing in return when involved in an accident. I will never pay more to have a pretty plate on my car. ICBC needs to spend more time on helping drivers than worrying about what picture is on the plate											
			24746	Would the renewal fee each year go towards the charity, or would icbc take a portion of it? Would we get a tax receipt for the program if we enroll, or is icbc getting to submit it on their own behalf... Like other companies currently do?											
			24776	In cases where a specialty license plates are used. Provide the option at an additional fee or free to delete front license plate. It would save ICBC cost in materials and labour and add an additional stream of revenue. Also, less waste and or recycling of the materials at the end of their useful life.											
			24781	I like the look of the BC Parks plates, but didn't want to commit to ongoing increased costs, especially right after just paying for a vehicle (and having paid PST on a used vehicle on which PST has already been paid, which the province shouldn't do as it encourages new vehicle sales and therefore waste of existing vehicles before the end of their lifespans and unnecessary demand for new ones).Perhaps an ability to pay a higher one-time fee for a specialty plate would be a good option for some. If there were a way to contribute to BC Parks that I could get a tax credit, it would be more cost effective for me.										
			24816	Just to be able to use old classic plates or remakes of them on a collector car.											
			24831	It would be nice if we had many selections and not just one more added to the ones already offered (Veterans & Parks).											
			24846	Please make the letters of British Columbia in very readable font and size for law enforcement to enforce rules of the road. Also return the expiration dates to the rear plate.											
			24851	will this take away from the fundraising.											

			24896	I would like to have a license plate based on the model year of the motor vehicle.													
			24911	I would like to be able to use classic plates for my older car. s. 22 s. 22 This should not be only for vehicles with collector status. All vehicles (pleasure use only) should have the ability to use year specific plates.													
			24916	I pay enough for insurance and don't attach any significance to having a personalized plate.													
			24926	No													
			24941	I think it's a great idea to able to use licence plates from those years. It's all about recycling after all isn't it? :)													
			24946	The only two types of licence plates that should be in BC are the blue lettering on a white background and veterans plates. No others.													
			24951	Potentially being able to use old license plates attached to old cars. Example being a 55 Chevy, and using BC plates from 1955 (that are still in acceptable condition for road use)													
			24966	ICBC is operating under government. It support to support itself by the cost of its own professional service income and government support. It's self supposed to be none profit. All the actions of business beyond it's professional should be prevented from getting involved.													
			24971	Can we please have black plates with yellow font.													
			24976	i hope that the team canada karate will have their own special license plate													
			25011	Eliminate the need for a front plate!													
			25016	Plates should be made of mountain rocks													
			25156	Let's get Vancouver Canucks licence plates! Go Canucks go!													
			25166	I'd like to have a year of issue plate that is the same as my 1968 model year car													
			25181	The ability to use vintage BC issued plates, namely year plates from the 1960's and earlier.													
			25211	Some states in the USA are looking at digital versions as well. Maybe make this an option?													
			25221	There are too many charities that are important to some and not to others. The playing field would not be equal so unless you can support all charities, which you cant; you shouldn't support one over the other													
			25226	If we make it to open as to how many different plates are available, we risk diluting the value and donations to existing plates such as BC Parks, so do not expand it beyond the outdoor, environment, etc.													
			25241	(see comment above) i do not understand why supporting organizations in this way is not tax deductible.													
			25331	would you get a separate receipt for the donation?													
			25366	The poor end up paying for what the rich want. Stop putting us all in further debt.													
			25391	s. 22													
			25416	If you own a 1966 Chevrolet Chevelle Malibu SS you should be able to use a set of old 1966 license plates on the car.													
			25426	I think having more choices is a great option													

			25466	Do you anticipate that this will create competition for the BC Parks specialty plate program? How much do they stand to lose? Would a specialty plate also be able to be a personalized plate?													
			25471	I think it would be really beneficial to car restorers and clasic car enthusiasts to be able to use discontinued plates. For example a 59 Bel-Air having a plate in good condition from 1959 registered to the vehicle or a 73 Riviera having a plate from 1973. It would definitely add to the authenticity of many of these beautiful cars and add a sense of nostalgia to be adored by car lovers of all walks of life.												
			25521	love to have era correct for classic/vintage vehicles													
			25526	I would like to see charities associated with Vancouver Canucks and Whitecaps included so there could be plates that are themed for professional sports teams.													
			25536	I think it's a really great idea if it is a choice and an option to opt out, the added cost is going to impact some low income people or families. It's already expensive. Insurance cost a lot and gas is crazy expensive right now. Licenses need to be renewed more often, it all adds up. The added plate cost would make it just one more expense that's unnecessary.[s. 22] I already am struggled with rent, groceries and other expenses, so a license plate is not on my priorities												
			25556	If personalized plates would included and 7 digits...													
			25566	Just love the vets with honor plate 🩶 🩶 🩶 🥹 🥹 🥹 🥹													
			25601	A new plate design that encourages people to support Global Warming.													
			25611	The use of a vintage plate from the year of car/truck you have, ie. 1955 car with a 1055 plate attached, supplied by the owner.													
			25616	I would like to see year of manufacture ,replica or genuine, plates for collector cars and trucks													
			25641	There are way too many placards for handicapped accessible parking atm. Having a plate might make abuse harder.													
			25691	I support the Backcountry Hunter's and Angler's association													
			25696	Please make a specialty plate for the Wild Sheep Society of BC, Bc Backcountry Hunters and Anglers and BC Wildlife Federation													
			25701	Back country hunters and anglers should definitely have a license plate													
			25711	BC is immense. We need to better fund our wildlife management and this is a simple way to do that. Also community support for at risk kids and youth is always in need of support													
			25746	Very excited for some changes and expansion of licensee plate program													
			25751	No charities affiliated with any church!													
			25766	I'd buy a backcountry hunters and anglers plate, and it'd be great to see the province stand behind its hunting heritage for once.													
			25786	I think BCHA is an organization I would buy a plate for													
			25801	I'd like to support Backcountry Hunters and Angler further through a specialty license plate program.													
			25836	Front plate exemption through the specialty plate program would be an amazing benefit													
			25851	I think sharing some non profit groups may benefit local communities across our province by advertising groups that contribute to local ecosystems and economies.													

25856	There's absolutely no reason to not do the speciality license plate program. Any way we can support what we believe in should be something we encourage.
25881	It works be great if the annual renewal was tax deductible since it shoots all be going to donation in support of programs in need.
25926	Antique plates to match the production year
25931	I would like to a specialty license plate for the Backcountry Hunters and Anglers conservation organization. It is a highly inclusive organization with the goal keep and making the backcountry accessible to all
25936	Would love to see pets related/animal related plates
25961	s. 22
25966	I would love a plate that supports backcountry hunters & anglers of bc
26006	Use of year specific plate to vintage vehicle manufacture
26016	Im here in support of BCHA plates
26031	I wouldn't like to see organizations like Ancient Forest Alliance, Fur Bearers, or groups that simply campaign and complain about stuff.
26071	s. 22
26081	I would be interested in a speciality plate if I knew for a fact the money was used for conservation, unlike out tag fees that just go into general revenue
26096	I currently have a BC parks plate and would put a backcountry hunters and anglers plate on
26101	Great initiative!
26106	I've been hoping for a number of years that eventually we would be able to use original year of vehicle license plates. I have a couple of antique vehicles and have collected original license plates and would like to use original year plates. Hopefully this will become available in the very near future!
26166	ability to use an original vintage plate from the year our cars were built
26226	It would make me feel good knowing I had a small part in helping an organization I care about
26246	Currently, I enjoy seeing the parks plates in my community because it tells me that my neighbours not only care about the parks, but care enough to put their money behind them. I would enjoy seeing more engagement around other worthy causes as well. :)
26291	Would love to support a nonprofit dear to me
26301	Back country anglers and hunters
26331	Love the backcountry BC plates
26346	Love the idea
26371	Lower the cost.
26401	Ability to enhance the history of my vehicle while supporting and benefiting causes that need support
26406	It would be cool if we could re-issue plates from the past.
26416	It'd be ideal if I could get my ham radio call sign on a specialty plate.
26461	Please make a special plate for Backcountry hunters and anglers organization to raise critical funds for the conservation, habitat restoration and education we provide

			26471	I would like to see wildlife conservation groups that promote the health and abundance of species growth and rehabilitation of habitat get a chance to benefit from the purchase of these specialty license plates. Conservation organizations that support science based hunting, groups that give back to projects on the ground that help wildlife. Groups such as the wild sheep society of BC, the backcountry hunters & anglers of BC, and the BC wildlife federation.											
			26476	I would like to purchase a plate for my classic 1955 truck with the same design and colors as the Plate had in 1955. I would also like to personalize my plate. In BC there are many car shows. Show and shine and cruise-ins. The Peach City Cruise in Penticton BC and Victoria Duces Days are 2 that come to mind. Both of these shows have received National and International Media attention. The TV Show sent an entire crew with the host to Penticton to film a 30-minute episode of their series devoted to the 3-day event. This episode was broadcast on cable services in Canada, the USA and I sure many other countries. As Victoria's Deuce Days is the largest Car Show in the world devoted to 1932 Fords I am sure it has received more internal recognition. You have a built-in core of people that will pay the BC government money to buy a license plate to promote motorsports and tourism in BC. You cannot buy that kind of year-in-year-out advertising but car nuts will pay to advertise BC tourism. Wherever we go we meet people and tell them about BC. Why not help us spread the word?											
			26486	Alberta has Canadian forces plates												
			26496	I would like to see the use of vintage plates that match the year of your classic vehicle allowed to be reissued												
			26501	BCLP markers should be optional for off road vehicles aswell												
			26506	Back country hunters and anglers is a level headed organization that looks out for the good of our environment, resources and what’s best for the people of the province. I would happily support this effort through a custom license plate program.												
			26591	Would want to know how much of the fee and subscription costs go directly to the charity or non-profit.												
			26616	People with disabilities can select a symbol i.e wheelchair which will make it easier for parking												
			26631	Should be a one time payment												
			26646	As long as the funds derived from these initiatives are directed to suitable non profit organizations like cancer/hospital/children services then I'm okay with but also make sure they're transparent and will be audited so the directors if organizations do not unduly benefit from these funds.												
			26651	I would love to see the option to re register vintage BC license plates that are inline with the same year as the vehicle to be insured, even possibly with decals or in addition to standard plates. thanks												
			26661	Backcountry hunters and anglers												
			26691	Would support custom plates that give back to wildlife conservation in BC												
			26721	No												
			26766	Diversifying the specialty licence plate options in BC is a terrific idea!												
			26826	Fully support the program and fees helping with great causes.												
			26866	We would like to be able to use year of manufacture plates on our vintage cars. These plates would have unique numbers when the year is included with the number.												

			26876	BC Parks may lose out on their funding. Diluting the pool.												
			26901	I'm interested in supporting my favorite conservation organization, backcountry hunters and anglers												
			26906	I think the BC Parks plates are a nice addition, but I'd be hesitant to extend the concept to charities and organizations outside the government. Supporting parks is uncontroversial and largely apolitical but having to pick and choose which charities to include is opening a can of worms. Some people will be upset that X isn't included, others will be upset that Y is.											
			26926	I think the more opportunity to support worthy organizations the better.												
			26936	I would like to see original vintage plates used on vintage/classic cars												
			26981	We noticed that commercial truck plate are smaller and most of the time muddy and dirty not readable if they run away after causing an accident. Plates should bigger according to the size of the vehicle or more visible then the cars.												
			27001	Different varieties that would be for a variety of causes. All non-profits.												
			27036	Happy to have an option for those who want a specialty plate program, but I would like to choose my own charities, outside of your program.												
			27071	Aren't there more important problems in this province than what my license plate looks like? Like.. oh I don't know.. HEALTHCARE? Get rid of the comi mask mandate.												
			27106	Really appreciate the BC Parks programme we have for licence plates. Those funds are making a significant difference to Park orojects. It would be too bad to take away from that.												
			27126	I don't support producing too many different styles of plates. I think we need to maintain some sort of standard BC identification. Introduction a lone standard "Community" plate that people can chose which organization or charity they chose when purchasing the plate. I would also like to receive a tax receipt for donations to support the purchase, and continuing annual fee of the plate.											
			27131	Different species of fish could be showcased on a plate such as Salmon, Steel Head, Rainbow Trout, Bull Trout and Cutthroat Trout to support the Freshwater Fisheries Society of BC. I would be preferential to Cutthroat Trout as they are local to the Kootenay's. Best species to dry fly fish for.											
			27136	I think it would be beneficial to help people support groups they want to.												
			27141	I am not against it, if it is for a good cause I am for it just not for myself.												
			27151	An easy way to support organizations that we believe in.												
			27166	I like the idea, however I could see it getting out of hand. There should only be a very small select group of options. The last thing we need is 50 different plates driving around.												
			27176	Backcountry hunters and anglers												
			27201	Backcountry Hunters and Anglers does unique license plates. What about funds raised to support our own wildlife in BC?												
			27221	Wild Sheep Foundation												
			27236	The BC Backcountry specialty plates would creat additional funding for wildlife and conservation and spread awareness of what our community is doing for these initiatives! Thank you!												
			27241	Great program for a great cause												

			27246	I would like to see Year of Manufacture plates allowed for old cars.												
			27251	This is a neat way to support a cause that gives more options than just bc parks. It gives a broader range of availability in donation options that people actually hold close to their values.												
			27301	Copy Montana. Government / ICBC should not profit from this at all. All proceeds should go to the organization chosen. In order to create your own organization, one must submit their own design with would then be approved or not by someone third party. Then anyone could support the any cause by getting that plate printed. All they would need is the plate design number or name												
			27321	Backcountry hunters and anglers plate would be great!												
			27361	Use of original BC licence plates for year of vehicle, ie. 1955 licence plate on a 1955 Chevrolet												
			27376	the province should look at eliminating the front plate for cost and C02 impact, almost the rest of Canada has done so. Do a cost analysis on supplying a single vs 2 plates. It time. My opinion - front plates are ugly. I think add if you asked people would pay a 1 time fee to not have a front plate.												
			27396	I'd like to see a fund for conservation of wildlife.												
			27426	Long overdue												
			27436	Would be nice if it included other perks, like free entry to Parks Canada areas even if the fee was higher												
			27476	Ensure digits can be read at night easily.												
			27506	Make the license plates pretty and attractive and people will buy them.												
			27526	I'm a proud member of BHA region 2 lower mainland. We need all the help we can get right now for are wildlife some species more than others. Would like to see the money go to a program that would actually help instead of being out in the general pot of the gov.												
			27566	It's GREAT idea!												
			27581	Have a look at plates in Nevada.												
			27661	Backcountry hunters and anglers please!												
			27691	Giving charities and societies the opportunity to have their branding on license plates would be an added bonus to membership and a lot for additional marketing.												
			27771	I expect you will check out every charity and make sure they are in line with registered charities in canads												
			27776	BC Lions, canucks, etc.												
			27791	Great idea!												
			27801	It is a good fund raiser												
			27826	I like the idea but I don't think it should cost more if there is a one time fee okay but it should cost more. I think everyone should have one and if you are on disability you should get it for free.												
			27846	Funds should keep going just to Parks!!!!!												
			27851	I'm sick and tired of these charities begging for attention												
			27861	To support charities that don't currently have high profile campaigns												
			27871	Sports teams, local or otherwise, should not be included in this initiative. All other charities etc. make sense.												
			27886	Paying one time fee of $50 for specialized plates is ok however renewal fee of $40 every year is on the steep end. It should be slashed to half around $20 to make it mass appealing, so many residents start supporting the organizations in the need. Thanks!												

			27901	I think the standard white license plates are extremely boring. Having fees for better looking license plates going towards worthy causes is a brilliant way to hit two birds with one stone; my vain desire to improve the look of my car is satisfied, AND I get to support parks. I would also like to see support for cancer research in future, I think you would raise a lot of money.											
			27916	Other jurisdictions in the Pacific Northwest have license plate programs that support salmon enhancement											
			27926	I think I ICBC is getting too mixed up in vanity plates. The priority should be bringing back the decal. ICBC is losing money from those who choose not to renew their insurance and no police to follow up on the non-insured. ICBC needs to get back to the basics. Thanks!											
			27931	I would like to participate but I'm not a fan of the yearly cost.											
			27936	No											
			27996	Provincial pride is having a common license plate to show that we all are the same. Keep it simple.											
			28036	No gay/trans stuff.											
			28071	The plate has to look attractive											
			28076	It's a program that is going to cost more to administrate There are more important things of greater priority to be done and paid for with tax dollars.											
			28086	Provide support to what British Columbia is about and what we have to offer											
			28106	.											
			28116	I would support the one time fee of $40 for the BC Parks plate but NOT monthly.... BC car insurance is already over priced, especially if you have never had an accident and needed to use it.											
			28176	Great idea to raise fund for charitable causes!!											
			28181	options for utility trailers and motorcycles would be ideal to include											
			28206	it would be nice if there is a plate that supports a charity for BC childrens hospital.											
			28231	Maybe if you reduced costs to buyer a bit you'd sell a lot more and possibly make more money? Just a thought.											
			28261	IF at all possible because you can have dashes in custom plates, we should have custom 7 letter/number plates											
			28271	I would be willing to a one time fee, but not extra yearly renewal fees											
			28281	People should donate direct not through buying a licence											
			28301	Strongly disagree with charity plates. Opens the door to questionable practices of how those charities would be chosen. Stick to something that benefits all in the province like the Park plates did/do.											
			28316	CANUCKS FOR KIDS FUND, PLATE! Get a canucks logo and support a charity. No Brainer only real option. Dont bother with anything else.											
			28321	More bc park designs and more designs commemorating other big events											
			28326	I support the program as long as the digits are fairly easy to read.											
			28341	Vancouver Canucks Plate ftw											
			28356	s. 22 there were boatloads of charity plates. s. 22 My one concern was that several of the plates made it hard to read the state (Montana) and the tag number. So designs, in my mind, must be easy for law enforcement/plate scanners to read.											

			28371	Heritage is terribly under-funded in this province. A dedicated funding stream from people looking for ways to support this industry is a wonderful way for the province to show support, while inviting engagement from residents.											
			28421	I wish I could have the choice between Kermode Bear and instead have a Panda											
			28426	We suggest they introduce year of manufacture plates for collector cars.											
			28431	it all depends on the design and how the plate looks.											
			28441	I am in favor of the concept but it will provide visual confirmation to thieves of people who are now affluent in our communities and will further emphasize the financial disparities between community members.											
			28466	Backcountry Hunters and Anglers please.											
			28486	It’s a great idea but feel it should go to support our parks											
			28491	This opens further funding into extremest groups hiding unde the non-profit "do-good". It could potentially flag supporters to vigilantly activity based on what is used on the plates. I firmly believe that the plates should be kept exclusive to those things that keep "Beautiful BC" in the limelight - our beautiful parks and resources.											
			28506	I think some of the vanity plates can be a distraction to other drivers. I think the person making a donation to a charity should get a tax receipt. Would this qualify??											
			28551	No											
			28576	I do not agree that anything should be on a vehicle license plate other than what is necessary to identify it. Any other information is clutter and detracts from the essential information.											
			28581	I'd like to see the Collector plate program to allow the use of Year of Manufacture Plates. IE 1967 plates on a 1967 vehicle.											
			28611	no											
			28646	Support should go to charities that receive no other support.											
			28661	We need more affordable housing. B.C .parks are putting cabins in our parks for people that can afford a vacation away for their homes but does not build enough cover for our average 18 to 30 year old minimum wage earners that need housing.											
			28676	Great idea to raise funds for charities while making your vehicle unique looking. s. 22 would gladly support a BC Ferry initiative via a plate design.											
			28686	The costs for these plates is obviously higher. Are the premiums paid for them going to cover those costs and the net remaining given to charities? Will new custom designs be readable by the police forces' new plate readers? Will there be limited number of designs? Why not manufacture license plates to last. My current plate is starting to peel and lose all it's paint. I have seen a number of plates exhibiting this same defect. Not a good reflection on the province.											
			28691	Display as 3 or 4 letters with 3 or 4 numerals (ie. 1234ABC, ABCD123) for ease of remembering.											
			28696	Professional firefighters plates like they have in other provinces and In The USA											
			28701	Some provinces have "Support our Troops" plates. BC is not one but we have an extensive CAF community. s. 22 I would like to see BC show their support with a Support Our Troops plate with proceeds supporting the Legion, Honour House/Honour Ranch or Wounded Warriors.											

			28706	Plates should be standardized and void of phrases, advertisements, and different designs. Ideally they would be the size of European plates for readability.											
			28721	Spend the money on something currently worthwhile in these very very difficult times. Stop just 'pushing paper' so you can appear to be productive at your 'job' You people are fooling NONE of us. : P Do Better.											
			28761	I don't believe charities should be involved in the business of licence plates. There are plenty of options for donating to charities and displaying support. In my opinion, it is best that customize plate revenue should be kept within the provincial organizations and not towards private organizations. Even large reputable non-profits run in to scandals and questionable spending, see the Red Cross as an example. Additionally, if the province were to launch this program, how would the province select the non-profit to avoid favoritism and controversy? Overall, if the province is seeking to expand on the customized licence plate, it should not go towards private entities. Expanding the custom plates program to other provincial goals would be much palatable.										
			28786	I'd like to see a fishing related charity added to the specialty plate program such as gofishbc (https://www.gofishbc.com/)											
			28801	Would like to see a "Veterans Supporter" plate. Proceeds to go to local Military Family Resource Center or Royal Canadian Legion as applicable. They have them in Alberta.											
			28836	it may cause vandelisem and hate.											
			28841	I would like a Smokey the Bear specialty license plate, similar to the one Oregon has.											
			28846	Make each specialty plate for a specific organization unique and not of a “cookie cutter” design											
			28861	Make sure any new plates are very distinctive. My opinion is that the parks plate is nothing special.											
			28876	There are no options for Motorcycle Riders. As a person who is allergic to being in control of four wheels at once, I would like to see something special for my two wheeled motor vehicle.											
			28926	The government has dropped the ball on many issues. Al least if I can support a charity that can do something I feel like something is getting accomplished. The government doesn’t seem to want to do anything that matters.											
			28936	Don't do too many different options. It's very confusing seeing so many types of plates. Stick to two maybe three charities max. And NOT professional sports teams.											
			28986	Why aren’t all BC license plates identical? Please get rid of parks plates.											
			29006	Many of the existing specialty plate designs make it difficult to read the licence plate numbers, to the point one is unable to report a number to law enforcement. Fix this and you'd have my support.											
			29021	Vanity plates increase to 7 letters											
			29036	I think one with an ocean theme would be beautiful. Perhaps funding for orca conservation and research											

			29046	Make a single tranferable plate for multi collector car owners so we can enjoy driving all our cars as we would only be allowed to drive one at a time.												
			29096	An annual fee of $40.00 is about double what I would be willing to pay for a personalized plate and then only if it supported fishing or hunting programs												
			29101	I would get one if it was free												
			29106	My license plate is cheaper and I don’t know if I want the added cost of special plates.												
			29131	Would depend on design.												
			29156	Licence plates in BC are increasingly difficult to read with mottled backgrounds and the mixing of letters and numbers. Let's go back to simple, easy to read and remember plates. You have to be very close to make out some of the new plates and then try to remember sequences that run counter to how the human brain groups symbols. I wonder how much error or even lack of reporting this issue leads to for those who wish to let police know about dangerous driving. Beyond that, perhaps people could use bumper stickers or other ways of promoting their charities. This seems like an unnecessary role for ICBC.												
			29206	I Like the idea but start with a lower cost on a volunteer tier system.												
			29231	no												
			29236	I value our wildlife and think it’s deplorable to have a wolf cull in British Columbia												
			29241	Police, Fire and Paramedic plates are needed												
			29266	I would like a licence plate for the Freshwater Fisheries Society of BC												
			29281	People in wheelchairs that drive their own cars/modified vans find it more and more difficult to park in accessible parking spaces. Many other jurisdictions including Canadian provinces and US states have a wheelchair license plate for those who are dependent on a wheelchair for mobility. A plate similar to the veterans' plate and designated spaces for wheelchair users only with strict enforcement would greatly improve the quality of life, safety and independence for people that use wheelchairs. Proper accessible Parking is the major complaint of people that use wheelchairs. With a designated plate, designated spaces and strict enforcement from authorities, people that use wheelchairs can truly be inclusive and part of their community.												
			29311	Not an appropriate use of licence plates												
			29316	I would like to use year appropriate plates for vintage vehicles. As they do in many U.S. states.												
			29336	Fee should be tax deductible												
			29341	Design matters: do not create a dark plate with dark symbols on it (ie: BC Parks plate). No one can read it at dusk and it resembles the colour of algae on your vehicle.												
			29361	The parks plates are great but it would be nice to have more options.												
			29391	It would be great if there was an option to support organizations like the BC Games Society, Kids Sport, Outdoor Recreation Council.												
			29396	s. 22												
			29406	reuse old vintage plates												
			29416	I WANT A PLATE THAT ADVERTISES IT NEEDS AN ACCESSIBLE PARKING SPOT.												

			29431	I've said it already. These have to be considered for identifying persons that need these plates to control the outright abuse of accessible parking and more important, van accessible spots.														
			29446	It would be nice to have the PNP program tie into supportive specialty plate programs. Ex: by selecting a "background image" to designate who/what you are supporting.														
			29461	Seattle's specialty plates program shames us														
			29471	Add only a few new choices to the existing Park choices.														
			29476	Money is tight, will not spend extra to get a unique plate and will not spend money yearly to keep. Insurance of all kinds are too expensive with the current cost of living														
			29486	pick better images than you currently offer														
			29491	May cause more theft of plates, easier to fake plates, more difficult to read from a distance and in different lighting														
			29531	Scouts canada														
			29591	Only to help such things as BC Parks, outdoor enhancements. Not for any social justice or type of programs.														
			29611	I would love a Canucks or BC Lions plate.														
			29641	Love to see Canucks or B.C. Lions plates														
			29666	No														
			29721	more choices maybe														
			29746	what about Wheelchair license plate to identify motorist in wheelchairs that need wheelchair accessible parking stalls														
			29796	A plate where you can select your own charity and not off a list.														
			29801	s. 22														
			29821	Don't add to the program. BC Parksis the ideal beneficiary.														
			29856	Have all or any new licence plates made in BC by people in BC creating jobs for locals.														
			29871	Please support more than 6 characters, like other provinces and U.S. states.														
			29896	As long as the support stays in the community where the plate is registered, I'm all for it.														
			29901	I have zero trust the NDP aren't going to take this money for them selves as they tax us to death.														
			29911	People in wheelchairs that drive their own cars/modified vans find it more and more difficult to park in accessible parking spaces. Many other jurisdictions including Canadian provinces and US states have a wheelchair license plate for those who are dependent on a wheelchair for mobility. A plate similar to the veterans' plate and designated spaces for wheelchair users only with strict enforcement would greatly improve the quality of life, safety and independence for people that use wheelchairs. Proper accessible Parking is the major complaint of people that use wheelchairs. With a designated plate, designated spaces and strict enforcement from authorities, people that use wheelchairs can truly be inclusive and part of their community.														
			29921	This is a waste of time and money. The Prov. Of B.C. should be properly funding BC Parks and any other govt org./ ministry appropriately and not using a program like this to essentially add another tax on to the residents of B.C.														

			29971	If you target the groups that we individuals are active in then it will be more successful, with all the outdoor enthusiasts in B. C., like broader groups Nature Groups, Wildlife, Sustainability, etc. rather than community specific based for health organizations etc. this is more in line with the direction we would like to see, we got some great outdoor photos and colors for that type of specialty plate.													
			29996	Great idea, it will just be a challenge to decide which organizations are eligible. There will be stiff competition for this, seeing how successful the B.C. Parks plates have been and the injection of cash it has provided to the operations.													
			30026	The renewal fee deters a lot of people from getting these plates. If they were a one-time $50, or even $100, more people would be inclined to get them. I would love to see shaped license plates as well, similar to ones provided in the Northwest Territories (polar bear shaped)													
			30031	s. 22 s. 22 a plate that shows support to this community would help promote it.																	
			30056	Cost of the program meed to be determined.																	
			30111	Give speciality plates to good Samaritan I.																	
			30121	s. 22 I would like to be able to use a set of period correct licence plates on the car																	
			30156	No																	
			30176	The standard design should be updated too! It's been the same for too long now, we could really use a refresh. Maybe something that incorporates more indigenous elements as a form of reconciliation.																	
			30281	I'm concerned about how the choice of charity would be made fairly. It seems this idea could benefit the big charities that already get the lions share of fundraising (BC children's hospital, BC Cancer agency etc.)																	
			30316	I'd like to get a special plate but with the same number. The primary reason I don't have a specialty license plate is because I'd have to change my number, something I'd rather not do																	
			30331	No																	
			30346	It should be cheaper. It should be $30 initially and $20/yr annually to support. More people would help if it was affordable. It makes it feel like only a higher class of people can buy these plates and it's not open to all British Columbians and I don't like that.																	
			30351	I think it's a win win scenario																	
			30421	To be able get custom numbers/letters to specialty plates.																	
			30426	Some Vehicle plates are covered with dark plastic shields that hid the identity of the vehicle. Each vehicle should have a larger permanent identified lettering and number registration for the vehicle like the UK that goes with e vehicle permanently so identifying a hit and run is easier and quicker. Too easy for criminal activity to hide behind false license plates.																	
			30431	Ontario has plates for their geocaching association. BC should too.																	
			30456	Support for charities should not be associated with a public service such as mandatory license plates. This concept has the potential to become extremely controversial.																	
			30476	Specialty plates already take additional time, I don't think many people will be prepared to wait. Care needs to be taken to ensure specialty plate offerings are limited so as to not allow fake plates to go unnoticed due to overwhelming variety.																	

			30481	Yes, pick a group/program that doesn't already receive grants, funds from tax dollars etc. Unincorporated firehalls are struggling.												
			30486	To help where I can. Standard BC plates are plain and boring.												
			30496	It's awesome program that makes your car look nice while supporting a charity I just wished there was more colourful and beautiful choice like the bear or peaks plate.												
			30521	I would like to own a licence plate in support of conservation efforts for the kokanee salmon												
			30546	I think it is a great way for people to support their community. s. 22 see this as a great way to contribute.												
			30551	Good idea												
			30556	The Outdoor Recreation Council of BC has a new foundation - the Outdoor Recreation Fund- which might be used to distribute funds to recreation and outdoor groups and associations.												
			30621	More choices is always a good thing.												
			30626	I believe RCMP members should be qualified for Veteran Plates												
			30666	Why have you only included non-profit organizations with charitable status?												
			30676	I think it is a good way to increase awareness for the Environment as an example.												
			30686	Make plates that are BC sports teams related or more BC nature related scenes.												
			30691	There has got to be a better way than going through ICNC to raise funds for BC Parks!												
			30756	To support trail organizations. i.e organizations that give us well maintained access to the great outdoors.												
			30761	I'd like the program to be transparent in the amount of funds collected and ultimately donated to the chosen organization												
			30796	Creates awareness for the non profits that need awarenessnto their causes. Strengthens community, shares knowledge												
			30811	I think this would be an incredible way for people to support causes and organizations near and dear to their hearts while also raising public awareness for the same.												
			30821	The charities can do there own fundraising we do not need to involve ICBC in this .												
			30826	My purchasing such a plate would depend on the charities that are being supported.												
			30836	I am not really interested but would be good for many people												
			30856	I suggest you consider supporting related causes through a smaller number of plate programs so as to not dilute funding across dozens of different plate programs and also changing these custom plates from unique and eye catching to common place.												
			30881	This has been a good way of providing dedicated funds to BC Parks, which has been woefully underfunded by successive governments for years. I am concerned that opening it up to any non-profit will just water down the available funds. Non-profits, especially the large ones that would be equipped to participate in such a program, already have many ways of raising funds. Including issuing charitable tax receipts.												

			30896	I support and strongly recommend a specialty licence plate to assist Indigenous Peoples and Culture. The province of Manitoba has recently made available to raise money for families of Missing and Murdered Indigenous Woman, girls and Two-Spirited individuals. The Manitoba MMIWG2S specialty plates are offered in two (2) different designs, one featuring a red dress and one featuring a red hand mark, search MMIWG2S Manitoba licence plate to see the two designs. ICBC should offer this Manitoba specialty plate to the residents of B.C. to support Indigenous peoples and MMIWG2S charities.										
			30906	Make sure the money is actually going to these organizations and not lining ICBC's pockets!!!											
			30921	We need to able to put our own charity on the plate.											
			30936	Proud to support BC Parks with the license plate program since its introduction in 2017!											
			30941	There are some charities that are controversial or don't support progressive rights. This provides another mechanism for hate groups to present their views in a very public and "official" way. Please consider how, if approved, the province would "choose" which non-profits it deems acceptable.											
			30986	It's the pretty license plates that made me most likely to purchase a BC parks plate, that the purchase is a donation to bc parks association was a bonus that made me even more likely to purchase. So, the plate must support an organization/amenity I support while also looking cool!											
			30991	Having Special Plates that funds go right to the organization of my choosing would be great											
			31076	They need to be designed better - the current BC Parks plates are not very inspiring											
			31091	More identifiable ("iconic"?) scenes on plates. The current ones are nondescript, and two represent locations which hardly anyone knows about, let along visits. e.g. scenes from Mount Robson, Assiniboine, Kokanee Glacier, Frosty (Manning), Joffre Lakes, Garibaldi would be much better representative of BC Parks than Purcells										
			31096	I'd like to be able to have a custom plate on a specialty plate. I was very disappointed when I found out I couldn't get a parks plate with bear that said "roar"											
			31131	Causes that offer benefits to BC residents and improve the quality of life in our communities should receive the greatest consideration, especially those that currently lack capacity and sustainable funding.											
			31136	I would like to see all-inclusive communities represented in the outdoors											
			31161	This proposed program is such a simple, effective mechanism to help promote and raise funds for causes that matter to British Columbians - ideally, these would represent core values that connect with the 'BC brand' and elements of the province that make our ecosystem and culture special.											
			31191	I would be wary of making more options, would dilute the support going to BC Parks. I would keep the program status quo.											
			31266	Bo											
			31276	I'm not a fan of any cancer charity plates. Simply for the reason that when 95 cents of the dollar goes to advertising, and their presidents and CEOs are paid what they are, I think things like pink ribbons and pink handled can openers at HomeSense, is getting to be more of a money making machine than anything.											
			31281	Year of vehicle plates. Example. 1955 plate on a 1955 vehicle.											
			31286	The background should depict the specialty one supports											

			31291	Would be nice to have a personalized plate with perhaps the ability to ad a community logo											
			31296	Protect primary forest											
			31351	be cool to have a mountain bike or snowboard plate											
			31356	I would love to have an opportunity to contribute to programs around the housing crisis in BC, animal welfare, and development of impactful programs for indigenous youth and children.											
			31381	The parks plates are beautiful and support a good cause. It would be nice to have more choices											
			31411	No											
			31431	The ICBC cost is significant already, I will not line up to pay more every year											
			31436	If we introduce too many it will reduce the amount of money available to each organization.											
			31446	s. 22 Stop asking me for money.											
			31456	I am concerned that this initiative will reduce the funding going to BC Parks, which has been underfunded for decades and needs all the support they can get.											
			31466	Seems like a solid way to support biodiversity and protections for old growth forests. We should force corporations to contribute billions toward this since they are abusing our forests and waterways while leaving bc taxpayers on the hook. Mt polley tailing pond spill? How about forests forests and flooding from forestry destroying the soil humus that retained water and turning our forests into monocrop pine plantations by spraying poison onto the non profitable saplings?											
			31471	I don’t feel comfortable giving icbc any money that is supposed to go towards BCParks. ICBC can’t be trusted											
			31486	One time fee No other costs associated with them Unless damaged											
			31491	Not really											
			31501	ICBC should not be a vessel to raise money for other organizations or provincial entities. You should only have different plates for different vehicle types (ie collector / vintage) - as well as consulate, etc											
			31511	s. 22											
			31546	No charge plate for drivers with a disability - wheelchair user. Also to get regulations around putting the ramp in the disabled parking space- often people park over them! Disabled parking bays need to be viewed through the driver being the wheelchair user - it is apparent planners assume wheelchair users dont drive!											
			31571	Ensure that these new plates are made with retro reflective material for safety and visibility in low light.											
			31581	It would need to be ensured that the funds are supporting the causes similar to the BC parks ones, and prevent the funds from being misused, and should work to support and further important government initiatives, such as working with first nations peoples, community organizations, healthcare initiatives, etc.											
			31606	More wheelchair accessible spaces											
			31611	For a seniors living on fixed income this would be an extra cost of living which is not necessary for their low level of income.											
			31621	ICBC needs to get with the times and come out with Sports plates for Canucks, BC Lions, Blue Jays and the CHL teams. I know there are licensing issues here, but most of the other provinces and US states have this already.											

			31641	I think it should focus on things the provincial gov't is involved in. Parks. Health care. Indigenous rights. Maybe that's it… I can't see the program paying for itself either…											
			31651	outside of stating that I support the idea											
			31656	The Parks Plate program works well because it is distinctive and the $ collected goes to Parks. (chronically underfunded programs) Introduction of a wide variety of plate programs and funds will dilute the effectiveness of the successful Parks plate program, in my view.											
			31731	A plate for wheelchair users.											
			31791	For those who are permanently disabled there should be an option to have either a placard, decal or both.											
			31806	Fantastic idea											
			31826	I would like to see a handicapped special licence plate available for parking purposes											
			31841	NONE											
			31886	'NAACC' standing for National Association of Automobile Clubs of Canada would be welcome in British Columbia as their are many members of Clubs who belong to the NAACC. Some of them are: (VCCC) Vintage Car Club of Canada and all 23 Chapters, (BCHRA) British Columbia Hot Rod Association, Totem Model A & T Ford Club, Ford Retractable Club, Lions Gate Model A Club, Early Ford V8 Club Region 120 & 109, Association of Independent Car Clubs (18 clubs in the interior of BC) This a brief list--there are many more clubs in BC who belong to the NAACC. The plate could read 'NAACC Member' OR stack the two identifiers. Thank you. www.naacc.ca											
			31926	Would like to see specific activity represented ie horseback riders											
			31966	Would buy a plate. Don't want it for my car											
			31976	Please move forward asap! Great idea.											
			32026	Thank you for asking the general public to be part of this by having this survey.											
			32081	Non profit community support organizations are chronically underfunded. Outdoor recreation provides opportunities to improve physical and mental health and create awareness of the value of recreation assets and conservation challenges.											
			32086	Would like to see enforcement in the parking no matter where, private lot or public, city sites for modified vehicles with ramps.											
			32121	no											
			32136	I would want the associated money to be 100% directed to the charity											
			32171	Make it affordable.											
			32181	Needs to be better presented at ICBC and insurance brokers. I was not aware of the program in its entirety.											
			32186	Disabled driver											
			32206	Would still like to see an option for funding to go to BC Parks. Would like to see trail organizations included in the profit sharing.											
			32246	I think people should have the right to make to make donations and show intrest in groups, organizations by way of a specially designed licence plate.											
			32296	If the new program is going to be modified to support a multitude of charities instead of only the outdoor recreation/environmental ones the program supports now, then I am concerned that dollars raised will be applied to so many charities that the financial support will become meaningless due to dollars being shared amongst so many, worthwhile as they might all be.											

			32311	Would be great to support hunting, 4x4ing, wildlife, nature. Would be most awesome to support the four wheel drive association of BC in their nonstop work to keep open access to BC backcountry!										
			32331	Would like to have plates the same year as my vehicle										
			32376	Most of the provinces in Canada offer a firefighter plate.										
			32386	Keep it simple and do not offer pro sports options. That's giving money to billionaires who pay millionaires to play games for money.										
			32396	I love having a specialty plate on my vehicle. The one problem I have is the ongoing cost to keep the plate. For example, Alberta has a specialty plate which you pay a little more for upfront but there are no annual fees ongoing. I would rather pay $100 up front and not have to pay any annual fees from that point on.										
			32401	I feel that an old plate that corresponds to the year of classic car should be registered to that car and therefore legal to drive on the street.										
			32416	The new plates are more difficult to read than the blue and white plates. Close up they are difficult enough to read, at a distance forget it. Everything just blends together. How can that be practical if there is a situation where a vehicle needs to be identified in a hurry.										
			32431	Had I known that this is an option, I would have a specialty plate on my vehicle. This is a great idea and should be advertised through all insurance outlets.										

Summary for QD1

Summary for QD3

Please indicate your gender.

Answer	Count	Percentage
Man (A2)	3432	61.72%
Non-binary (A3)	58	1.04%
Woman (A4)	1701	30.59%
Prefer not to answer (A5)	304	5.47%
No answer	66	1.19%

Summary for QD4

What is your age?		
Answer	Count	Percentage
Under 20 years (A2)	47	0.85%
20 - 29 years (A3)	770	13.85%
30 - 39 years (A4)	1344	24.17%
40 - 49 years (A5)	975	17.53%
50 - 59 years (A6)	900	16.18%
60 - 69 years (A7)	800	14.39%
70 years or over (A8)	476	8.56%
Prefer not to answer (A9)	209	3.76%
No answer	40	0.72%

Specialty Licence Plates Engagement

Engagement Weekly Trending Report: December 12, 2023 to December 19, 2023

1. Site statistics

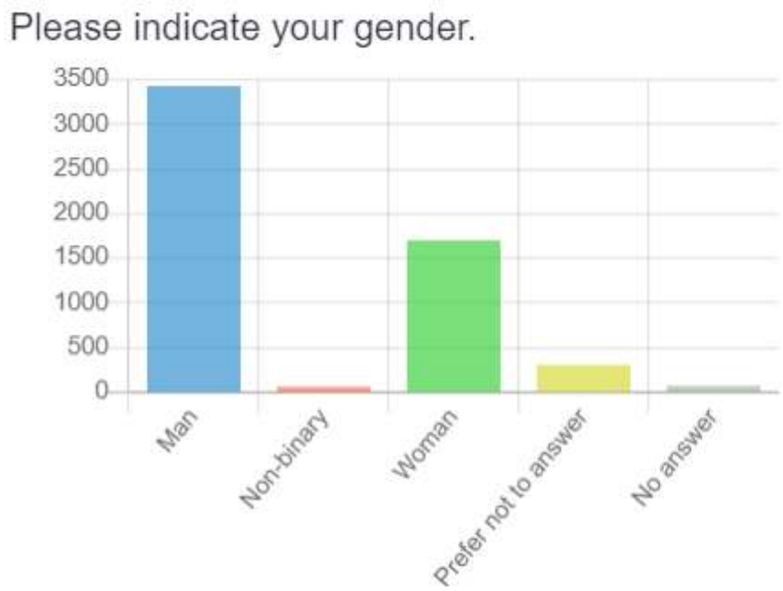

These statistics are based on visits to the home page of the engagement site. Site visits are not unique visitors, so may include repeat visitors.

	Dec 11, 2023	Dec 12 – dec 19, 2023	Totals
Site visits	554	2,422	2,966
Completed feedback forms	1,331	4,228	5,559

2. Sample News Articles
